

Code of Federal Regulations, and following consultation with the Committee Management Secretariat, General Services Administration (GSA), notice is hereby given that the Fusion Energy Advisory Committee has been renewed for a two-year period beginning September 1995.

The Committee will provide advice to the Department on long-range plans, priorities, and strategies for demonstrating the scientific and technological feasibility of fusion energy.

The renewal of the Fusion Energy Advisory Committee has been determined to be essential to the conduct of the Department's business and in the public interest in connection with the performance of duties imposed upon the Department of Energy by law. The Committee will continue to operate in accordance with the provisions of the FACA, the Department of Energy Organization Act (Public Law 95-91), the GSA regulation on Federal Advisory Committee Management, and other directives and instructions issued in implementation of those acts.

FOR FURTHER INFORMATION CONTACT:

Ms. Rachel Murphy Samuel, U.S. Department of Energy, HR-62, FORS, Washington, DC 20585, Telephone: (202) 586-3279.

Issued in Washington, DC on September 19, 1995.

Joanne Whitman,

Deputy Advisory Committee Management Officer.

10:00 p.m.

Adjournment

If needed, time will be allotted after public comments for old business, new business, items added to the agenda, and administrative details.

A final agenda will be available at the meeting Wednesday, October 4, 1995.

Public Participation

The meeting is open to the public. Written statements may be filed with the Committee either before or after the meeting. Individuals who wish to make oral statements pertaining to agenda items should contact Don Beck's office at the address or telephone number listed above. Requests must be received 5 days prior to the meeting and reasonable provision will be made to include the presentation in the agenda. The Designated Federal Official is empowered to conduct the meeting in a fashion that will facilitate the orderly conduct of business. Each individual wishing to make public comment will be provided a maximum of 5 minutes to present their comments. Due to programmatic issues that had to be resolved, the Federal Register notice is being published less than fifteen days before the date of the meeting.

Minutes

The minutes of this meeting will be available for public review and copying at the Freedom of Information Public Reading Room, 1E-190, Forrestal Building, 1000 Independence Avenue, SW, Washington, DC 20585 between 9:00 a.m. and 4 p.m., Monday-Friday, except Federal holidays.

Issued at Washington, DC, on September 21, 1995

Rachel M. Samuel,

Acting Deputy Advisory Committee Management Officer.

BILLING CODE 6450-01-P

[FE Docket No. PP-108]

Application for Presidential Permit; Arizona Public Service Company

AGENCY: Office of Fossil Energy, DOE.

ACTION: Notice of application.

SUMMARY: Arizona Public Service Company (APS) has applied for a Presidential Permit in order to construct a new transmission facility at the U.S. border with Mexico.

DATES: Comments, protests or requests to intervene must be submitted on or before October 26, 1995.

ADDRESSES: Comments, protests or requests to intervene should be addressed as follows: Office of Coal & Electricity (FE-52), Office of Fuels Programs, Office of Fossil Energy, Department of Energy, 1000 Independence Avenue, SW, Washington, DC 20585.

FOR FURTHER INFORMATION CONTACT: Warren E. Williams (Program Office) 202-586-9629 or Mike Skinker (Program Attorney) 202-586-6667.

SUPPLEMENTARY INFORMATION: The construction, connection, operation, and maintenance of facilities at the international border of the United States for the transmission of electrical energy is prohibited in the absence of a Presidential permit pursuant to Executive Order No. 12038. Exports of electricity from the United States to a foreign country are also regulated and require authorization under section 202(e) of the Federal Power Act.

On June 22, 1995, APS filed an application with the Office of Fossil

Energy (FE) of the Department of Energy (DOE) for a Presidential permit. This application has been docketed as PP-108. In its application, APS proposes to construct, connect, operate and maintain facilities for the transmission of electricity between the United States and Mexico from a point near San Luis, Yuma County, Arizona, to the international border adjacent to San Luis, Sonora, Mexico. APS proposes to build a new 34.5 kV line running south 1.3 miles from the APS San Luis Substation along the east side of Avenue H1/2 to Avenue A, where it will shift to the west side of Avenue H1/2 and continue south to a point immediately north of the International Boundary and Water Commission 60-foot wide right-of-way. The line will then turn northwesterly and run parallel to the border for 1.5 miles, then turn south and intersect the international border at latitude 32° 29' 8.937" north and longitude 114° 47' 04.001" west. APS has named this proposed facility the "Canal Line."

Procedural Matters

Any person desiring to be heard or to protest this application should file a petition to intervene or protest at the address provided above in accordance with 385.211 or 385.214 of the Rules of Practice and Procedure (18 CFR 385.211, 385.214).

Any such petitions and protests should be filed with the DOE on or before the date listed above. Additional copies of such petitions to intervene or protest also should be filed directly with: Dennis Beals, Manager, Bulk Power Trading & Customer Services, Arizona Public Service Company, P.O. Box 53999, Station 9860, Phoenix, AZ 85072-3999 and Bruce A. Gardner, Esq., Senior Attorney, Arizona Public Service Company, P.O. Box 53999, Station 9820, Phoenix, AZ 85072-3999.

Pursuant to 18 CFR 385.211, protests and comments will be considered by the DOE in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a petition to intervene under 18 CFR 385.214. Section 385.214 requires that a petition to intervene must state, to the extent known, the position taken by the petitioner and the petitioner's interest in sufficient factual detail to demonstrate either that the petitioner has a right to participate because it is a State Commission; that it has or represents an interest which may be directly affected by the outcome of the proceeding, including any interest as a consumer, customer, competitor, or security holder

of a party to the proceeding; or that the petitioner's participation is in the public interest.

A final decision will be made on the application for Presidential permit contained in docket PP-108 after a determination is made by the DOE that the proposed action is in the public interest and will not adversely impact on the reliability of the U.S. electric power supply system.

Before a Presidential permit or electricity export authorization may be issued or amended, the environmental impacts of the proposed DOE action must be evaluated pursuant to the National Environmental Policy Act of 1969 (NEPA).

Copies of this application will be made available, upon request, for public inspection and copying at the address provided above.

Issued in Washington, DC, on September 21, 1995.

Anthony J. Como,

Director, Office of Coal & Electricity, Office of Fuels Programs, Office of Fossil Energy.

BILLING CODE 6450-01-P

Certification of the Radiological Condition of the Wayne Site Vicinity Properties in Wayne, NJ, 1993

AGENCY: Department of Energy.

ACTION: Notice of Certification.

SUMMARY: The Department of Energy (DOE) has completed remedial action to decontaminate eight vicinity properties and portions of the Peck Avenue right-of-way at the Wayne Site in Wayne, New Jersey. These properties were found to contain quantities of radioactive material from activities conducted at the former W. R. Grace and Company facility in Wayne. Radiological surveys show that the properties now meet applicable requirements for unrestricted use. The docket relating to the remedial action is available for inspection and copying at the following addresses.

ADDRESSES: Public Reading Room, Room 1E-190, Forrestal Building, U.S. Department of Energy, 1000 Independence Avenue, SW., Washington, DC 20585

Public Document Room, Oak Ridge Operations Office, U.S. Department of Energy, Oak Ridge, Tennessee 37831
DOE Wayne Information Center, 868 Black Oak Ridge Road, Wayne, New Jersey 07470

FOR FURTHER INFORMATION CONTACT: James W. Wagoner II, Director, Off-Site/Savannah River Program Division, Office of Eastern Area Programs, Office of Environmental Restoration (EM-421),
