Approval and Promulgation of Implementation Plans North Carolina: Approval of Revisions to the State Implementation Plan

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: On March 23, 1995, the State of North Carolina, through the North Carolina Department of Environment, Health and Natural Resources, submitted revisions to the North Carolina State Implementation Plan (SIP). These revisions are the adoption of amendments to rules 15A NCAC 2D .0501 Compliance With Emission Control Standards, .0516 Sulfur Dioxide Emissions From Combustion Sources, and .0530 Prevention Of Significant Deterioration. These revisions were the subject of public hearings held on March 28 and 30, 1994. In the final rules section of this Federal Register, the EPA is approving the State's SIP revision as a direct final rule without prior proposal because the EPA views this as a noncontroversial revision amendment and anticipates no adverse comments. A detailed rationale for the approval is set forth in the direct final rule. If no adverse comments are received in response to this proposed rule, no further activity is contemplated in relation to this proposed rule. If EPA receives adverse comments, the direct final rule will be withdrawn and all public comments received will be

addressed in a subsequent final rule based on this proposed rule. The EPA will not institute a second comment period on this document. Any parties interested in commenting on this document should do so at this time.

DATES: To be considered, comments must be received by November 3, 1995.

ADDRESSES: Written comments on this action should be addressed to Mr. Scott M. Martin at the EPA Regional Office listed.

Acquisition Regulation; Monthly Progress Reports and Submission of Invoices

AGENCY: Environmental Protection Agency.

ACTION: Proposed rule.

SUMMARY: The Environmental Protection Agency (EPA) is proposing to amend the

EPA Acquisition Regulation (EPAAR) to revise contract clauses for monthly progress reports, submission of invoices, and other related information.

DATES: Comments should be submitted by December 4, 1995.

ADDRESSES: Environmental Protection Agency, Office of Acquisition Management (3802F), 401 M Street SW., Washington, DC 20460.

FOR FURTHER INFORMATION CONTACT: Larry Wyborski, Telephone: (202) 260-6482.

SUPPLEMENTARY INFORMATION:

I. Background Information

As a result of an internal assessment of EPA's invoice review process for contracts, the Agency is proposing changes to certain EPAAR clauses and related information. This includes requesting more detailed cost information from contractors in a number of areas, including charges by subcontractors. These changes will enhance EPA's ability to determine whether contract costs are allowable for payment purposes.

II. Executive Order 12866

This is not a significant regulatory action under Executive Order 12866; therefore, no review is required at the Office of Information and Regulatory Affairs within OMB.

III. Paperwork Reduction Act

The Office of Management and Budget (OMB) has approved the information collection and recordkeeping requirements contained in this proposed rule under the provisions of the Paperwork Reduction Act, 44 U.S.C. 3501 et seq. An OMB control number 2030-0005 has been assigned.

This rule is not estimated to change the annual burden of information collection and recordkeeping requirements, which is estimated to be 43 hours per response.

IV. Regulatory Flexibility Act

This rule is not expected to have a significant impact on a substantial number of small entities within the meaning of the Regulatory Flexibility Act, 5 U.S.C. 601 et seq. Under invoicing procedures, contractors submit payment requests to the Government based on known costs incurred. Compliance with this requirement will involve minimal cost or effort for any entity, large or small.

V. Unfunded Mandates Reform Act

Title II of the Unfunded Mandates Reform Act of 1995 (UMRA) P.L. 104-4, establishes requirements for Federal
