EPA may impose restrictions on test marketing activities and may modify or revoke a test marketing exemption upon receipt of new information which casts significant doubt on its finding that the test marketing activity will not present an unreasonable risk of injury.

EPA hereby approves TME-95-10. EPA has determined that test marketing of the new chemical substance described below, under the conditions set out in the TME application, and

Advance notice of receipt of the application was not published. Therefore, an opportunity to submit comments is being offered at this time.
