[Docket 51-95]

Foreign-Trade Zone 167—Green Bay, WI Application for Subzone Status Robin Manufacturing U.S.A., Inc., Plant (Internal-Combustion Engines) Hudson, WI

An application has been submitted to the Foreign-Trade Zones Board (the Board) by Brown County, Wisconsin, grantee of FTZ 167, requesting special-purpose subzone status for the small internal-combustion engine manufacturing plant of Robin Manufacturing U.S.A., Inc. (RMI) (a joint venture between Polaris Industries, Inc. (Minneapolis, MN), and Fuji Heavy Industries (Japan)), located in Hudson, Wisconsin. The application was submitted pursuant to the provisions of the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a-81u), and the

regulations of the Board (15 CFR part 400). It was formally filed on September 5, 1995.

The RMI plant (2 acres/56,000 sq.ft.) is located at 1201 Industrial Road in Hudson (St. Croix County), Wisconsin, some 15 miles east of Minneapolis—St. Paul, Minnesota. The facility (19 employees) is used to produce spark-ignition internal combustion engines (up to 500 cc in size) for recreational vehicles such as golf carts and all-terrain vehicles (up to 100,000 units per year). The company also plans to manufacture industrial engines (up to 1,000 cc) for farm, lawn, and garden equipment (HTS# 8407.32.20, 8407.33.30). Currently all of the engines' components are sourced abroad including: crankcases, cylinder heads, manifolds, balancer shafts, connecting rods, pistons, rocker arms, intake/exhaust valves, bearings and housings, flywheels, pulleys, gaskets, magnetos, fasteners, housings, fuel pumps, electrical components, and spark plugs (1995 duty rate range: 0.2—9.3%). The application indicates that 50 percent of all parts (by value) will be purchased from U.S. suppliers within three years after approval of subzone status.

Zone procedures would exempt RMI from Customs duty payments on the foreign components used in export production. On its domestic sales, RMI would be able to choose the lower duty rates that apply to finished engines (duty free, 2.5%) for the foreign components noted above. The application indicates that the savings from zone procedures would help improve the plant's international competitiveness.

In accordance with the Board's regulations, a member of the FTZ Staff has been designated examiner to investigate the application and report to the Board.

Public comment on the application is invited from interested parties. Submissions (original and three copies) shall be addressed to the Board's Executive Secretary at the address below. The closing period for their receipt is November 17, 1995. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period to December 4, 1995.

A copy of the application and the accompanying exhibits will be available for public inspection at each of the following locations:

Import Charges for Certain Cotton Textile Products Produced or Manufactured in Malaysia

September 12, 1995.

AGENCY: Committee for the Implementation of Textile Agreements (CITA).

ACTION: Issuing a directive to the Commissioner of Customs applying charges to 1994 levels.

EFFECTIVE DATE: September 19, 1995.

FOR FURTHER INFORMATION CONTACT: Ross Arnold, International Trade Specialist, Office of Textiles and Apparel, U.S. Department of Commerce, (202) 482-4212.

SUPPLEMENTARY INFORMATION:

Authority: Executive Order 11651 of March 3, 1972, as amended; section 204 of the Agricultural Act of 1956, as amended (7 U.S.C. 1854).

Based on investigations conducted by the Government of the United States, CITA has determined that in 1994 textile products, produced or manufactured in Malaysia and entered into the United States with the incorrect country of origin, were transshipped in circumvention of the Bilateral Textile Agreement, effected by exchange of notes dated January 12 and 28, 1994, between the Governments of the United States and Malaysia. Consultations were held between the Governments of the United States and Malaysia on this matter on June 6-7, 1994. Accordingly, in the letter published below, the Chairman of CITA directs the Commissioner of Customs to charge the following amounts to the 1994 quota levels, as notified to the Textiles Monitoring Body, pursuant to the Uruguay Round Agreements Act and the Uruguay Round Agreement on Textiles and Clothing (ATC), for the categories listed below. The 1994 level for Category 339 is currently filled. Therefore, charges in the amount of 12,835 dozen will be applied to the 1995 limit for Category 339.

Category	Amount to be charged
339	12,835 dozen.
341	4,455 dozen.

The U.S. Government is taking this action pursuant to the January 12 and 28, 1994 Agreement.

A description of the textile and apparel categories in terms of HTS numbers is available in the **CORRELATION:** Textile and Apparel Categories with the Harmonized Tariff Schedule of the United States (see Federal Register notice 59 FR 65531, published on December 20, 1994). Also see 58 FR 65580, published on December 15, 1993.

The letter to the Commissioner of Customs and the actions taken pursuant to it are not designed to implement all of the provisions of the ATC, but are designed to assist only in the implementation of certain of its provisions.

D. Michael Hutchinson,
Acting Chairman, Committee for the Implementation of Textile Agreements.
