[Docket No. RP95-427-000]

El Paso Natural Gas Company; Notice of Tariff Filing

September 5, 1995.

Take notice that on August 31, 1995, pursuant to Part 154 of the Commission's Regulations Under the Natural Gas Act, El Paso Natural Gas Company (El Paso) tendered for filing a notice of the following:

(i) A revision to El Paso's Take-or-Pay Buyout and Buydown Monthly Direct Charge and Throughput Surcharge: (a) To reflect the addition of principal dollars to be amortized based upon recent take-or-pay buyout and buydown costs and (b) for interest pursuant to Sections 22 and 21, Take-or-Pay Buyout and Buydown Cost Recovery of its Second Revised Volume No. 1-A and Third Revised Volume No. 1, FERC Gas Tariffs, respectively; and

(ii) That the Annual Charge Adjustment (ACA) in accordance with Section 21, Annual Charge Adjustment Provision, of said Volume No. 1-A Tariff does not require a change.

El Paso states that the additional principal dollars to be amortized are El Paso's last remaining take-or-pay case eligible for recovery under its Take-or-Pay Buyout and Buydown Cost Recovery mechanism.

El Paso states that it proposed to amortize the direct bill portion of the additional costs over a period of one month because the aggregate dollar amounts are small and it would be administratively burdensome for the majority of El Paso's customers to have to account and pay for the de minimis direct bill amounts over a more extended period. With respect to the Throughput Surcharge, El Paso states that it proposed to amortize the additional take-or-pay costs over a period extending through March 31, 1996, which is the end of the amortization period for its Take-or-Pay Cost Recovery mechanism. El Paso states that as a result of this filing, the Throughput Surcharge has decreased \$.0008 per dth, from \$0.0348 to \$0.0340 per dth. El Paso further states that its ACA surcharge of \$0.0023 per dth to be collected for the fiscal year beginning October 1, 1995 reflects no change.

Pursuant to Section 21.6 of El Paso's Volume No. 1 Tariff, El Paso is required to file with the Commission certain information supporting the buyout and/

or buydown amounts paid. Accordingly, El Paso states that it is submitting concurrently herewith, but under separate cover letter, the schedules reflecting such information for which El Paso has requested confidential treatment.

El Paso requested that the Commission accept the tendered tariff sheets for filing and permit them to become effective on October 1, 1995.

El Paso states that copies of the filing were served upon all of El Paso's affected interstate pipeline system customers and interested state regulatory commissions.

Any person desiring to be heard or to protest said filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 825 North Capitol Street NE., Washington, DC 20426, in accordance with Sections 385.214 and 385.211 of the Commission's Rules and Regulations. All such motions or protests should be filed on or before September 11, 1995. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room.
