ENVIRONMENTAL PROTECTION AGENCY

[FRL-5311-9]

Proposed Settlement; Acid Rain Allowance Allocations and Reserves Rule Litigation

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of proposed settlement; request for public comment.

SUMMARY: In accordance with section 113(g) of the Clean Air Act ("Act"), notice is hereby given of a proposed settlement of *International Fabricare Institute v. U.S. Environmental Protection Agency*, No. 93-1773 (D.C. Cir.).

This case involves a challenge to the final rule, entitled "National Emission Standards for Hazardous Air Pollutants for Perchloroethylene Dry Cleaning Facilities," which, *inter alia*, established limits for emissions of perchloroethylene from categories and subcategories of perchloroethylene dry cleaning facilities under section 112(d) of the Act. 58 FR 49,376 (Sept. 22, 1993).

For a period of thirty (30) days following the date of publication of this notice, the Environmental Protection Agency will receive written comments relating to the settlement from persons who were not named as parties to the litigation in question. The Agency or the Department of Justice may withhold or withdraw consent to the proposed settlement if the comments disclose facts or circumstances that indicate that such consent is inappropriate, improper, inadequate, or inconsistent with the requirements of the Act. Copies of the settlement are available from Samantha Hooks, Air and Radiation Division (2344), Office of General Counsel, U.S. Environmental Protection Agency, 401 M Street, S.W., Washington, D.C. 20460, (202) 260-7606. Written comments should be sent to Jon Averbach at the above address and must be submitted on or before November 3, 1995.

Dated: September 19, 1995.

Jonathan Z. Cannon,
Assistant Administrator (General Counsel).

[FRL-5311-5]

Public Water System Supervision Program; Program Revision for the State of Nevada

AGENCY: U.S. Environmental Protection Agency (EPA).

ACTION: Notice of decision and opportunity for hearing.

SUMMARY: Notice is hereby given that the State of Nevada is revising its approved State Public Water System Supervision Program. Nevada has adopted new regulations to address new/revised organic and inorganic compounds in drinking water. The state regulations correspond to National Primary Drinking Water Regulations promulgated by EPA on July 17, 1992 (57 FR 31776). EPA has determined that the state program revision is no less stringent than the corresponding federal rule. Therefore, EPA has tentatively decided to approve the state program revision.

All interested parties are invited to request a public hearing. A request for a public hearing must be submitted by November 3, 1995, to the Regional Administrator at the address shown below. Insubstantial requests for a hearing may be denied by the Regional Administrator. If no timely and appropriate request for a hearing is received and the Regional Administrator does not elect to hold a hearing on her own motion, this determination shall be effective November 3, 1995.

Any request for a public hearing shall include the following: (1) The name, address, and telephone number of the individual, organization, or other entity requesting a hearing; (2) a brief statement of the requesting person's interest in the Regional Administrator's determination and of information that the requesting person intends to submit at such hearing; and (3) the signature of the individual making the request, or, if the request is made on behalf of an organization or other entity, the signature of a responsible official of the organization or entity.

ADDRESSES: All documents relating to this determination are available for inspection between the hours of 9:00 and 4:00 p.m., Monday through Friday, at the following offices: Department of Human Resources, State Health Division, Bureau of Health Protection Services, 505 E. King Street, Carson City, Nevada 89710; and EPA, Region IX, Water Management Division, Drinking Water Protection Branch, Drinking Water Section (W-6-1), 75 Hawthorne Street, San Francisco, CA 94105.

FOR FURTHER INFORMATION CONTACT: Corine Li, EPA, Region IX at the San Francisco address given above or by telephone at (415) 744-1858.

(Sec. 1413 of the Safe Drinking Water Act as amended (1986); and 40 CFR 142.10 of the National Primary Drinking Water Regulations)

Dated: September 25, 1995.

Felicia Marcus,

Regional Administrator.

BILLING CODE 6560-50-P

[FRL-5311-8]

Montana Board of Oil and Gas Conservation; Underground Injection Control; Primacy Application

AGENCY: Environmental Protection Agency.

ACTION: Notice of public comment period and of public hearing.

SUMMARY: The purpose of this notice is to announce that: (1) The Environmental Protection Agency (EPA) has received an application from the Montana Board of Oil and Gas Conservation requesting primary enforcement responsibility for the Underground Injection Control (UIC) Program for Class II injection wells; (2) determined the application contains all the required elements; (3) the application is available for inspection and copying; (4) public comments are requested; and (5) a public hearing will be held.

Section 1422 (b)(4) of the Safe Drinking Water Act (SDWA) requires that prior to approving, disapproving, or approving in part, a State's UIC program, the Administrator provide opportunity for a public hearing. This notification advises the public of the date, time and location of the required public hearing.

The proposed comment period and public hearing will provide EPA the breadth of information and public opinion necessary to approve, disapprove, or approve in part the application from the Montana Board of Oil and Gas Conservation to regulate Class II injection wells under provisions of Section 1425 of the SDWA.

DATES: Requests to present oral testimony must be filed by November 8, 1995; the public hearing will be held on November 14, 1995, at 7:00 p.m. Written comments must be received by November 21, 1995.

