Alabama Electric Cooperative, Inc.; Notice of Availability of Environmental Assessment

September 28, 1995.

In accordance with the National Environmental Policy Act of 1969 and the Federal Energy Regulatory Commission's (Commission's) Regulations, 18 CFR part 380 (Order 486, 52 FR 47897), the Commission's Office of Hydropower Licensing has reviewed an application to amend the license and for a non-project use of project lands and waters for the Conecuh River Project, located on the Conecuh River, in Convington County, Alabama. The application's major proposed change is: Temporary drawdown of the Point A Reservoir. An Environmental Assessment (EA) was prepared for the plan. The EA finds that approving the plan would not constitute a major federal action significantly affecting the quality of the human environment.
