BILLING CODE 6560-50-P

40 CFR Part 52

[KY-087-1-6957b; FRL-5290-6]

Approval and Promulgation of Implementation Plans; Kentucky

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: EPA proposes to approve the State Implementation Plan (SIP) revision submitted by the Commonwealth of Kentucky for the purpose of establishing a Federally enforceable state operating permit (FESOP) program, and to update the procedural rules governing the issuance of air permits in Kentucky. In order to extend the Federal enforceability of Kentucky's FESOP to hazardous air pollutants (HAP), EPA is also proposing

approval of Kentucky's FESOP regulations pursuant to section 112 of the Clean Air Act as amended in 1990 (CAA). In the Final Rules Section of this Federal Register, EPA is approving the State's SIP revision as a direct final rule without prior proposal because the Agency views this as a noncontroversial revision amendment and anticipates no adverse comments. A detailed rationale for the approval is set forth in the direct final rule. If no adverse comments are received in response to that direct final rule, no further activity is contemplated in relation to this proposed rule. If EPA receives adverse comments, the direct final rule will be withdrawn and all public comments received will be addressed in a subsequent final rule based on this proposed rule. EPA will not institute a second comment period on this document. Any parties interested in commenting on this document should do so at this time.

DATES: To be considered, comments must be received by October 27, 1995.

ADDRESSES: Written comments should be addressed to: Yolanda Adams, Air Programs Branch, Air, Pesticides & Toxics Management Division, Region 4 Environmental Protection Agency, 345 Courtland Street., NE, Atlanta, Georgia 30365.

Copies of the material submitted by Kentucky may be examined during normal business hours at the following locations:

Air and Radiation Docket and Information Center (Air Docket 6102), U.S. Environmental Protection Agency, 401 M Street, SW., Washington, DC 20460.

Environmental Protection Agency, Region 4 Air Programs Branch, 345 Courtland Street, NE., Atlanta, Georgia 30365.

Division for Air Quality, Department for Environmental Protection, Natural Resources and Environmental Protection Cabinet, 803 Schenkel Lane, Frankfort, Kentucky 40601.

FOR FURTHER INFORMATION CONTACT: Yolanda Adams, Air Programs Branch, Air, Pesticides & Toxics Management Division, Region 4 Environmental Protection Agency, 345 Courtland Street, NE., Atlanta, Georgia 30365. The telephone number is 404/347-3555 x4149.

SUPPLEMENTARY INFORMATION: For additional information, refer to the direct final rule which is published in the rules section of this Federal Register.

Dated: August 23, 1995.

Patrick M. Tobin,

Acting Regional Administrator.

Approval and Promulgation of State Implementation Plans; Texas; Permit Revisions

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: This notice proposes the approval of revisions to Texas Air Control Board General Rules (31 TAC Chapter 101) and Regulation VI (31 TAC Chapter 116), "Control of Air Pollution by Permits for New Construction or Modification" of the Texas State Implementation Plan (SIP). The revisions proposed herein include New Source Review (NSR) definitions and provisions for permitting in nonattainment areas as required by the Clean Air Act (CAA), as amended in 1990. These 1990 CAA NSR provisions were submitted by the Governor on May 13, 1992, November 13, 1992, and August 31, 1993. This action also proposes the approval of other provisions of the General Rules and Regulation VI which have been submitted and not yet acted upon by EPA. These revisions were submitted by the Governor of Texas to EPA on December 11, 1985, October 26, 1987, February 18, 1988, September 29, 1988, December 1, 1989, September 18, 1990, November 5, 1991, May 13, 1992, November 13, 1992, and August 31, 1993. With the exception of the 1990 CAA NSR provisions, none of the other revisions being acted upon in this notice were required by EPA.

In the Rules and Regulations section of this Federal Register, the EPA is approving the State's SIP revision as a direct final rule without prior proposal because the Agency views this as a noncontroversial revision and anticipates no adverse comments. The rationale for the approval is set forth in the direct final rule. If no adverse comments are received in response to this proposed rule, no further activity is contemplated in relation to this rule. If the EPA receives adverse comments, the direct final rule will be withdrawn, and all public comments received during the 30-day comment period set forth below will be addressed in a subsequent final rule based on this proposed rule. Any
