

management plan of 1988 will be amended, the first general management plan for Mojave National Preserve will be prepared, and management decisions for BLM wilderness areas will amend the California Desert Conservation Area Plan of 1980.

The principal issues proposed to be resolved through this planning effort include the following topics: Access to public lands; infrastructure necessary for managing these areas; habitat management, including the habitat of the threatened desert tortoise and other sensitive species; wilderness management; management of wild horses, burros, and alien/exotic plant and animal species; proposed expansion of Fort Irwin; visitor information facilities; recreational opportunities; mining activities and utility corridors.

The project will be conducted by an interagency, multidisciplinary planning team with offices in Barstow, California. Federal and state government agencies, as well as county and city officials, will be invited to consult with the team throughout the project process. Interested individuals and organizations will be able to participate during the planning process through a series of public meetings and review periods. The expected three year planning effort will commence immediately.

The public will be invited to workshops and open houses at three different stages of the project—scoping/ issues identification, development of alternatives, and review of the draft and final documents. The first set of workshops, intended to listen to and record public input on the planning issues, will be held in late September, 1995, in Las Vegas, Nevada and in Baker, Barstow, Furnace Creek, Independence, Lone Pine, Needles, Pasadena, Ridgecrest, and San Bernardino in California. The team will also welcome any written comments during this scoping phase.

SUPPLEMENTARY INFORMATION: Requests for a map of the Northern and Eastern Mojave planning area, as well as comments and inquires about this project, should be directed to: Mr. Dennis Schramm, Planning Team Leader, National Park Service, Mojave National Preserve, 222 East Main Street, Suite 202, Barstow, CA 92311 [(619)255-8840].

Dated: August 22, 1995.

Stephen G. Crabtree,

Acting Field Director, Pacific West Field Area.

BILLING CODE 4310-70-P

Bureau of Reclamation

[FES 95-30]

Josephine County Water Management Improvement, Fish Passage Improvements, Savage Rapids Dam, OR

AGENCY: Bureau of Reclamation, Interior.

ACTION: Notice of availability of planning report/final environmental statement.

SUMMARY: Pursuant to the National Environmental Policy Act of 1969, as amended, and the Reclamation Act of 1902, as amended, the Bureau of Reclamation has prepared a planning report/final environmental statement (PR/FES) on a proposed project to improve fish passage at Savage Rapids Dam located on the Rogue River in southwest Oregon near the city of Grants Pass. The report presents an evaluation of two alternatives for improving fish passage and reducing loss of salmon and steelhead.

ADDRESSES: Copies of the PR/FES may be requested from the following:

- Regional Director, Bureau of Reclamation, Attention: PN-6309, Pacific Northwest Region, 1150 North Curtis Road, Boise, ID 83706-1234. Telephone (208) 378-5087.
- Secretary/Manager, Grants Pass Irrigation District, 200 Fruitdale Drive, Grants Pass OR 97527-5268. Telephone (503) 476-2582.
- Area Manager, Bureau of Reclamation, Lower Columbia Area Office, 1503 NE 78th, Suite 15, Vancouver, WA 98664. Telephone (206) 576-8858.

Copies of the PR/FES are available for inspection and review at the following locations:

- Josephine County Public Library, Grants Pass, Oregon.
- Medford Public Library, Medford, Oregon.
- Rogue River Public Library, Rogue River, Oregon.

SUPPLEMENTARY INFORMATION: The federally preferred plan proposes replacement of existing pumping and diversion facilities with two electrically-powered pumping plants, removal of the dam and appurtenant structures, and forgiveness of the remaining debt to the Federal Government. No significant changes have been made to the preferred plan as presented in the Bureau of Reclamation's planning report/draft environmental statement (DES 94-51).

The PR/FES presents the preferred plan, an alternative plan that retains the

dam, and the no Federal action plan and describes the existing environment and environmental consequences of plan implementation. Comments received during the 90-day review of the PR/DES and Reclamation's responses are documented. It is Reclamation's intention to defer further action or recommendations until State of Oregon initiatives and recommendations regarding Savage Rapids Dam are completed. We anticipate that those questions will be resolved in mid-1996.

FOR FURTHER INFORMATION CONTACT: Bureau of Reclamation, Pacific Northwest Region, Attention: PN-6309, 1150 North Curtis Road, Boise, Idaho 83706-1234. Telephone (208) 378-5087.

Dated: August 18, 1995.

John W. Keys, III,

Regional Director, Pacific Northwest Region.
