

(2) Will not cause an unreasonable risk to the public health, welfare or safety;

(3) Will not result in any additional range of parameter adjustability; and,

(4) Meets other requirements necessary for certification under the Retrofit/Rebuild Requirements for 1993 and Earlier Model Year Urban Buses (40 CFR Sections 85.1401 through 85.1415).

The Agency hereby certifies this equipment for use in the urban bus retrofit/rebuild program as discussed below in Section IV.

#### IV. Operator Requirements and Responsibilities

In a Federal Register notice dated May 31, 1995 (60 FR 28402), the Agency certified an exhaust catalyst manufactured by the Engelhard Corporation, as a trigger of program requirements. For urban bus operators affected by this program and electing to comply with program 1 requirements, that certification means that rebuilds and replacements of model year 1979–1989 6V92TA MUIs (and all other engines for which that catalyst is applicable) performed 6 months or more after that date of certification, must be performed with equipment certified to reduce PM emissions by 25 percent or more. The certified DDC equipment may be used immediately by urban bus operators who have chosen to comply with either program 1 or program 2, as follows.

Today's Federal Register notice certifies the above-described DDC equipment, when properly applied, as meeting the requirement to reduce PM by 25 percent. Urban bus operators who choose to comply with program 1 may use the certified DDC equipment unless equipment is certified as triggering the 0.10 g/bhp-hr standard for the 1979 through 1989 6V92TA MUI engines. Either certified upgrade configuration when applied to engines of model year 1979 through 1987 meets the program requirement to reduce PM by at least 25 percent. The 1979 through 1987 upgrade configuration is not certified for 1988 and 1989 model year engines. To receive 25 percent reduction using the certified DDC upgrade kit, rebuilds of 1988 and 1989 model year engines must be performed using the 1988 and 1989 upgrade configuration.

Operators that have chosen to comply with program 2 may use the certified DDC equipment, as discussed in the above paragraph, along with the respective PM certification level from Table B when calculating their average fleet PM level.

As stated in the program regulations (40 CFR 85.1401 through 85.1415),

operators should maintain records for each engine in their fleet to demonstrate that they are in compliance with the requirements beginning in January 1, 1995. These records include purchase records, receipts, and part numbers for the parts and components used in the rebuilding of urban bus engines.

Dated: September 25, 1995.

Richard Wilson,

*Acting Assistant Administrator for Air and Radiation.*

#### National Environmental Justice Advisory Council; Notifications of Charter Renewal and of Public Advisory Committee Meeting(s); Open Meeting

Pursuant to the Federal Advisory Committee Act (FACA), Public Law 92-463, two notices are hereby given as follows: (1) The Charter is reissued for a 2 year period to renew the National Environmental Justice Advisory Council (NEJAC). Information regarding the new NEJAC membership and other pertinent Environmental Justice knowledge can be obtained by dialing the 24 Hour Office of Environmental Justice Information Line on 1-800-962-6215; and (2) The National Environmental Justice Advisory Council (NEJAC) along with the subcommittees will meet on the dates and times described below. All times noted are Eastern Standard Time. All meetings are open to the public. Due to limited space, seating at the NEJAC meeting will be on a first-come basis. Documents that are the subject of NEJAC reviews are normally available from the originating EPA office and are not available from the NEJAC. The meetings will occur at the Omni Shoreham Hotel, 2500 Calvert Street, NW, Washington, DC 20008, Phone: 202/234-0700, FAX: 202/265-5333.

The full NEJAC will meet Tuesday, December 12, from 9 a.m. to 7:30 p.m. and Thursday, December 14 from 1 p.m. to 5 p.m. to discuss the role of the new subcommittees, follow-up on pending items from the July meeting, and discuss new business for the NEJAC. A public comment period is scheduled from 6:00-7:30 p.m. on Tuesday, December 12.

The four subcommittees and the two newly added subcommittees named below will meet on Wednesday, December 13, from 8:00 a.m. to 5:00 p.m. and on Thursday, December 14, from 8:00 a.m. to 12:00 p.m. Any member of the public wishing further

information on the subcommittee meetings should contact the specific Designated Federal Official at the telephone number listed below.

Members of the public who wish to make a brief oral presentation should contact Dee Richardson of PRC Environmental Management, Inc. no later than December 1, 1995 in order to have time reserved on the agenda. In general, each individual or group making an oral presentation will be limited to a total time of five minutes. Written comments of any length (at least 35 copies) should be received no later than December 1, comments received after that date will be provided to the Council as logistics allow. They should be sent to PRC Environmental Management, Inc., 1593 Spring Hill Road, Suite 300, Vienna, VA 22182. Telephone number is 703-287-8880 or FAX: 703-287-8910.
