## Land Exchange Between the National Park Service and the City of Albuquerque

**AGENCIES:** National Park Service and  
City of Albuquerque.

**ACTION:** Proposed Land Exchange and  
Opportunity for Public Comment,  
Albuquerque, New Mexico.

**SUMMARY:** Pursuant to 16 U.S.C. Sec.  
4601-22(b) and the Petroglyph National  
Monument Establishment Act of 1990,  
104 Stat. 272, the National Park Service,  
hereinafter called the Service, requires  
that the public be notified of a proposed  
land exchange between this agency and  
the City of Albuquerque, hereinafter  
called the city. Both entities propose to  
exchange 0.11 of an acre owned by the  
Service outside the boundary of  
Petroglyph National Monument for two  
tracts, totaling 0.11 of an acre, that the  
city owns within the Atrisco Unit of the  
monument. The Service tract is located  
along Unser Boulevard 0.2 of a mile  
south of the Las Imagines Visitor Center  
within a 100-year flood hazard zone. A  
water drainage structure, operated and  
maintained by the city, currently exists  
on this tract. The city-owned tracts,  
consisting of 0.06 of an acre and 0.05 of  
an acre, are unimproved and were

acquired as uneconomic remnants when  
the right-of-way for Unser Boulevard  
was acquired. Located along Unser  
Boulevard, these tracts are also situated  
south of the Visitor Center, 0.4 of a mile  
and 0.6 of a mile, respectively.

With the city responsible for handling  
the collection of drainage water adjacent  
to Unser Boulevard and the Service  
responsible for managing the lands  
within the Atrisco Unit of the  
monument, it is in the best interests of  
both agencies to consummate this  
exchange.

Both parties have determined that the  
lands and interests therein to be  
exchanged are of equal value.

### COMMENTS AND FURTHER INFORMATION:

The comment period on this proposed  
exchange ends 45 days from the date of  
this publication. Any comments  
pertaining to this exchange should be  
sent to the Superintendent, Petroglyph  
National Monument, 6001 Unser  
Boulevard, NW, Albuquerque, New  
Mexico 87120. Further information on  
this exchange can be obtained at the  
same address.

Dated: August 11, 1995.

### Certain Seamless Carbon and Alloy Standard, Line, and Pressure Steel Pipe From Argentina, Brazil, Germany, and Italy

#### Determinations

On the basis of the record<sup>1</sup> developed  
in the subject investigations, the  
Commission unanimously determines,  
pursuant to sections 705(b) and 735(b)  
of the Tariff Act of 1930 (the Act) (19  
U.S.C. §§ 1671d(b) and 1673d(b),

United States is materially injured by  
reason of imports from Italy of certain  
seamless carbon and alloy standard,

Government of Italy, and by reason of  
imports from Argentina, Brazil,  
Germany, and Italy that are sold in the  
United States at less than fair value  
(LTFV).

### Background

The Commission instituted these  
investigations effective December 23,  
1994, and January 27, 1995, following  
preliminary determinations by the  
Department of Commerce that imports  
of certain seamless carbon and alloy  
standard, line, and pressure steel pipe  
and redraw hollows from Italy were  
being subsidized within the meaning of  
section 703(b) of the Act (19 U.S.C.  
§ 1671b(b)), and that imports of such  
pipe from Argentina, Brazil, Germany  
and Italy<sup>3</sup> were being sold at LTFV  
within the meaning of section 733(b) of  
the Act (19 U.S.C. § 1673b(b)). The  
petition underlying these investigations  
was filed on June 23, 1994, prior to the  
effective date of the Uruguay Round  
Agreements Act.<sup>4</sup> Thus, these  
investigations were subject to the  
substantive and procedural rules of the  
Act, the pre-existing law.

Notices of the institution of the  
Commission's investigations and of a  
public hearing to be held in connection  
therewith was given by posting copies  
of the notices in the Office of the  
Secretary, U.S. International Trade  
Commission, Washington, DC, and by  
publishing the notices in the **Federal  
Register** of January 12, 1995, March 1,  
1995, and June 23, 1995 (60 FR 2984, 60  
FR 11110, and 60 FR 32709). The  
hearing was held in Washington, DC, on  
June 20, 1995, and all persons who  
requested the opportunity were  
permitted to appear in person or by  
counsel.

The Commission transmitted its  
determinations in these investigations to  
the Secretary of Commerce on July 26,  
1995. The views of the Commission are  
contained in USITC Publication 2910  
(July 1995), entitled "Certain Seamless  
Carbon and Alloy Standard, Line, and  
Pressure Steel Pipe from Argentina,  
Brazil, Germany, and Italy:  
Investigations Nos. 701-TA-362 and  
731-TA-707 through 710 (Final)."

By order of the Commission.

<sup>3</sup> Commerce's preliminary determination of sales  
at LTFV regarding Italy was negative. Following  
Commerce's final affirmative determination of sales  
at LTFV, the Commission instituted its final  
antidumping investigation concerning Italy,  
effective June 14, 1995.

## INTERSTATE COMMERCE COMMISSION

[Finance Docket No. 32758]

### Portland & Western Railroad, Inc.— Lease and Operation Exemption— Southern Pacific Transportation Company

Portland & Western Railroad, Inc. (PNWR), a noncarrier, has filed a notice of exemption to lease from Southern Pacific Transportation Company (SPT) and to operate three rail segments, all in the State of Oregon, totaling approximately 52.68 miles: (1) The 28.91-mile Tillamook Branch, between milepost 741.59 near Willsburg Jct. and milepost 770.50 near Schefflin; (2) the 9.45-mile Westside-Seghers Branch, between milepost 764.80 near Hillsboro and milepost 754.57 near Seghers;<sup>1</sup> and (3) the 14.32-mile Newberg Branch, between milepost 763.99 near Cook and milepost 749.67 near Newberg. SPT also granted PNWR incidental overhead trackage rights to operate over 3.69 miles of rail line between milepost 768.00 at Brooklyn Yard and the point of connection with the Tillamook Branch at milepost 741.59 near Willsburg Jct. The notice became effective on August 15, 1995.

PNWR is 100% owned and controlled by Genesee & Wyoming Industries, Inc. (GWI), and GWI controls nine class III rail carriers through stock ownership. Because, the three SPT lines connect with lines operated by Willamette & Pacific Railroad, Inc., a GWI controlled rail carrier, GWI has petitioned for an exemption in *Genesee & Wyoming Industries, Inc.—Continuance in Control Exemption—Portland & Western Railway, Inc.*, Finance Docket No. 32759, to continue in control of PNWR and the other railroads in its corporate family after PNWR becomes a class III rail carrier. To consummate the instant transaction before Finance Docket No. 32759 is decided, GWI has placed PNWR in an independent voting trust. 49 CFR 1013.

Any comments must be filed with the Commission and served on Eric M. Hocky, Gollatz, Griffin & Ewing, P.C.,

<sup>1</sup> Although the mileposts for this line segment suggest that the line is 10.23 miles long, the actual mileage is 9.45 miles. The discrepancy is attributable to the mileposts not having been redesignated to reflect a previous abandonment.

P.O. Box 796, 213 West Miner Street,  
West Chester, PA 19381-0796.

This notice is filed under 49 CFR 1150.31. If the notice contains false or misleading information, the exemption is void *ab initio*. Petitions to revoke the exemption under 49 U.S.C. 10505(d) may be filed at any time. The filing of a petition to revoke will not automatically stay the transaction.

Decided: September 6, 1995.

By the Commission, David M. Konschnik,  
Director, Office of Proceedings.
