

During the summer months, Northern made available equivalent volumes of gas to those that it received in the winter months, plus two and one half percent (2.5%) for compressor fuel, to Natural in Mills County, Iowa, from, where, pursuant to the Transportation Agreement, Natural redelivered such gas back to Peoples and North Shore during two redelivery periods from April 1, 1980, through October 31, 1980, and from April 1, 1981, through October 31, 1981. Natural and Northern state that the effect of these arrangements was to provide for a delayed exchange of gas between Natural (for the accounts of Peoples and North Shore) and Northern.

Natural further states that it received letters from Northern dated August 22, 1995; Peoples dated September 7, 1995; and North Shore dated September 7, 1995, indicating that they no longer needed the transportation and rescheduling of deliveries services provided under the Transportation and Rescheduling Agreements.

Any person desiring to be heard or to make any protest with reference to said application should on or before October 24, 1995, file with the Federal Energy Regulatory Commission, Washington, D.C. 20426, a motion to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the Natural Gas Act (18 CFR 157.10). Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a motion to intervene in accordance with the Commission's Rules.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Energy Regulatory Commission by Sections 7 and 15 of the Natural Gas Act and the Commission's Rules of Practice and Procedure, a hearing will be held without further notice before the Commission or its designee on this application if no motion to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that permission and approval for the proposed abandonment are required by the public convenience and necessity. If a motion for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Natural or Northern to appear or be represented at the hearing.
