**ACTION:** Notice of finding; interim permit; request for comments.

**SUMMARY:** NMFS hereby issues an interim permit to those fisheries that have negligible impacts on marine

mammal stocks listed as threatened or endangered under the Endangered Species Act (ESA). This action allows the incidental, but not intentional, taking of these marine mammals in commercial fishing operations. Vessel owners in the specified fisheries must be registered under section 118 of the MMPA to be eligible for the interim permit for taking.

**EFFECTIVE DATES:** Effective September 1, 1995. Comments on the issuance of the interim permits must be received by October 16, 1995.

**ADDRESSES:** Send comments on the interim permits to Chief, Marine Mammal Division, Office of Protected Resources, National Marine Fisheries Service, 1315 East-West Highway, Silver Spring, MD 20910. On June 16, 1995, NMFS published in the **Federal Register** proposed regulations to implement section 101(a)(5)(E) and section 118 of the MMPA in the **Federal Register**, and a proposed list of fisheries (LOF) that categorized all U.S. commercial fisheries into three groups based on the frequency of incidental mortality and serious injury of marine mammals (60 FR 31666). That notice also explained that separate permits would be required for fishers to incidentally take marine mammals from stocks listed as threatened or endangered under the ESA. On July 19, 1995, NMFS published a notice to correct errors in the proposed
