#### Approval and Promulgation of State Implementation Plans: Alaska and Washington

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Proposed rule.

**SUMMARY:** The EPA proposes to approve the 1 year attainment date extension for three nonattainment areas: Mendenhall Valley, Alaska; Spokane, Washington; and Wallula, Washington, for particulate matter with an aerodynamic diameter of less than or equal to ten micrometers (PM-10). In the Final Rules Section of this **Federal Register**, the EPA is approving the States' extensions as a direct final rule without prior proposal because the Agency views this as a noncontroversial revision and anticipates no adverse comments. A detailed rationale for the approval is set forth in the direct final rule. If no adverse comments are received in response to this proposed rule, no further activity is contemplated in relation to this rule. If the EPA receives adverse comments, the direct final rule will be withdrawn and all public comments received will be addressed in a subsequent final rule based on this proposed rule. The EPA will not institute a second comment period on this document.

**DATES:** Comments on this proposed rule must be received in writing by October 12, 1995.

**ADDRESSES:** Written comments should be addressed to Montel Livingston, Environmental Protection Specialist (AT-082), Air Programs Section, at the EPA Regional Office listed below. Copies of the documents relevant to this proposed rule are available for public inspection during normal business hours at the following locations. The interested persons wanting to examine these documents should make an appointment with the appropriate office at least 24 hours before the visiting day.

U.S. Environmental Protection Agency, Region 10, Air Programs Section, 1200 6th Avenue, Seattle, WA 98101.

Alaska Department of Environmental Conservation, 410 Willoughy, Suite 105, Juneau, Alaska 99801-1795; and the Washington State Department of Ecology, P.O. Box 47600, PV-11, Olympia, Washington 98504-7600.

**FOR FURTHER INFORMATION CONTACT:** Christi Lee, Air Programs Branch (AT-082), EPA, 1200 6th Avenue, Seattle, WA 98101, (206) 553-1814; or George Lauderdale, Environmental Protection Specialist, Air Programs Branch (AT-082), EPA, 1200 6th Avenue, Seattle, WA 98101, (206) 553-6511.

**SUPPLEMENTARY INFORMATION:** See the information provided in the Direct Final action which is located in the Rules Section of this **Federal Register**.

Dated: August 8, 1995.

#### Approval and Promulgation of Air Quality Implementation Plans; Maine; Title V, Section 507, Small Business Stationary Source Technical and Environmental Compliance Assistance Program

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Proposed rule.

**SUMMARY:** EPA is proposing to approve a State Implementation Plan (SIP) revision submitted by the State of Maine for the purpose of establishing a small business stationary source technical and environmental compliance assistance program (PROGRAM). In the final rules section of this **Federal Register**, EPA is approving the State's SIP revision as a

direct final rule without prior proposal because the Agency views this as a noncontroversial revision amendment and anticipates no adverse comments. A detailed rationale for the approval is set forth in the direct final rule. If no adverse comments are received in response to that direct final rule, no further activity is contemplated in relation to this proposed rule. If EPA receives adverse comments, the direct final rule will be withdrawn and all public comments received will be addressed in a subsequent final rule based on this proposed rule. EPA will not institute a second comment period on this proposal. Any parties interested in commenting on this proposal should do so at this time.

**DATES:** Comments must be received on or before October 12, 1995.

**ADDRESSES:** Comments may be mailed to Susan Studien, Acting Director, Air, Pesticides and Toxics Management Division, U.S. Environmental Protection Agency, Region I, JFK Federal Bldg. (AAA), Boston, MA 02203. Copies of the State submittal and EPA's technical support document are available for public inspection during normal business hours, by appointment at the Air, Pesticides and Toxics Management Division, U.S. Environmental Protection Agency, Region I, One Congress Street, 10th floor, Boston, MA and the Bureau of Air Quality Control, Department of Environmental Protection, 71 Hospital Street, Augusta, ME 04333.

**FOR FURTHER INFORMATION CONTACT:** Emanuel Souza, Jr., (617) 565-3248.

#### Approval and Promulgation of Air Quality Implementation Plans; New Hampshire; Extension of the Date To Meet Conditions for the Inspection and Maintenance Program

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Proposed rule.

**SUMMARY:** EPA is proposing to approve a State Implementation Plan (SIP)

revision submitted by the State of New Hampshire. This revision establishes and allows for extension of the date for the State of New Hampshire to meet the conditions delineated in the **Federal Register** of October 12, 1994 (59 FR 51514), from July 29, 1995, until November 14, 1995. New Hampshire must meet these conditions before the motor vehicle inspection and maintenance program can be approved. In the Final Rules Section of this **Federal Register**, EPA is approving the State's SIP revision as a direct final rule without prior proposal because the Agency believes this is a noncontroversial revision and anticipates no adverse comments. A detailed rationale for the approval is set forth in the direct final rule. If no adverse comments are received in response to that direct final rule, no further activity is contemplated in relation to this proposed rule. If EPA receives adverse comments, the direct final rule will be withdrawn and all public comments received will be addressed in a subsequent final rule based on this proposed rule. EPA will not institute a second comment period on this proposal. Any parties interested in commenting on this proposal should do so at this time.

