

This conversion does not constitute an equivalent increase for within-grade increase purposes. In accordance with the OPM Operating Manual, *The Guide to Processing Personnel Actions*, this pay plan change will be processed as a "Pay Adjustment," Nature of Action Code 894, authority code ZLM, citing this **Federal Register** notice as authority. Pay retention provisions will apply for employees not receiving increases upon conversion.

The Federal Prevailing Rate Advisory Committee has reviewed this recommendation and by consensus has recommended approval.

Pursuant to 5 U.S.C. 553(b)(3)(B), I find that good cause exists for waiving the general notice of proposed rulemaking. Also, pursuant to section 553(d)(3) of title 5, United States Code, I find that good cause exists for making this rule effective in less than 30 days. The notice is being waived and the regulation is being made effective in less than 30 days because preparations for the September 1995 wage surveys in Los Angeles, San Diego, San Francisco, and Seattle-Everett-Tacoma must begin immediately.

Regulatory Flexibility Act

I certify that these regulations will not have a significant economic impact on a substantial number of small entities because they will affect only Federal agencies and employees.

Milk in the Eastern Colorado Marketing Area; Suspension of Certain Provisions of the Order

AGENCY: Agricultural Marketing Service, USDA.

ACTION: Suspension of rule.

SUMMARY: This document suspends certain performance standards of the Eastern Colorado Federal milk order. Mid-America Dairymen, Inc., a cooperative association that supplies milk for the market's fluid needs, requested the suspension. The suspension will make it easier for handlers to qualify milk for pool status and will prevent uneconomic milk movements that otherwise would be required to maintain pool status for milk of producers who have been historically associated with the market.

EFFECTIVE DATES: The suspension to § 1137.7 is effective from September 1, 1995, through February 29, 1996. The suspensions to § 1137.12 are effective from September 1, 1995, through August 31, 1996.

FOR FURTHER INFORMATION CONTACT: Clifford M. Carman, Marketing Specialist, USDA/AMS/Dairy Division, Order Formulation Branch, Room 2968, South Building, P.O. Box 96456, Washington, DC 20090-6456, (202) 720-9368.

SUPPLEMENTARY INFORMATION: Prior document in this proceeding:

Notice of Proposed Suspension: Issued July 24, 1995; published July 28, 1995 (60 FR 38767).

The Regulatory Flexibility Act (5 U.S.C. 601-612) requires the Agency to examine the impact of a proposed rule on small entities. Pursuant to 5 U.S.C. 605(b), the Administrator of the Agricultural Marketing Service has certified that this proposed rule will not have a significant economic impact on a substantial number of small entities. This rule lessens the regulatory impact of the order on certain milk handlers and tends to ensure that dairy farmers who have been historically associated with this market will continue to have their milk priced under the order and thereby receive the benefits that accrue from such pricing.

The Department is issuing this rule in conformance with Executive Order 12866.

This suspension of rule has been reviewed under Executive Order 12778,

Civil Justice Reform. This rule is not intended to have a retroactive effect and will not preempt any state or local laws, regulations, or policies, unless they present an irreconcilable conflict with this rule.

The Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601-674), provides that administrative proceedings must be exhausted before parties may file suit in court. Under section 608c(15)(A) of the Act, any handler subject to an order may file with the Secretary a petition stating that the order, any provision of the order, or any obligation imposed in connection with the order is not in accordance with the law and requesting a modification of an order or to be exempted from the order. A handler is afforded the opportunity for a hearing on the petition. After a hearing, the Secretary would rule on the petition. The Act provides that the district court of the United States in any district in which the handler is an inhabitant, or has its principal place of business, has jurisdiction in equity to review the Secretary's ruling on the petition, provided a bill in equity is filed not later than 20 days after date of the entry of the ruling.

This order of suspension is issued pursuant to the provisions of the Agricultural Marketing Agreement Act, as amended, and of the order regulating the handling of milk in the Eastern Colorado marketing area.

Notice of proposed rulemaking was published in the **Federal Register** on July 28, 1995 (60 FR 38767), concerning a proposed suspension of certain provisions of the order. Interested persons were afforded opportunity to file written data, views and arguments thereon. One comment supporting the suspension was filed and no opposing views were received.

