SUPPLEMENTARY INFORMATION:

Regulatory Background

On May 9, 1995 (60 FR 24599), the Coast Guard published a Notice of Proposed Rulemaking (NPRM), (CGD11-95-003), which proposed amending the regulation for the draws of the Alameda County vehicular bridges crossing the Oakland Inner Harbor Tidal Canal at the following locations: Park Street, mile 7.3; Fruitvale Avenue, mile 7.7; High Street, mile 8.1; and the U.S. Army Corps of Engineers railroad bridge, mile 7.7 at Fruitvale Avenue. Under the existing regulation, the draws are attended 24 hours per day, and open upon signal except during designated morning and afternoon commute periods. The proposed amendment requires attended service 16 hours per day with a four hour advance notice requirement for bridge openings during nighttime hours when an operator is not in constant attendance. The proposed amendment preserves the existing commute hour closures. This proposed amendment will allow the bridge owner to reduce operating expenses and should still provide for the reasonable needs of navigation. In addition, the identifying waterway mileage designating the location of, and the call sign for, each bridge would be revised to conform with the currently utilized standard of measurement.

Discussion of Proposed Action

The Coast Guard received 18 letters in response to the NPRM, six of which requested a public hearing. The Coast Guard has decided to reopen the

comment period and to hold a public hearing in order to provide all interested parties with additional opportunity to present relevant comments.

The hearing will be informal. Representatives of the Coast Guard will preside, make brief opening statements and announce the procedures to be followed at the hearing. Each person who wishes to make an oral statement should contact Mr. Jerry Olmes at (510) 437-3514 before the hearing date. Such notification should include the approximate time needed to make the presentation. Comments previously submitted on this rulemaking are a matter of record and need not be resubmitted at the hearing. Speakers are encouraged to provide written copies of their oral statement to the hearing officers at the hearing.

Interested persons who are unable to attend the hearing may also participate in the consideration of the proposed amendment by submitting their written comments to the Commander (oan-br), Eleventh Coast Guard District at the address under **ADDRESSES**.

All written comments must be received no later than October 31, 1995. Each written comment should identify the proposed amendment and clearly state the reason for any objections, comments or proposed changes, and include the name and address of the person or organization submitting the comment. Copies of all written communications will be available for review by interested persons after the hearing at the office of the Commander (oan-br), Eleventh Coast Guard District, between 7:30 a.m. and 3:30 p.m., Monday through Friday, except holidays. All comments received, whether in writing or presented orally at the public hearing, will be fully considered before final agency action is taken on the proposed amendment. The proposed amendment may be changed in light of comments received.

The hearing will be recorded and a written summary will be available for public review after October 16, 1995. All comments will be made a part of the rulemaking docket.

Dated: August 30, 1995.

D.D. Polk,

Captain, U.S. Coast Guard, Commander, Eleventh Coast Guard District, Acting.
