BILLING CODE 6712-01-M

Transition Subcommittee of the Public Safety Wireless Advisory Committee; Meeting

AGENCIES: The National Telecommunications and Information Administration (NTIA), Larry Irving, Assistant Secretary for Communications and Information, and the Federal Communications Commission (FCC), Reed E. Hundt, Chairman.

ACTION: Notice of the First Meeting of the Transition Subcommittee of the Public Safety Wireless Advisory Committee.

SUMMARY: The NTIA and the FCC established a Public Safety Wireless Advisory Committee and Subcommittees to prepare a final report to advise the NTIA and the FCC on operational, technical and spectrum requirements of Federal, state and local Public Safety entities through the year 2010. The establishment of the committee is in the public interest. In accordance with the Federal Advisory Committee Act, Public Law 92-463, as amended, this notice advises interested persons of the meeting of the Transition Subcommittee of the Public Safety Wireless Advisory Committee.

DATES: Thursday, September 28, 1995; 1:00 p.m. to 4:00 p.m.

ADDRESSES: Postal Square Museum Building, 2 Massachusetts Avenue; N.E., Washington, D.C. 20002.

SUPPLEMENTARY INFORMATION: The agenda for the first meeting is as follows:

1. Introduction and Welcoming Remarks
2. Approval of Agenda
3. Administrative Matters
4. Work Program/Organization of Work
5. Meeting Schedule
6. Agenda for Next Meeting
7. Other Business
8. Closing Remarks

The Transition Subcommittee will have an open membership. All interested parties are invited to attend and to participate in the First Meeting of this Subcommittee. [CC Docket No. 80-286; DA-95-1927]

Letter to Telephone Exchange Service Providers Giving Notice of Proposed Release of Data Submitted by Providers

AGENCY: Federal Communications Commission.

ACTION: Notice.

SUMMARY: In response to several requests, the Common Carrier Bureau (Bureau) of the Federal Communications Commission (Commission) intends to

release a compiled database comprising non-confidential subscriber and financial information submitted by local exchange carriers (LECs) in response to an Order, released December 1, 1994. The individual non-confidential responses of the LECs have already been released to the public. To guard against the possibility that LEC information previously claimed to be confidential is included in the database to be released, the Bureau is taking two steps. As described more fully below in a letter from Kenneth P. Moran, Chief of the Bureau's Accounting and Audits Division, the Bureau, first, is excluding from the database to be released a limited number of data fields that a large number of LECs claimed to contain confidential information. Second, the Bureau is requesting LECs that have previously claimed fields confidential in addition to those generally being excluded from the database to reassert those claims not later than September 25, 1995. Failure to reassert such claims will be deemed to constitute waiver of objection to release of such information designated confidential solely to the extent that such information claimed confidential is included in the non-confidential database to be released.

ADDRESSES: Responses should be directed to the Federal Communications Commission, Common Carrier Bureau, Accounting and Audits Division, Box 10, 1919 M St., N.W., Washington, D.C. 20554.

FOR FURTHER INFORMATION CONTACT: Deborah Dupont, Senior Attorney, and George Johnson, Senior Attorney, Accounting and Audits Division, Common Carrier Bureau (202) 418-0850.

SUPPLEMENTARY INFORMATION:

September 11, 1995.

Release Date: September 11, 1995.

Dear Telephone Exchange Service Provider:

On July 13, 1995, the Federal Communications Commission (Commission) released a Notice of Proposed Rulemaking and Notice of Inquiry, proposing changes to the Commission rules relating to the Universal Service Fund (USF) and Dial Equipment Minute (DEM) Weighting. Also, on December 1, 1994, the Commission released an Order directing local exchange carriers (LECs) to submit certain information to assist in evaluation of current USF and DEM Weighting assistance mechanisms and to estimate the effects of possible rules changes on both telecommunications providers and subscribers.

Although individual LEC submissions in response to the December 1, 1994 Order have been available from the Commission for several months, the National Association of Regulatory Utilities Commissioners as well as LEC representatives have requested that the
