Lake Junaluska; Notice of Availability of Environmental Assessment

October 16, 1995.

In accordance with the National Environmental Policy Act of 1969 and the Federal Energy Regulatory Commission's (Commission's) Regulations, 18 CFR Part 380 (Order 486, 52 F.R. 47897), the Commission's Office of Hydropower Licensing has reviewed an exemption surrender application for the Lake Junaluska Project, No. 3474-013. The Lake Junaluska Project is located on Richland Creek in Haywood County, North Carolina. The exemptee is applying for a surrender of the exemption because the project is no longer economically viable. An Environmental Assessment (EA) was prepared for the application. The EA finds that approving the application would not constitute a major federal action significantly affecting the quality of the human environment.

Copies of the EA are available for review in the Public Reference Branch, Room 3104, of the Commission's offices at 941 North Capitol Street, N.E., Washington, D.C. 20426.

[Project No. 6901-026 West Virginia]

City of New Martinsville, WV; Notice of Availability of Final Environmental Assessment

October 16, 1995.

A final environmental assessment (FEA) is available for public review. The FEA is for an application to amend the license for the New Cumberland Hydroelectric Project. The application is to reduce the spillflow requirement at the project. The FEA finds that approval of the application would not constitute a major federal action significantly affecting the quality of the human environment. The New Cumberland Hydroelectric Project is located on the Ohio River in Hancock County, West Virginia and Jefferson County Ohio.

The FEA was written by staff in the Office of Hydropower Licensing, Federal Energy Regulatory Commission. Copies of the EA can be viewed at the Commission's Reference and Information Center, Room 3308, 941 North Capitol Street NW., Washington, DC 20426.
