(b) *Amount of subsistence allowance.*

(1) * * *

(i) If a person is pursuing a course of instruction on a full-time basis, his or her subsistence allowance is:

(A) \$520 per month for training pursued during the 1991–92 academic year;

(B) \$562 per month for training pursued during the 1992–93 academic year;

(C) \$601 per month for training pursued during the 1993–94 academic year; and

(D) \$649 per month for training pursued during the 1994–95 academic year.

(ii) If a person is pursuing a course of instruction on other than a full-time basis, his or her subsistence allowance is:

(A) \$260 per month for training pursued during the 1991–92 academic year;

(B) \$281 per month for training pursued during the 1992–93 academic year;

(C) \$300.50 per month for training pursued during the 1993–94 academic year; and

(D) \$324.50 per month for training pursued during the 1994–95 academic year.

(2) * * *

(i) VA shall determine the monthly rate of subsistence allowance payable to a person for a day during which he or she is pursuing a course of instruction full-time as follows:

(A) For the 1991–92 academic year VA will divide \$520 per month by the number of the deceased veteran's dependents pursuing a course of instruction on that day;

(B) For the 1992–93 academic year VA will divide \$562 per month by the number of the deceased veteran's dependents pursuing a course of instruction on that day;

(C) For the 1993–94 academic year VA will divide \$601 per month by the number of the deceased veteran's dependents pursuing a course of instruction on that day; and

(D) For the 1994–95 academic year VA will divide \$649 per month by the

number of the deceased veteran's dependents pursuing a course of instruction on that day.

(ii) VA shall determine the monthly rate of subsistence allowance payable to a person for a day during which he or she is pursuing a course of instruction on other than full-time basis as follows:

(A) For the 1991–92 academic year VA will divide \$281 per month by the number of the deceased veteran's dependents pursuing a course of instruction on that day;

(B) For the 1992–93 academic year VA will divide \$281 per month by the number of the deceased veteran's dependents pursuing a course of instruction on that day;

(C) For the 1993–94 academic year VA will divide \$300.50 per month by the number of the deceased veteran's dependents pursuing a course of instruction on that day; and

(D) For the 1994–95 academic year VA will divide \$324.50 per month by the number of the deceased veteran's dependents pursuing a course of instruction on that day.

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 52

[CA 95–8–7057; FRL–5279–9]

Approval and Promulgation of Implementation Plans; California State Implementation Plan Revision, Placer County Air Pollution Control District, San Diego County Air Pollution Control District, San Joaquin Valley Unified Air Pollution Control District, and Ventura County Air Pollution Control District

AGENCY: Environmental Protection Agency (EPA).

ACTION: Final rule.

SUMMARY: EPA is finalizing the approval of revisions to the California State Implementation Plan (SIP) proposed in the **Federal Register** on December 2, 1993 and February 2, 1995. The revisions concern rules from the following: Placer County Air Pollution Control District (PCAPCD), San Diego County Air Pollution Control District (SDCAPCD), San Joaquin Valley Unified Air Pollution Control District (SJVUAPCD), and Ventura County Air Pollution Control District (VCAPCD). This approval action will incorporate these rules into the federally approved SIP. The intended effect of approving

these rules is to regulate emissions of volatile organic compounds (VOCs) in accordance with the requirements of the Clean Air Act, as amended in 1990 (CAA or the Act). This final action serves as a final determination that the deficiencies in the rules that started sanctions clocks have been corrected and that any sanctions or Federal Implementation Plan (FIP) obligations triggered by those deficiencies have been permanently stopped. The rules control VOC emissions from marine vessel coating; graphic arts operations; paper, fabric and film coating; and storage of organic liquids. Thus, EPA is finalizing the approval of these rules into the California SIP under provisions of the CAA regarding EPA action on SIP submittals, SIPs for national primary and secondary ambient air quality standards and plan requirements for nonattainment areas.

EFFECTIVE DATE: This action is effective on October 10, 1995.

