

options will not cause significant problems.

Finally, the PHLX has indicated that its surveillance procedures have become increasingly sophisticated and automated. The Commission believes that the Exchange's surveillance programs are adequate to detect and deter violations of position and exercise limits as well as to detect and deter attempted manipulative activity and other trading abuses through the use of such illegal positions by market participants.¹³

IV. Conclusion

For the foregoing reasons, the Commission finds that the proposal to increase the position and exercise limits for narrow-based index options to 6,000, 9,000, or 12,000 contracts, depending on the percentage stock concentrations within the index, is consistent with the requirements of the Act and the rules and regulations thereunder.

It is therefore ordered, pursuant to Section 19(b)(2) of the Act,¹⁴ that the proposed rule change (SR-PHLX-95-16) is approved.

For the Commission, by the Division of Market Regulation, pursuant to delegated authority.¹⁵

Deputy Secretary.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange submits a proposed rule change to amend the Phlx's Schedule of Fees and Charges respecting charges for nonexchange sponsored securities execution equipment operated by Phlx members and member organizations on the Phlx equity options trading floor. The proposed amendment would modify the existing \$250.00 monthly fee assessed upon each stock execution machine on the Phlx equity options floor. A new securities execution equipment registration fee of \$300.00 per terminal would be imposed for the period September 1, 1995 through December 31, 1996, on each member operating equipment that has execution capability and/or order routing access to the common message switch of the primary registered national securities exchanges.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The self-regulatory organization has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

Since 1990, the Exchange has imposed a monthly proprietary stock execution machine charge of \$250.00.² Effective at the opening of business, Friday, September 1, 1995, the Exchange will impose a \$300.00 securities execution equipment registration fee for the period September 1, 1995 through December 31, 1996, on nonexchange sponsored terminals or computers configured for execution

² See Securities Exchange Act Release No. 28212 (July 17, 1990), 55 FR 30065 (implementing a monthly charge on proprietary stock execution machines); Securities Exchange Act Release No. 33954 (April 21, 1994), 59 FR 22191 (allowing members to earn a monthly credit of 50% of the fees charged for stock execution machines).

and/or routing capabilities to the common message switch of the primary registered national securities exchanges maintained on or accessible to the Phlx equity options trading floor. This registration fee will be assessed to each Phlx member or member organization maintaining and operating such nonexchange sponsored securities execution equipment on the Phlx options trading floors. The Phlx will continue to retain the monthly \$250.00 fee charged to members and member organizations maintaining and operating such equipment on the Phlx equity trading floor.

2. Statutory Basis

The proposed rule change is consistent with Section 6(b) of the Act³ in general and furthers the objectives of Section 6(b)(4)⁴ in particular in that it provides for the equitable allocation of reasonable dues, fees, and other charges among the Exchange's members and other persons using its facilities.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange believes the proposed rule change does not impose any burden on competition.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others.

The Phlx Finance Committee and the Phlx Floor Procedure Committee provided specific recommendations to the Phlx's Board of Governors.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change constitutes or changes a due, fee, or other charge imposed by the Exchange and, therefore, has become effective pursuant to Section 19(b)(3)(A) of the Act⁵ and subparagraph (e) of Rule 19b-4 thereunder.⁶

At any time within sixty days of the filing of such proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.
