

assassination records be released by the year 2017, with the exception of records that the President of the United States certifies for continued postponement after that point.

The Review Board will seek to identify and secure assassination records held by Federal, state, and local governments as well as records held by private entities.

The Senate report on the JFK Act states that "the underlying principles guiding the legislation are independence, public confidence, efficiency, and cost effectiveness." In order to achieve these objectives, the Act gives the Review Board the specific powers to: (1) Direct Government offices to provide identification aids and organize assassination records; (2) direct Government offices to transmit assassination records to the National Archives; (3) obtain assassination records that have been identified and organized by a Government office; (4) direct Government offices to investigate the facts, additional information, records, or testimony from individuals which the Review Board has reason to believe is required; (5) request the Attorney General to subpoena private persons to compel testimony, records, and other relevant information; (6) require any Government office to account in writing for the destruction of any records relating to the assassination of President Kennedy; (7) receive information from the public regarding the identification and public disclosure of assassination records; and (8) hold hearings, administer oaths, and subpoena witnesses and documents.

The Review Board is currently supported by a senior staff consisting of an Executive Director, an Associate Director for Communications, an Associate Director for Administration, and an Associate Director for Research and Analysis, who is also serving as Acting General Counsel. In addition to the senior staff, the Review Board has hired a Chief Investigator, fourteen analysts, five administrative support personnel, an investigator, and a part-time computer specialist.

Activities of the Review Board are carried out through the operation of a central office located in Washington, D.C. The Review Board's office is located at 600 E Street NW., 2nd Floor, Washington, DC 20530.

The Review Board has until October 1, 1996, to fulfill its mandate, plus an additional year at the Review Board's discretion to complete its responsibilities.

The Review Board issues this notice in accordance with the affirmative

disclosure provisions of the FOIA, at 5 U.S.C. 552(a)(1).

Dated: September 27, 1995.

David G. Marwell,
Executive Director.

Foreign-Trade Zones Board

[Docket 55-95]

Foreign-Trade Zone 26—Atlanta, Georgia; Application for Expansion

An application has been submitted to the Foreign-Trade Zones Board (the Board) by the Georgia Foreign-Trade Zone, Inc., grantee of Foreign-Trade Zone 26, requesting authority to expand its zone in the Atlanta, Georgia area, within the Atlanta Customs port of entry. The application was submitted pursuant to the provisions of the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a-81u), and the regulations of the Board (15 CFR part 400). It was formally filed on September 22, 1995.

FTZ 26 was approved on January 17, 1977 (Board Order 115, 42 FR 4186, 1/24/77) and reorganized on April 18, 1988 (Board Order 381, 53 FR 15254, 4/28/88). The general-purpose zone currently consists of a 275-acre site adjacent to Hartsfield Atlanta International Airport (HAIA) in Clayton and Fulton Counties, Georgia.

The applicant is now requesting authority to expand the general-purpose zone to include three separate jet fuel storage and distribution facilities (9.7

acres) at HAIA: the Atlecon Fuel Corporation fuel facility (3 tanks, 1.7 acres); the Epsilon Trading, Inc. fuel facility (10 tanks, 5.7 acres); and, the Airport Group International, Inc. (formerly Lockheed Air Terminal, Inc.) fuel facility (2 tanks, 2.3 acres). The facilities include underground fuel transmission lines, hydrant lines and associated pumps, valves, meters and other equipment. Atlecon is a consortium of airlines that operate international flights at the airport. Epsilon Trading, Inc. is a subsidiary of Delta Air Lines, Inc., and the Airport Group International, Inc. is a subsidiary of Lockheed Martin Corporation. All carriers are permitted to utilize these systems pursuant to a uniformly applied fee structure.

Zone procedures will provide Customs duty-free treatment for jet fuel used in international flights. Some of the jet fuel will come from domestic oil refineries operating under FTZ procedures.

No specific manufacturing requests are being made at this time. Such requests would be made to the Board on a case-by-case basis.

In accordance with the Board's regulations, a member of the FTZ Staff has been designated examiner to investigate the application and report to the Board.

Public comment on the application is invited from interested parties. Submissions (original and 3 copies) shall be addressed to the Board's Executive Secretary at the address below. The closing period for their receipt is December 4, 1995. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period (to December 18, 1995).

A copy of the application and accompanying exhibits will be available for public inspection at each of the following locations:

U.S. Department of Commerce, District Office, Plaza Square North, Suite 310, 4360 Chamblee Dunwoody Road, Atlanta, Georgia 30341

[Docket A(32b1)-18-95]

Foreign-Trade Zone 172—Oneida County, NY Request for Manufacturing Authority for Low Complexity Manufacturing Group, Inc. (Copier, Laser Printer Components)

An application has been submitted to the Foreign-Trade Zones Board (the Board) by the County of Oneida, New York, grantee of FTZ 172, pursuant to § 400.32(b)(1) of the Board's regulations (15 CFR Part 400), requesting authority on behalf of Low Complexity Manufacturing Group, Inc. (wholly-owned subsidiary of Xerox Corporation) (LCMG), to manufacture certain copier and laser printer components under zone procedures within FTZ 172. It was formally filed on September 20, 1995.

The FTZ Board approved subzone status for the Xerox Corporation in Webster, New York, in 1983 (Subzone 23A, Board Order 220, 48 FR 35479, 8/4/83; grant transferred to FTZ 141 as Subzone 141B on 12/27/90, Board Order 498, 56 FR 675, 1/8/91). In 1988, Xerox was authorized to manufacture laser printers in the subzone (Doc. 13-88, 7/29/88). In 1993, Xerox started up production (similar to existing production activities at the Xerox Webster Subzone 141B) of certain copier and laser printer components to LCMG, which operates a facility within FTZ 172. This activity had been conducted under zone procedures within FTZ SZ 141B, and authority is now being sought to use zone procedures for this activity at FTZ 172.

The LCMG facility in FTZ 172 is currently used for the manufacture and remanufacture of copier and laser printer cartridge replacement units and related components. Certain materials would be sourced from abroad, including: trim blade assembly, corotron wire assembly, magnetic roller, charge scorotron assembly, screws, washers, springs, gears, photoreceptors, filters, packaging, bearings, and toner (duty rates: 0-8.1%). The finished subassemblies include printer cartridges with and without toner fill, mag roll assemblies, and copy machine subassemblies with photoreceptor.

Zone procedures would exempt LCMG from Customs duty payments on the foreign materials used in export manufacture. On domestic shipments, LCMG would be allowed to choose the duty rates that apply to finished cartridges and assemblies (0-3.5%) instead of the rates that would otherwise apply to the foreign materials (0-8.1%). The application indicates that zone procedures for this activity would

contribute to the company's overall international competitiveness.

Public comments on the application is invited from interested parties. Submissions (original and three copies) shall be addressed to the Board's Executive Secretary at the address below. The closing period of their receipt is November 2, 1995. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period to November 17, 1995.

A copy of the application and the accompanying exhibits will be available for public inspection at the following location: Office of the Executive Secretary, Foreign-Trade Zones Board, Room 3716, U.S. Department of Commerce, 14th & Pennsylvania Avenue, NW, Washington, DC 20230.

Dated: September 26, 1995.
