Bonneville Power Administration

Notice of Availability of Record of Decision for Industrial Incentive Rate Sale for Idle Pacific Northwest Industrial Production From October 1, 1995 to September 30, 1996

AGENCY: Bonneville Power Administration (BPA), Department of Energy (DOE).

ACTION: Notice of Availability of Record of Decision (ROD).

SUMMARY: BPA has decided to offer up to 700 average megawatts of short-term (one year) surplus firm power to restart idled Pacific Northwest (PNW) industrial loads. The power will be priced monthly and will average 17.83 mills at 100% load factor. These contracts are available from October 1, 1995 through September 30, 1996. In an effort to serve as much idled industrial capacity load as possible, BPA is making a surplus firm power offer that is competitive in the current market situation. In making this offer, BPA is continuing its Market-Driven approach for participation in the increasingly competitive electric power market.

This notice announces the availability of the ROD for the industrial incentive rate sale for idle PNW industrial production from October 1, 1995 to September 30, 1996. This decision is consistent with BPA's Business Plan, Business Plan Environmental Impact Statement (BP EIS)(DOE/EIS-0183, June 1995) and the Business Plan ROD (August 15, 1995).

ADDRESSES: Copies of the Business Plan, BP EIS, the Business Plan ROD, and this ROD may be obtained by calling BPA's toll-free document request line: 1-800-622-4520.
