1. Panhandle Eastern Pipe Line Company

[Docket No. CP95-716-000]

Take notice that on August 29, 1995 Panhandle Eastern Pipe Line Company (Panhandle), P.O. Box 1642, Houston, Texas, 77251-1642, filed in Docket No. CP95-716-000 a request pursuant to Section 157.205 of the Commission's Regulations under the Natural Gas Act (18 CFR 157.205) for authorization to abandon in place approximately 4,000 feet of 6-inch pipeline and 4,000 feet of 10-inch pipeline on Panhandle's Lincoln Laterals, and install approximately 4,400 feet of new 6-inch and 4,400 feet of new 10-inch pipeline all located in Logan County, Illinois, under Panhandle's blanket certificate issued in Docket No. CP83-83-000 pursuant to Section 7 of the Natural Gas Act, all as more fully set forth in the request which is on file with the Commission and open to public inspection.

Panhandle states that the proposed abandonment would allow the current landowner, Material Service Corporation (MSC), to continue its rock mining operations in the area were the pipeline laterals currently exist. Panhandle states further that the estimated cost to abandon the pipeline in place would be approximately \$22,500 and would be 100 percent reimbursed by MSC.

It is said that the new pipeline would be completely installed before the cutting and capping of the existing laterals takes place, in order to minimize the outage time.

The cost of the proposed crossover tie-in at the Clark Meter Station is estimated to be approximately \$9,984.