ADDRESSES: Copies of the rules and EPA's evaluation report for each rule are available for public inspection at EPA's Region IX office during normal business hours. Copies of the submitted rules are available for inspection at the following locations:

SUPPLEMENTARY INFORMATION:

Background

On December 2, 1993 EPA proposed approval of VCAPCD Rule 74.3, "Paper, Fabric, and Film Coating Operations," 58 FR 63545. On February 2, 1995, 60 FR 6467, EPA proposed approval of the

following rules into the California SIP: Rule 4607, "Graphic Arts," as adopted by SJVUAPCD on May 19, 1994; Rule 212, "Storage of Organic Liquids," as adopted by PCAPCD on November 3, 1994; and Rules 67.16 ("Graphic Arts Operations") and 67.18 ("Marine Coating Operations"), as adopted by SDCAPCD on September 20, 1994, and December 13, 1994, respectively. These rules were submitted by the California Air Resources Board to EPA on: June 19, 1992 (VCAPCD Rule 74.3); July 13, 1994 (SJVUAPCD Rule 4607); October 19, 1994 (SDCAPCD Rule 67.16); December 19, 1994 (PCAPCD Rule 212); and December 22, 1994 (SDCAPCD Rule 67.18). These rules were submitted in response to EPA's 1988 SIP-Call and the CAA section 182(a)(2)(A) requirement that nonattainment areas fix their reasonably available control technology (RACT) rules for ozone in accordance with EPA guidance that interpreted the requirements of the pre-amendment Act. A detailed discussion of the background for each of the above rules and nonattainment areas is provided in the Notice of Proposed Rulemaking (NPRM) cited above.

EPA has evaluated all of the above rules for consistency with the requirements of the CAA, and EPA's regulations and interpretation of these requirements as expressed in the various EPA policy guidance documents referenced in the NPRM cited above. EPA has found that the rules meet the applicable EPA requirements. A detailed discussion of the rule provisions and evaluations has been provided in 58 FR 63545 and 60 FR 6467 and in technical support documents (TSDs) available at EPA's Region IX office. These TSDs are dated: September 23, 1993 (VCAPCD 74.3), December 28, 1994 (PCAPCD Rule 212), and January 20, 1995 (SDCAPCD Rules 67.16 and 67.18, and SJVUAPCD Rule 4607).

Response to Public Comments

A 30-day public comment period was provided in 58 FR 63545 and 60 FR 6467. EPA did not receive comments on any of the rules.

EPA Action

EPA is finalizing action to approve the above rules for inclusion into the California SIP. EPA is approving the submittal under section 110(k)(3) as meeting the requirements of section 110(a) and Part D of the CAA. This approval action will incorporate these rules into the federally approved SIP. The intended effect of approving these rules is to regulate emissions of VOCs in

accordance with the requirements of the CAA.

In 60 FR 6401, EPA published an Interim Final Rule that served to temporarily defer the imposition of sanctions associated with SJVUAPCD Rule 4607, PCAPCD Rule 212, and SDCAPCD Rules 67.16 and 67.18. As discussed in the Interim Final Rule, two sanctions clocks were started for each of these rules as a result of EPA's limited disapproval of a previous version of the rules. This Final Rule serves to permanently remove both sanctions clocks associated with the above rules. VCAPCD Rule 74.3 does not have any sanctions associated with it.

Nothing in this action should be construed as permitting or allowing or establishing a precedent for any future request for revision to any state implementation plan. Each request for revision to the state implementation plan shall be considered separately in light of specific technical, economic, and environmental factors and in relation to relevant statutory and regulatory requirements.

Unfunded Mandates

Under Sections 202, 203, and 205 of the Unfunded Mandates Reform Act of 1995 ("Unfunded Mandates Act"), signed into law on March 22, 1995, EPA must undertake various actions in association with proposed or final rules that include a Federal mandate that may result in estimated costs of \$100 million or more to the private sector or to State, local, or tribal governments in the aggregate.

Through submission of this state implementation plan or plan revision, the State and any affected local or tribal governments have elected to adopt the program provided for under Part D of the Clean Air Act. These rules may bind State, local, and tribal governments to perform certain actions and also require the private sector to perform certain duties. The rules being approved by this action will impose no new requirements because affected sources are already subject to these regulations under State law. Therefore, no additional costs to State, local, or tribal governments or to the private sector result from this action. EPA has also determined that this final action does not include a mandate that may result in estimated costs of \$100 million or more to State, local, or tribal governments in the aggregate or to the private sector.

Regulatory Process

The OMB has exempted this action from review under Executive Order 12866.
