

proposing herein to clarify that such volumes will be purchased by FGT at a price of eighty (80) percent of the Tivoli Index. This will provide such claimants treatment similar to Unauthorized Gas volumes for which a valid claim is submitted after the first twenty-four (24) hours of the Notice period and for which claimants are not entitled to schedule such volumes.

Any person desiring to be heard or to protest said filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 825 North Capitol Street, NE., Washington, DC 20426, in accordance with Sections 385.211 and 385.214 of the Commission's Rules and Regulations. All such motions or protests should be filed on or before September 27, 1995. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection.

Lois D. Cashell,

Secretary.

[Docket No. RP95-439-000]

Florida Gas Transmission Company; Notice of Proposed Changes in FERC Gas Tariff

September 20, 1995.

Take notice that on September 15, 1995, Florida Gas Transmission Company (FGT) tendered for filing to become part of its FERC Gas Tariff, Third Revised Volume No. 1, effective October 1, 1995, the following tariff sheet:

First Revised Original Sheet No. 117A

FGT states that by orders issued January 15, 1993, April 21, 1993, September 15, 1993 and February 2, 1994, the Federal Energy Regulatory Commission approved the Stipulation and Agreement filed August 25, 1992 in Docket Nos. CP92-182, et al. and authorized FGT to construct and operate a major expansion of its system ("Phase III Expansion"). These orders also authorized FGT to provide firm transportation service through the expanded capacity pursuant to a new firm transportation rate schedule, FTS-2. Construction was completed and service under FTS-2 began March 1, 1995.

As part of the Phase III Expansion, FGT entered into a firm transportation agreement with Southern Natural Gas company ("Southern") for 100,000 MMBtu per day. This agreement became effective with the commencement of service under Rate Schedule FTS-2 on March 1, 1995. The capacity under this arrangement is treated as an extension of FTG's system providing FGT's shippers with access to supplies attached to Southern's system. FGT administers the nominating, scheduling and billing of this capacity.

FGT states further that the current provisions of its Tariff establish a deadline of 10:00 a.m. Central Time by which shippers must provide written nominations to FGT. However, Southern's tariff also requires that FGT's nominations to Southern for FGT's shippers nominating receipt points on Southern's system be submitted by 10:00 a.m. Central Time. This does not allow sufficient time for FGT to process nominations on Southern receipt points, perform any necessary allocations of capacity on such points, and submit nominations on such points to Southern by Southern's same 10:00 a.m. nomination deadline.

FGT states that the instant filing proposes a tariff change to alleviate this situation by providing that FGT's shippers choosing to utilize receipt points on Southern's system shall submit such nominations to FGT by 9:00 a.m. Central Time.

Any person desiring to be heard or to protest said filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 825 North Capitol Street, NE., Washington, DC 20426 in accordance with Sections 385.211 and 385.214 of the Commission's Rules and Regulations. All such motions or protests should be filed on or before September 27, 1995. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room.

Lois D. Cashell,

Secretary.

BILLING CODE 6717-01-M

ENVIRONMENTAL PROTECTION AGENCY

[OW-FRL-5298-6]

Availability of Information Document on Aquatic Life Toxicity

AGENCY: Environmental Protection Agency.

ACTION: Notice of availability of an information document on aquatic life toxicity for Di-2-Ethylhexyl Phthalate (DEHP).

SUMMARY: The U.S. Environmental Protection Agency (EPA) is announcing the availability of an information document on aquatic life toxicity for Di-2-Ethylhexyl Phthalate (DEHP). Ambient water quality criteria documents are developed pursuant to Section 304(a)(1) of the Clean Water Act. The current guidelines for ambient water quality criteria for the protection of aquatic life specify the data needed for development of a national criteria. Sufficient acute and chronic toxicity data for DEHP were not available to derive a national criteria. For this reason, EPA is announcing the availability of an information document which presents only lowest observed effect levels (LOEL's) for DEHP.

The group of chemicals commonly referred to as phthalates are esters of phthalic acid. Phthalates are used in the manufacture of plastics where they increase the flexibility, extensibility and workability of plastic. Di-2-Ethylhexyl Phthalate is the Phthalate compound that is produced in the largest volume.

ADDRESSES: A copy of the comments/responses and supporting documents (cited in the Reference section of this document) are available for review at EPA's Water Docket, 401 M Street, SW., Washington, DC 20460. For access to Docket materials, call (202) 260-3027 between 9 a.m. and 3:30 p.m. for an appointment.

Requests for copies of the supporting documents should be sent to: U.S. Environmental Protection Agency, National Center for Environmental Publications and Information, 11029 Kenwood Road, Cincinnati, OH 45242, (513) 489-8190, Internet address: Waterpubs@EPAMail.EPA.gov.

FOR FURTHER INFORMATION CONTACT: Mr. Patrick Ogbebor, Health and Ecological Criteria Division (4304), U.S. Environmental Protection Agency, 401 M Street, SW., Washington, DC 20460, (202) 260-0658.