**DATES:** Comments must be received on or before October 12, 1995.

**ADDRESSES:** Comments may be mailed to Susan Studlien, Acting Director, Air, Pesticides and Toxics Management Division, U.S. Environmental Protection Agency, Region I, JFK Federal Bldg., Boston, MA 02203. Copies of the State submittal and EPA's technical support document are available for public inspection during normal business hours, by appointment at the Air, Pesticides and Toxics Management Division, U.S. Environmental Protection Agency, Region I, One Congress Street, 10th floor, Boston, MA and at the Air Resources Division, Department of Environmental Services, 64 North Main Street, Caller Box 2033, Concord, NH 03302-2033.

**FOR FURTHER INFORMATION CONTACT:** Peter Hagerty, (617) 565-3224.

#### Approval and Promulgation of Air Quality Implementation Plans; Virginia; Proposed Approval of Revised Confidentiality Provisions; Proposed Approval and Disapproval of Minor New Source Permit Provisions

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Proposed rule.

**SUMMARY:** EPA is proposing to approve in part and disapprove in part State Implementation Plan (SIP) revisions submitted by the Commonwealth of Virginia. This action proposes approval of changes submitted by Virginia in March 1993 to the provisions governing confidentiality of information. This action proposes disapproval of the public participation requirements associated with the permitting of minor new sources, and proposes approval of all other revisions to Virginia's revised new source permit provisions. The intended effect of this action is to propose approval of those State provisions which meet the requirements of the Clean Air Act, and disapprove those State provisions which do not.

**DATES:** Comments must be received on or before October 12, 1995.

**ADDRESSES:** Comments may be mailed to Marcia L. Spink, Associate Director, Air Programs, Mailcode 3AT00, U.S. Environmental Protection Agency, Region III, 841 Chestnut Building, Philadelphia, Pennsylvania 19107. Copies of the documents relevant to this action are available for public inspection during normal business hours at the Air, Radiation, and Toxics Division, U.S. Environmental Protection Agency, Region III, 841 Chestnut Building, Philadelphia, Pennsylvania 19107; Virginia Department of Environmental Quality, 629 East Main Street, Richmond, Virginia 23219.

**FOR FURTHER INFORMATION CONTACT:** Harold A. Frankford, (215) 597-1325.

**SUPPLEMENTARY INFORMATION:** On March 18, 1993 and March 29, 1993, the Virginia Department of Environmental Quality submitted a series of amendments to its Regulations for the Control and Abatement of Air Pollution as formal revisions to its State Implementation Plan (SIP). These SIP revision submittals are described below.

#### I. March 18, 1993 Submittal

Virginia submitted revised provisions in Part II (General Provisions), Section 120-02-30 (Availability of Information) in order to establish criteria for

determining confidential information. A definition of "confidential information," including the criteria used to determine confidentiality, is added to Part I (General Definitions), Section 120-01-02 (Terms Defined).

Section 120-02-30 is revised to (1) emphasize that emissions data shall be available to the public without exception; (2) provide for criteria to determine whether information submitted by a regulated entity may be kept confidential; (3) substitute non-confidential information for confidential information, or challenge the request to keep information confidential; determine an owner who files confidential information which does not meet the established criteria to be in violation of Commonwealth law. Confidential information must meet the following criteria:

(1) The owner has taken measures in the past to keep such information confidential.

(2) The information has not been reasonably obtainable without the owner's consent by private citizens or other firms. (Exception: Information obtained through judicial discovery based on a showing of "special need" may still be kept confidential from the public.)

(3) Information may not be readily available from sources other than the owner.

(4) Disclosure of the information would cause "substantial harm" to the owner.

Virginia also submitted additional revisions to Parts I and II (General Provisions). EPA will act upon these revisions in a separate rulemaking action.

Virginia certified that public hearings were held on September 2, 1992 in Abingdon, Roanoke, Lynchburg, Fredericksburg, Richmond, Chesapeake, and Springfield.

#### EPA Evaluation

The determination of confidentiality provisions set forth in the definition of "confidential information" and the provisions of Section 120-02-30 have been revised to conform with the Virginia Administrative Code. EPA has determined that these revised provisions meet the requirements of 40 CFR Section 52.116(a), which requires states to make emissions data available for public inspection. However, should Virginia submit a SIP revision request on behalf of a source and submit information which has been judged confidential under the provisions of Section 120-02-30, Virginia must request EPA to consider confidentiality according to the provisions of 40 CFR
