## ENVIRONMENTAL PROTECTION AGENCY

[FRL-5301-8]

### Denial of Petition; Protection of Stratospheric Ozone

**AGENCY:** Environmental Protection Agency.

**ACTION:** Notice of denial of petition.

**SUMMARY:** This action notifies the public that the Agency received two petitions pursuant to section 612(d) of the Clean Air Act, under the Significant New Alternatives Policy (SNAP) Program, and that EPA is denying both petitions. SNAP implements section 612 of the amended Clean Air Act of 1990, which requires EPA to evaluate substitutes for ozone-depleting Substances (ODS) and to regulate the use of substitutes where other alternatives exist that reduce overall risk to human health and the environment. Through these evaluations, EPA generates lists of acceptable and unacceptable substitutes for each of the major industrial use sectors.

OZ Technology, Inc. submitted Hydrocarbon Blend A as a CFC-12 substitute in a variety of end-uses. In the March 18, 1994 final SNAP rule (59 FR 13044), EPA found the use of Hydrocarbon Blend A unacceptable as a substitute for CFC-12 in all end-uses other than industrial process refrigeration. On October 26, 1994, OZ Technology, Inc. petitioned EPA to remove Hydrocarbon Blend A from the unacceptable list and add it to the acceptable list. The petition is in Air Docket A-91-42, file number VI-D-76. On July 25, 1995, EPA denied the petition on the basis that the information included in the petition did

not include a scientifically valid, comprehensive risk assessment for any CFC-12 end-uses. The denial and the accompanying documentation are in Air Docket A-91-42, file number VI-C-6.

OZ Technology, Inc. submitted Hydrocarbon Blend B as a CFC-12 substitute in a variety of end-uses. On September 18, 1994, EPA issued a proposed rule (59 FR 49108), proposing to find the use of Hydrocarbon Blend B unacceptable as a substitute for CFC-12 in all end-uses other than industrial process refrigeration. On November 4, 1994, OZ Technology, Inc. petitioned EPA to remove Hydrocarbon Blend B from the unacceptable list and add it to the acceptable list. The petition is in Air Docket A-91-42, file number VI-D-75. Because EPA had not yet taken final action placing Hydrocarbon Blend B on the unacceptable list, the petition was premature. EPA denied the petition by taking final action placing Hydrocarbon B on the unacceptable list on June 13, 1995 (60 FR 31092) and by formally denying the petition on July 25, 1995. EPA denied the petition on the basis that the information included in the petition did not include a scientifically valid, comprehensive risk assessment for any CFC-12 end-uses. The denial and accompanying documentation are in Air Docket A-91-42, file number VI-C-7.

### Public Water System Supervision Program: Program Revision for the State of Missouri

**AGENCY:** Environmental Protection Agency.

**ACTION:** Notice.

**SUMMARY:** Notice is hereby given that the State of Missouri is revising its approved State Public Water System Supervision (PWSS) Program. Missouri has adopted regulations for (1) synthetic organic chemicals and inorganic chemicals (Phase II), that correspond to the National Primary Drinking Water Regulations published by EPA on January 30, 1991 (56 FR 3526); (2) volatile organic chemicals (Phase IIb), that correspond to the National Primary Drinking Water Regulations published by EPA on July 1, 1991, (56 FR 32112) (3) synthetic organic chemicals and inorganic chemicals (Phase V), that correspond to the National Primary Drinking Water Regulations published by EPA on July 17, 1992 (57 FR 31776); and (4) lead and copper, that correspond to the National Primary Drinking Water Regulations published by EPA on June 7, 1991 (56 FR 26460).

EPA has determined that these State program revisions are no less stringent than the corresponding Federal regulations. This determination was based upon an evaluation of Missouri's PWSS program in accordance with the requirements stated in 40 CFR 142.10. Therefore, EPA has tentatively decided to approve these State program revisions.

All interested parties are invited to request a public hearing. A request for a public hearing must be submitted to the Regional Administrator, within thirty (30) days of the date of this Notice, at the address shown below. If a public hearing is requested and
