

SUMMARY: This final rule amends the Federal Travel Regulation (FTR) to increase the maximum dollar limitations on reimbursement for allowable real estate sale and purchase expenses incident to a change of official station. Section 5724a(a)(4)(B)(iii) of title 5, United States Code, requires that the dollar limitations be updated effective October 1 of each year based on the percent change, if any, in the Consumer Price Index for All Urban Consumers, United States City Average, Housing Component, for December of the preceding year over that published for December of the second preceding year. This final rule will have a favorable impact on Federal employees authorized to relocate in the interest of the Government since it increases relocation allowance maximums.

EFFECTIVE DATE: This final rule is effective October 1, 1995, and applies to employees whose effective date of transfer is on or after October 1, 1995. For purposes of this regulation, the effective date of transfer is the date on which the employee reports for duty at the new official station.

SUPPLEMENTARY INFORMATION: This final rule makes the annual adjustment to the maximum reimbursement limitations for the sale and purchase of an employee's residence when the employee transfers in the interest of the Government. The total amount of expenses that may be reimbursed in connection with the sale of a residence shall not exceed 10 percent of the actual sale price or \$22,398, whichever is the lesser amount. The total amount of expenses that may be reimbursed in connection with the purchase of a residence shall not exceed 5 percent of the purchase price or \$11,198, whichever is the lesser amount. The General Services Administration has determined that this rule is not a significant regulatory action for the purposes of Executive Order 12866 of September 30, 1993. This final rule is not required to be published in the **FEDERAL REGISTER** for notice or comment. Therefore, the Regulatory Flexibility Act does not apply.

Groundfish of the Bering Sea and Aleutian Islands Area; Pollock in the Bering Sea Subarea by the Offshore Component

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Closure.

SUMMARY: NMFS is closing the directed fishery for pollock by vessels catching pollock for processing by the offshore component in the Bering Sea subarea (BS) of the Bering Sea and Aleutian Islands management area (BSAI). This action is necessary to prevent exceeding the second seasonal allowance of the pollock total allowable catch (TAC) apportioned to vessels harvesting pollock for processing by the offshore component in this area.

EFFECTIVE DATE: 12 noon, Alaska local time (A.l.t.), September 20, 1995, until 12 midnight, A.l.t., December 31, 1995.

FOR FURTHER INFORMATION CONTACT: Mary Furuness, 907-586-7228.

SUPPLEMENTARY INFORMATION: The groundfish fishery in the BSAI exclusive economic zone is managed by NMFS according to the Fishery Management Plan for the Groundfish Fishery of the Bering Sea and Aleutian Islands Area (FMP) prepared by the North Pacific Fishery Management Council under authority of the Magnuson Fishery Conservation and Management Act. Fishing by U.S. vessels is governed by regulations implementing the FMP at 50 CFR parts 620 and 675.

In accordance with § 675.20(a)(7)(ii), the second seasonal allowance of pollock for vessels catching pollock for processing by the offshore component in the BS was established by the Final 1995 Harvest Specifications of Groundfish (60 FR 8479, February 14, 1995), and augmented from the non-specific operational reserve (60 FR 32278, June 21, 1995) as 440,782 metric tons (mt). The amount actually available is 379,844 mt, subsequent to harvests from the first seasonal allowance.

The Director, Alaska Region, NMFS (Regional Director), has determined in accordance with § 675.20(a)(8), that the second allowance of pollock TAC for vessels catching pollock for processing by the offshore component in the BS