ADDRESSES: Comments and requests to testify should be mailed to Dan Jackson, Ground Water Unit (8P2-GW), Environmental Protection Agency, Region VIII, 999 18th Street, Suite 500,

Denver, Colorado, 80202-2466. The hearing will be held in the Galletin meeting room in the Holiday Inn, 5500 Midland Road, Billings, Montana. Copies of the application and pertinent materials are available between 8:30 a.m. and 4:00 p.m. Monday through Friday at the following locations:

Environmental Protection Agency, Region VIII, Ground Water Unit, 4th Floor Terrace, 999 18th Street, Suite 500, Denver, CO 80202-2466, PH: (303) 293-1434

Montana Board of Oil and Gas Conservation, 2535 St. Johns Avenue, Billings, MT 59102, PH: (406) 656-0040

Environmental Protection Agency, Region VIII, Montana Office Building, Federal Office Building, 301 S. Park, Helena MT 59626-0026, PH: (406) 449-5486

FOR FURTHER INFORMATION CONTACT: Paul S. Osborne, Ground Water Unit (8P2-GW), Environmental Protection Agency, Region VIII, 999 18th Street, Suite 500, Denver, CO 80202-2466, (303) 293-1418 (Voice Mail) or (303) 294-1183.

SUPPLEMENTARY INFORMATION: The UIC program was implemented to prevent contamination of all Underground Sources of Drinking Water (USDW's), which are aquifers capable of yielding a significant amount of water containing less than 10,000 mg/liter of total dissolved solids. If the application by the Montana Board of Oil and Gas Conservation is approved, the State would be responsible for preventing endangerment of USDWs by the following activities: (1) Disposal (via injection wells) of fluids produced in conjunction with primary oil and gas development and production, including gas plant waste; (2) injection for the purpose of storing liquid hydrocarbons; and (3) injection of fluids for the purpose of enhanced recovery of oil and gas. The program proposed by the State will regulate Class II injection activities by establishing state permits which will include technical requirements for the protection of USDW's. Such requirements include criteria for construction, testing, operation, monitoring, and abandonment of injection wells.

At present, there are approximately 1,232 Class II injection wells in Montana. The USEPA has held primary enforcement authority for the UIC program in Montana since the program was implemented in 1984. The application from the Montana Board of Oil and Gas Conservation requests that EPA delegate to the State, primary enforcement authority for the regulation of all Class II injection wells on all lands subject to the State's police power and taxing authority and all lands owned or under the jurisdiction of the United States, except those wells located within

the exterior boundaries on an Indian Reservation pursuant to 40 CFR 144.3. The application includes program description, copies of all applicable rules and forms, a quality assurance plan, a statement of legal authority and appropriate memoranda of agreement.

Dated: September 27, 1995.

Max H. Dodson,

Director, Region VIII, Water Management Division.

BILLING CODE 6560-50-P

FEDERAL DEPOSIT INSURANCE CORPORATION

Privacy Act of 1974; Amendment to an Existing System of Records

AGENCY: Federal Deposit Insurance Corporation (FDIC).

ACTION: Notice of amendment to an existing system of records—"Financial Institutions Investigative and Enforcement Records System".

SUMMARY: As part of an ongoing examination of the FDIC's systems of records, the Financial Institutions Investigative and Enforcement Records System has been reviewed for compliance with the Privacy Act of 1974, 5 U.S.C. 552a. Numerous amendments have been made to the existing system notice that will update the following elements in this system of records: System location, safeguards, retention and disposal, system manager(s) and address, and notification procedure. Some of the changes reflect the FDIC's intention to maintain a portion of the records in this system of records in a computerized database to be managed by the Financial Crimes Enforcement Network (FinCEN), Department of the Treasury, pursuant to an inter-agency support agreement. Other changes reflect organizational changes within the FDIC. Finally, a portion of the notification procedure has been amended in light of *Summers v. United States Department of Justice*, 999 F. 2d 570 (D.C. Cir. 1993).

DATES: Comments on the amendment of this system must be submitted by November 13, 1995. The system will become effective November 28, 1995, unless a superseding notice to the contrary is published before that date.

ADDRESSES: Comments should be addressed to Jerry L. Langley, Executive Secretary, Federal Deposit Insurance Corporation, 550-17th Street, NW, Washington, DC 20429, or hand-delivered to Room F-400 at 1776 F Street, NW, Washington, DC, Monday

through Friday, between the hours of 8:30 a.m. and 5 p.m. [FAX number: (202) 898-3838; Internet E-mail: comments@fdic.gov]

FOR FURTHER INFORMATION CONTACT: Frederick N. Ottie, Attorney, FDIC, 550-17th Street, NW, Washington, DC 20429, (202) 898-6679.

SUPPLEMENTARY INFORMATION: The FDIC's system of records entitled Financial Institutions Investigative and Enforcement Records System is being amended. The modifications include updating descriptions in the system location as well as the system manager and address elements to reflect both organizational changes within the FDIC and the FDIC's intention that criminal referral reports and status updates, currently maintained in this system of records, henceforth be managed by FinCEN pursuant to an inter-agency support agreement.

In this regard, the FDIC has entered into an agreement with FinCEN, the Board of Governors of the Federal Reserve System, the Office of Thrift Supervision, the Office of the Comptroller of the Currency, and the National Credit Union Administration (the participating agencies). Under the agreement, FinCEN will manage a computerized database containing criminal referral reports and status updates, information currently collected and/or maintained separately by the participating agencies. The participating agencies are currently revising or issuing published rules to simplify the reporting requirements for financial institutions by prescribing a single form to be filed with FinCEN.

For purposes of the Privacy Act, only those records generated under the jurisdiction of the FDIC are considered to be FDIC records contained in this database. Authority to access and use these FDIC records by other agencies, as well as by the participating agencies, is neither created nor increased by this agreement. Access to and use of these FDIC records by all other agencies will continue to be governed by the existing published routine uses for the FDIC's Financial Institutions Investigative and Enforcement Records System. The computerized augmentation of this existing system of records facilitates access by the participating agencies pursuant to existing routine uses and in accordance with the terms of the inter-agency support agreement. It also enables the FDIC to expand internal access to regional offices of the FDIC's Division of Supervision and Legal Division. All of these changes are noted in the system location element of the amended system notice.
