Foreign-Trade Zones Board

[Docket 58-95]

Foreign-Trade Zone 35, Philadelphia, PA Proposed Foreign-Trade Subzone BP Exploration & Oil Inc. (Oil Refinery Complex) Delaware County, PA

An application has been submitted to the Foreign-Trade Zones Board (the Board) by the Philadelphia Regional Port Authority, grantee of FTZ 35, requesting special-purpose subzone status for the oil refinery complex of BP Exploration & Oil Inc., located in Delaware County, Pennsylvania (Philadelphia area). The application was submitted pursuant to the provisions of the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a-81u), and the regulations of the Board (15 CFR part 400). It was formally filed on September 29, 1995.

The refinery complex consists of 2 sites totalling 477 acres in Delaware County, Pennsylvania: *Site 1* (323 acres)—main refinery and

petrochemical feedstock complex located on the Delaware River at Post Road, Marcus Hook, some 17 miles southwest of Philadelphia; *Site 2* (154 acres)—Chelsea tank farm, connected by pipeline and located some 5 miles from the refinery.

The refinery (180,000 barrels per day; 500 employees) is used to produce fuels and petrochemical feedstocks. Fuels produced include gasoline, jet fuel, distillates, residual fuels, and naphthas. Petrochemicals include methane, ethane, butane, propane, toluene, benzene, and xylene. Refinery by-products include petroleum coke, asphalt and carbon black. All of the crude oil (90 percent of inputs), and some feedstocks are sourced abroad.

Zone procedures would exempt the refinery from Customs duty payments on the foreign products used in its exports. On domestic sales, the company would be able to choose the finished product duty rate (nonprivileged foreign status—NPF) on certain petrochemical feedstocks and refinery by-products (duty-free). The duty on crude oil ranges from 5.25¢ to 10.5¢/barrel. The application indicates that the savings from zone procedures would help improve the refinery's international competitiveness.

In accordance with the Board's regulations, a member of the FTZ Staff has been designated examiner to investigate the application and report to the Board.

Public comment is invited from interested parties. Submissions (original and 3 copies) shall be addressed to the Board's Executive Secretary at the address below. The closing period for their receipt is December 11, 1995. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period (to December 26, 1995).

A copy of the application and accompanying exhibits will be available for public inspection at each of the following locations:
