SUPPLEMENTARY INFORMATION:

I. Background

Under section 1115 of the Social Security Act (the Act), the Secretary of Health and Human Services (HHS) may approve research and demonstration project proposals with a broad range of policy objectives.

In exercising her discretionary authority, the Secretary has developed a number of policies and procedures for reviewing proposals. On September 27, 1994, we published a notice in the **Federal Register** (59 FR 49249) that specified (1) the principles that we ordinarily will consider when approving or disapproving demonstration projects under the authority in section 1115(a) of the Act; (2) the procedures we expect States to use in involving the public in the development of proposed demonstration projects under section 1115; and (3) the procedures we ordinarily will follow in reviewing demonstration proposals. We are committed to a thorough and expeditious review of State requests to conduct such demonstrations.

On August 16, 1995, the Secretary published a notice in the **Federal Register** (60 FR 42574) exercising her discretion to request proposals testing welfare reform strategies in five areas. Since such projects can only incorporate provisions included in that announcement, they are not subject to the Federal notice procedures. The Secretary proposed a 30 day approval process for those provisions. As previously noted, this notice lists all new or pending welfare reform demonstration proposals under section 1115. Where possible, we have identified the proposals being considered under the 30 day process. However, the Secretary reserves the right to exercise her discretion to consider any proposal under the 30 day process if it meets the criteria in the five specified areas and the State requests it or concurs.
