INTERSTATE COMMERCE COMMISSION

[Finance Docket No. 32630]

Omaha Public Power District (OPPD)—Construction of a Rail Line in Otoe County, NE

The Omaha Public Power District (OPPD) has petitioned the Interstate Commerce Commission (Commission) for authority to construct and operate a 4.6 mile rail line near Nebraska City, Nebraska. The Commission's Section of Environmental Analysis (SEA) has prepared an Environmental Assessment (EA). Based on the information provided and the environmental analysis conducted to date, this EA concludes that this proposal should not significantly affect the quality of the human environment if the recommended mitigation measures set forth in the EA are implemented. Accordingly, SEA preliminarily recommends that the Commission impose on any decision approving the proposed construction and operation conditions requiring OPPD to implement the mitigation contained in the EA. The EA will be served on all parties of record as well as all appropriate Federal, state and local officials and will be made available to the public upon request. SEA will consider all comments received in response to the EA in making its final environmental recommendations to the Commission. The Commission will then consider SEA's final recommendations and the environmental record in making its final decision in this proceeding.

Comments (an original and 10 copies) and any questions regarding this Environmental Assessment should be filed with the Commission's Section of Environmental Analysis, Office of Economic and Environmental Analysis, Room 3219, Interstate Commerce Commission, Washington, D.C. 20423, to the attention of Michael Dalton (202) 927-6202. Requests for copies of the EA should also be directed to Mr. Dalton.

Date made available to the public: September 25, 1995.

Comment due date: October 25, 1995.

By the Commission, Elaine K. Kaiser, Chief, Section of Environmental Analysis, Office of Economic and Environmental Analysis.
