Order

*Adopted:* September 22, 1995

*Released:* September 25, 1995

By the Chief, International Bureau:

1. By this Order, we grant an extension of time, until October 10, 1995, in which to file reply comments in response to the Third Notice of Proposed Rulemaking and Supplemental Tentative Decision in CC Docket No. 92-297 (60 FR 43740, August 23, 1995). This action is taken in response to motions submitted by GE American Communications, Inc. ("GE Americom") and TRW Inc.

2. TRW indicates that an extension until October 10 would facilitate discussion and resolution of the specific details on inter-service sharing with other parties involved in this proceeding. GE argues that grant of an extension would allow adequate time to consider and respond to all issues and detailed technical exhibits submitted in the comments, as well as alleviate time pressures on personnel who are also preparing filings for Commission proceedings with contemporaneous deadlines.

3. We believe that an extension of time until October 10, 1995, is reasonable. This proceeding is of importance to all segments of the satellite and terrestrial communications industries that are seeking the allocation of spectrum in the 28 GHz band. Resolution of inter-service sharing issues would serve the public interest.

4. Accordingly, pursuant to Section 0.261 of the Commission's rules on delegation of authority, 47 CFR 0.261, GE American Communications, Inc.'s and TRW Inc.'s motions for extension of time for filing reply comments in the above-captioned proceeding are granted to the extent indicated. The date for filing comments is extended until October 10, 1995, the Tuesday following the Columbus Day federal holiday.

**47 CFR Part 73**

[MM Docket No. 95-156; RM-8701]

**Radio Broadcasting Services; Shelton, WA**

**AGENCY:** Federal Communications Commission.

**ACTION:** Proposed rule.

**SUMMARY:** The Commission requests comments on a petition filed by Sound Broadcasting, Inc., proposing the allotment of Channel 233A at Shelton, Washington, as the community's first local FM transmission service. Channel 233A can be allotted to Shelton in compliance with the Commission's minimum distance separation requirements with a site restriction of 6.6 kilometers (4.1 miles) northwest to avoid short-spacings to the licensed sites of Station KMPS-FM, Channel 231C, Seattle, Washington, and Station KUKN(FM), Channel 233A, Kelso, Washington. The coordinates for Channel 233A at Shelton are North Latitude 47-14-43 and West Longitude 123-10-25. Recognizing that the allotment of Channel 233A would be short-spaced to the proposed allotment of Channel 233C at Vancouver, British Columbia, we have determined that no potential interference would result from this allotment. Therefore, since the community is located within 320 kilometers (200 miles) of the U.S.-Canadian border, concurrence of the Canadian government has been requested for the allotment of Channel 233A at Shelton, Washington, as a specially-negotiated allotment.

**DATES:** Comments must be filed on or before December 4, 1995 and reply comments on or before December 19, 1995.

**ADDRESSES:** Federal Communications Commission, Washington, DC 20554. In addition to filing comments with the FCC, interested parties should serve the petitioner, or its counsel or consultant, as follows: Mark N. Lipp, Esq., Mullin, Rhyne, Emmons and Topel, P.C., 1000 Connecticut Ave., NW., Suite 500, Washington, DC 20036 (Counsel for Petitioner).
