Notice of Draft Report and Comment Period

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of availability for review and comment of draft report on the Reinventing Government II (REGO II) proposal to transfer oil and gas inspection and enforcement (I&E) and Environmental Compliance responsibilities that are currently administered by the Bureau of Land Management (BLM) to individual States and Indian tribes.

SUMMARY: The onshore and gas program, administered by BLM, is one of the major mineral leasing programs in the Department of the Interior (DOI). At the end of 1994, more than 51,000 onshore oil and gas leases existed on Federal lands covering 39 million acres. About 19,500 leases were in producing status. The BLM is also responsible for operational management oversight of about 4,100 producing leases on Indian lands and supervision of drilling on nonproducing leases. Royalty income from onshore oil and gas production on Federal and Indian lands is over \$600 million per year.

Under Vice President Gore's REGO II proposal, it has been proposed that the BLM transfer oil and gas inspection and enforcement responsibilities concerning production verification and environmental compliance to the individual States and Indian tribes. This proposal was initially intended as an unfunded transfer of the I&E and Environmental Compliance programs to States and Indian tribes. Subsequently, the DOI indicated that funding of these programs, commensurate with current BLM spending levels, may be made available to the States and Tribes if they elect to assume program responsibilities.

The information contained in the draft REGO II Report is based on preliminary issues and recommendations identified by the REGO II Task Force comprised of Federal, State and Tribal representatives. The purpose of the report is to: (1) Provide information on the Bureau's I&E and Environmental Compliance programs, (2) identify opportunities and limitations associated with program transfers, and (3) address important considerations that must be taken into account in evaluating the feasibility of transfers.

DATES: Copies of the draft report may be obtained by contacting Mike Pool at the address or telephone number listed below. Written comments on the draft report must be received by October 16, 1995.

ADDRESSES: Written comments should be sent to Mike Pool, Bureau of Land Management, Farmington District