After consideration of all relevant material, including the proposal in the notice, the comment received and other available information, it is hereby found and determined that the following provisions of the order do not tend to effectuate the declared policy of the Act:

1. For the months of September 1, 1995, through February 29, 1996: In the second sentence of § 1137.7(b), the words "plant which has qualified as a" and "of March through August"; and

2. For the months of September 1, 1995, through August 31, 1996: In the first sentence of § 1137.12(a)(1), the words "from whom at least three deliveries of milk are received during the month at a distributing pool plant"; and in the second sentence, the words "30 percent in the months of March, April, May, June, July, and December

and 20 percent in other months of”, and the word “distributing”.

Statement of Consideration

This rule suspends certain portions of the pool plant and producer definitions of the Eastern Colorado order. The suspension will make it easier for handlers to qualify milk for pooling under the order.

The suspension was requested by Mid-America Dairymen, Inc. (Mid-Am), a cooperative association that has pooled milk of dairy farmers on the Eastern Colorado order for several years. Mid-Am requested the suspension to prevent the uneconomic and inefficient movement of milk for the sole purpose of pooling the milk of producers who have been historically associated with the Eastern Colorado order.

For the months of September 1995 through February 1996, the restriction on the months when automatic pool plant status applies for supply plants will be removed. For the months of September 1995 through August 1996, the touch-base requirement will not apply and the diversion allowance for cooperatives will be raised.

These provisions have been suspended for several years to maintain the pool status of producers who have historically supplied the fluid needs of Eastern Colorado distributing plants. The marketing conditions which justified the prior suspensions continue to exist.

Mid-Am asserts that they have made a commitment to supply the fluid milk requirements of distributing plants if the suspension request is granted. Without the suspension action, to qualify certain of its milk for pooling, it would be necessary for the cooperative to ship milk from distant farms to Denver-area bottling plants. The distant milk would displace milk produced on nearby farms that would then have to be shipped from the Denver area to manufacturing plants located in outlying areas.

There are ample supplies of locally produced milk that can be delivered directly from farms to distributing plants to meet the market's fluid needs without requiring shipments from supply plants.

This suspension is found to be necessary for the purpose of assuring that producers' milk will not have to be moved in an uneconomic and inefficient manner to ensure that producers whose milk has long been associated with the Eastern Colorado marketing area will continue to benefit from pooling and pricing under the order.

It is hereby found and determined that thirty days' notice of the effective date hereof is impractical, unnecessary

and contrary to the public interest in that:

(a) The suspension is necessary to reflect current marketing conditions and to assure orderly marketing conditions in the marketing area, in that such rule is necessary to permit the continued pooling of the milk of dairy farmers who have historically supplied the market without the need for making costly and inefficient movements of milk;

(b) This suspension does not require of persons affected substantial or extensive preparation prior to the effective date; and

(c) Notice of proposed rulemaking was given interested parties and they were afforded opportunity to file written data, views or arguments concerning this suspension. One comment supporting and no comments opposing the suspension were received.

Therefore, good cause exists for making this order effective less than 30 days from the date of publication in the **Federal Register**.

Community Facility Loans and Grants—Timber-Dependent Communities

AGENCIES: Rural Housing and Community Development Service, Rural Business and Cooperative Development Service, Rural Utilities Service, and Consolidated Farm Service Agency, USDA.

ACTION: Final rule.

SUMMARY: The regulations that are utilized by the Rural Utilities Service (RUS) and the Rural Housing and Community Development Service (RHCD) in administering Community Facility Loans and Grants are being amended. This action is necessary to implement provisions of Public Law 103–427, provides for a temporary increase in the maximum population for eligibility for certain loans and grants as contained in the Consolidated Farm and Rural Development Act (7 U.S.C. 1921 et seq.) (CONACT) for certain timber-dependent communities in the Pacific Northwest. The temporary expanded eligibility applies to the following programs; (1) Water and Waste Disposal (WWD) loans and grants, (2) Community Facilities Loans (CF), and (3) Local Technical Assistance and Planning Grants.

DATES: This final rule is effective on September 6, 1995.
