## NUCLEAR REGULATORY COMMISSION

### Implementation Guidance for the Rulemaking on Radiological Criteria for Decommissioning; Availability of World-Wide Web Site

**AGENCY:** Nuclear Regulatory Commission.

**ACTION:** Notice of availability of a world-wide web site to support interactive discussions related to development of implementation guidance for the decommissioning rulemaking.

**SUMMARY:** This notice is to advise the public that the Nuclear Regulatory Commission (NRC) has established an interactive web page on the Internet that will increase public access to the guidance as it is being developed by NRC staff. Specifically, the web page supports interactive discussions related to development of implementation guidance for the NRC's rulemaking on radiological criteria for decommissioning. The web page is open to the public and acts as a forum for discussions with NRC staff regarding implementation issues. The web page will be devoted to the further development of useful implementation guidance and users will have the opportunity to review and comment on staff documents as they are developed. Comments received will be available for review by other users.

**FOR FURTHER INFORMATION CONTACT:** Christine Daily, Office of Research, Mail Stop T-9C24, U.S. Nuclear Regulatory Commission, Washington, DC 20555, telephone (301) 415-6026.

**SUPPLEMENTARY INFORMATION:** A notice of availability of the enhanced participatory rulemaking electronic bulletin board and 800 number was published in the Federal Register on July 13, 1993 (58 FR 37760). The purpose of the electronic bulletin board was to afford public access to the enhanced participatory rulemaking process being employed to develop radiological criteria for decommissioning.

The NRC has now set up an interactive web page on the Internet to increase public access to the development of guidance documents related to radiological criteria for decommissioning. This interactive web

page will facilitate technical discussions regarding implementation issues associated with the decommissioning rulemaking and will allow members of the public as well as people with expertise and experience in areas related to pathways modeling, dose assessment, performance of site surveys, and instrumentation to provide information and assistance to the NRC in the development of implementation guidance for the final decommissioning rule.

For individuals without current access to a computer with a connection to the world wide web, area college or university libraries, or local public libraries, may offer access to the internet and the world wide web. To connect to this web page, point the web browser to <http://www.nrc.gov/news.html/> and select the link under the "Decommissioning Implementation" heading in "What's New", or link directly via <http://orsun.saic.com:8086/cgi-bin/HyperNews/get/home.html>

If you have any questions or comments about the interactive web page, please leave them in the comments section on the main page. This section works like e-mail and will be reviewed at least once each day by the NRC staff.

Dated at Rockville, Maryland, this 4th day of October, 1995.

For the Nuclear Regulatory Commission.  
Bill M. Morris,  
Director, Division of Regulatory Applications,  
Office of Nuclear Regulatory Research.

## SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-36336; File No. SR-NASD-95-44]

### Self-Regulatory Organizations; Notice of Filing and Immediate Effectiveness of Proposed Rule Change by National Association of Securities Dealers, Inc. Relating to Small Order Execution System Tier Size Classifications

October 4, 1995.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"), 15 U.S.C. 78s(b)(1), notice is hereby given that on October 2, 1995, the National Association of Securities Dealers, Inc. ("NASD" or "Association") filed with the Securities and Exchange Commission ("Commission" or "SEC") the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the NASD. The Commission is publishing this notice to

solicit comments on the proposed rule change from interested persons.

#### I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The NASD is submitting this filing to effectuate The Nasdaq Stock Market, Inc.'s ("Nasdaq") periodic reclassification of Nasdaq National Market ("NNM") securities into appropriate tier sizes for purposes of determining the maximum size order for a particular security eligible for execution through Nasdaq's Small Order Execution System ("SOES") and the minimum quote size requirements for Nasdaq market makers in NNM securities. Specifically, under the proposal, 900 NNM securities will be reclassified into a different SOES tier size effective November 13, 1995. Since the NASD's proposal is an interpretation of existing NASD rules, there are no language changes.

#### II. Self-Regulatory Organization's Statement of the Purpose of and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the NASD included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The NASD has prepared summaries, set forth in Sections (A), (B), and (C) below, of the most significant aspects of such statements.

##### (A) Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

The purpose of the rule change is to effectuate Nasdaq's periodic reclassification of NNM securities into appropriate tier sizes for purposes of determining the maximum size order for a particular security eligible for execution through SOES and the minimum quote size requirements for Nasdaq market makers in NNM securities. Nasdaq periodically reviews the SOES tier size applicable to each NNM security to determine if the trading characteristics of the issue have changed so as to warrant a tier size adjustment. Such a review was conducted as of March 31, 1995, using the following established criteria:<sup>1</sup>

<sup>1</sup> The classification criteria is set forth in footnote 1 to Section (a)(7) of the SOES Rules and Section 2(a) of Part V of Schedule D to the NASD By-Laws.
