

debt under the amended credit agreement. In addition to savings to be realized through the refinancing the existing long-term debt, TNP further notes that, under the terms of the amended credit agreement, it will also realize cost savings as compared to borrowings under the present credit agreement which would be replaced by the proposed credit agreement.

TNP and TGC II also note that the proposed credit agreement is, in essence, an extension of the existing credit agreement for an additional two years but under terms that are simpler and more favorable than the terms of the existing credit agreement.

TNP and TGC II also submitted amended Exhibit C, Balance Sheet; Exhibit D, Income Statement; and E, Statement of Cash Flows and Computation of Interest Coverage, for the twelve months ended June 30, 1995, as well as supplemental information on TNP's anticipated financial condition. The amendments also corrected a reference to TGC II in the original filing which should have been a reference to TNP.

TNP and TGC II also request Commission action by September 25, 1995, instead of September 15, 1995 as originally requested.

Any person desiring to be heard or to protest said filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 825 North Capitol Street, N.E., Washington, D.C. 20426 in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214). All such motions or protests should be filed on or before September 20, 1995. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection.

Lois D. Cashell,
Secretary.

[Docket No. TM95-2-76-000]

Wyoming Interstate Company, Ltd.; Notice of Filing

September 12, 1995.

Take notice that on August 30, 1995, Wyoming Interstate Company, Ltd. (WIC) filed of the following tariff sheets

to its FERC Gas Tariff, with an effective date of September 1, 1995:

First Revised Volume No. 1
First Revised Sheet No. 5.1
Second Revised Volume No. 2
First Revised Sheet No. 4A
Fourth Revised Sheet No. 5

WIC proposes to reduce its current Fuel Gas and Unaccounted-for Gas ("FL&U") percentage from one percent to a new level of zero percent. This filing is a non-annual filing pursuant to Section 24 of WIC's First Revised Volume No. 1 and Article 31 of WIC's Second Revised Volume No. 2. Since the December 1, 1994 effective date of the current FL&U percentage WIC states it has experienced a FL&U percentage of less than one percent on its system and a change at this time will result in WIC's transportation customers receiving the benefit of a lower FL&U percentage during the winter heating season.

WIC states that copies of this filing were served on its customers and state commissions.

Any person desiring to be heard or to protest said filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 825 North Capitol Street, N.E., Washington, D.C. 20426, in accordance with Sections 385.214 or 385.211 of the Commission's Rules and Regulations. All such motions or protests should be filed on or before September 19, 1995. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room.

Lois D. Cashell,
Secretary.

BILLING CODE 6717-01-M

ENVIRONMENTAL PROTECTION AGENCY

[AD-FRL-5296-8]

Access to Confidential Business Information Under the Clean Air Act

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: The EPA has authorized the California Air Resources Board (CARB) access to information that has been, or will be, submitted to the EPA under

Section 114 of the Clean Air Act (CAA), as amended.

Some of the information may be claimed to be confidential business information (CBI) by the submitter.

DATES: Access to confidential data submitted to the EPA will occur no sooner than ten days after issuance of this notice.

FOR FURTHER INFORMATION CONTACT: Doris Maxwell, Document Control Officer, Office of Air Quality Planning and Standards (MD-13), U.S. Environmental Protection Agency, Research Triangle Park, North Carolina 27711, (919) 541-5312.

SUPPLEMENTARY INFORMATION: The EPA is issuing this notice to inform all submitters of information under Section 114 of the CAA that the EPA may provide the above-mentioned State agency access to these materials on a need-to-know basis.

In accordance with 40 CFR 2.301(h), the EPA has determined that CARB requires access to CBI concerning consumer and commercial products submitted to the EPA under Section 183(e) and Section 114 of the CAA in order to carry out its duties under California environmental protection laws and the CAA. Some of the information may be claimed or determined to be CBI. The CARB will be required to sign a nondisclosure agreement and will be briefed on appropriate security procedures before being permitted access to CBI. All CARB access to CAA CBI will take place at CARB's facilities. The CARB will have appropriate procedures and facilities in place to safeguard the CAA CBI to which CARB has access.

Clearance for access to CAA CBI is scheduled to expire on September 30, 1998.

Dated: September 11, 1995.

Mary Nichols,

Assistant Administrator for Air and Radiation.
