BILLING CODE 4160-01-F

Health Resources and Services Administration

Special Project Grants; Maternal and Child Health (MCH) Services; Federal Set-Aside Program

AGENCY: Health Resources and Services Administration (HRSA).

ACTION: Notice of limited competition.

SUMMARY: The Health Resources and Services Administration is announcing acceptance for review and funding, if approvable, of an application from the American Academy of Obstetricians and Gynecologists (ACOG) for a Maternal and Child Health (MCH) Special Project of Regional and National Significance (SPRANS) grant. The award will be made under the program authority of section 502(a) of the Social Security Act, the MCH Federal Set-Aside Program, from funds appropriated for fiscal year 1995 under Public Law 103-333. The MCH SPRANS grants are intended to improve the health of mothers and children through development and dissemination of new knowledge, demonstration of new or improved ways of delivering care or otherwise enhancing Title V program capacity to provide or assure provision of

appropriate services, and preparation of personnel in MCH-relevant disciplines.

The purpose of this limited competition is to extend and enhance support of an existing grant through which ACOG is stimulating office-based research by its members. The information collected will be used to effect changes in the practices and standards of care provided by practitioners that improve access to care, efficacy of interventions, health status of the women being served, and pregnancy outcomes. The American Academy of Obstetricians and Gynecologists is the only national organization of and for obstetric and gynecologic practitioners and is, thus, the only organization with both the necessary access to the practitioners and the professional standing to effect changes in practice and standards of care.

Grant/Amount

A single grant, of approximately \$142,000, will be awarded. The project period will be 5 years.

Eligibility

Eligibility for application and funding is limited to the American College of Obstetricians and Gynecologists.

FOR FURTHER INFORMATION CONTACT: For programmatic or technical information on MCH issues, contact Mr. James Papai, 5600 Fishers Lane, Room 18A-55, telephone: 301 443-2190. For information concerning business management issues, contact Ms. Dorothy M. Kelley, Grants Management Branch, Maternal and Child Health Bureau, Room 18-12, Parklawn Building, 5600 Fishers Lane, Rockville, Maryland, telephone: 301 443-1440.

Provision of Smoke-Free Workplace

The Public Health Service strongly encourages all grant recipients to provide a smoke-free workplace and promote the non-use of all tobacco products. This is consistent with the PHS mission to protect the physical and mental health of the American people.

Public Health System Reporting Requirements

This program is subject to the Public Health System Reporting Requirements (approved under OMB No. 0937-0195). Under these requirements, the community-based nongovernmental applicant must prepare and submit a Public Health System Impact Statement (PHSIS). The PHSIS is intended to provide information to state and local health officials to keep them apprised of proposed health services grant applications submitted by community-

based nongovernmental organizations within their jurisdictions. Community-based nongovernmental applicants are required to submit the following information to the head of the appropriate State and local health agencies in the area(s) to be impacted no later than the Federal application receipt date:

(a) A copy of the face page of the application (SF 424).

(b) A summary of the project PHSIS, not to exceed one page, which provides:

(1) A description of the population to be served.

(2) A summary of the services to be provided.

(3) A description of the coordination planned with the appropriate State and local health agencies.

Executive Order 12372

The MCH Federal Set-Aside Program has been determined to be a program which is not subject to the provisions of Executive Order 12372 concerning intergovernmental review of Federal programs.

The OMB Catalog of Federal Domestic Assistance number is 93.110.

Dated: September 19, 1995.

Ciro V. Sumaya,

Administrator.

BILLING CODE 4160-15-P

Special Project Grants; Maternal and Child Health (MCH) Services; Federal Set-Aside Program; Research and Training Grants

AGENCY: Health Resources and Services Administration (HRSA).

ACTION: Notice of availability of funds.

SUMMARY: The Health Resources and Services Administration is announcing the availability of fiscal year (FY) 1995 funds for a limited competition for Maternal and Child Health (MCH) Special Projects of Regional and National Significance (SPRANS) research and training grants. Supplemental awards will be made under the program authority of section 502(a) of the Social Security Act, the MCH Federal Set-Aside Program. The MCH research and training grants improve the health status of mothers and children through: development and dissemination of new knowledge; demonstration of new or improved ways of delivering care or otherwise enhancing Title V program capacity to provide or assure provision of appropriate services; and preparation of personnel in MCH-relevant specialties.
