² These requirements will be submitted for OMB approval.

³ This application burden is expected to occur almost entirely in the first year; the application burden for years 2 and 3 is expected to be about 0.1 of the first-year burden.

The proposed rules also require OPOs and transplant hospitals to maintain records, as follows:

Section	Requirement
121.6(b)(4) ...	Documentation of reason for refusal.
121.6(c)(2) ...	Documentation of suitability tests.
121.11(a)(2) .	Maintain records on organ donors and recipients.

According to staff of OPOs and transplant hospitals, such recordkeeping is integral to the operation of these facilities. Therefore, these recordkeeping requirements impose no additional burden.

Send comments to Patricia Royston, HRSA Reports Clearance Officer, Room 14-36, Parklawn Building, 5600 Fishers Lane, Rockville, MD 20857. Written comments should be received within 60 days of this notice.

Dated: October 16, 1995.

BILLING CODE 4160-15-P

Funding Notice for Grant Programs Administered by the Division of Associated, Dental and Public Health Professions, Bureau of Health Professions for Fiscal Year 1996

The Health Resources and Services Administration (HRSA) announces that applications will be accepted for four grant programs for fiscal year (FY) 1996 under the authority of title VII of the Public Health Service (PHS) Act, as amended by the Health Professions Education Extension Amendments of 1992, Pub. L. 102-408, dated October 13, 1992. These programs include:

Grants for Residency Training and Advanced Education in the General

Practice of Dentistry (section 749, PHS Act)
Public Health Traineeships to Schools of Public Health and Other Public and Nonprofit Private Institutions (section 761, PHS Act)
Grants for the Health Administration Traineeships and Special Projects Program (section 771, PHS Act)
Grants for Interdisciplinary Training for Health Care for Rural Areas (section 778, PHS Act)

This program announcement is subject to reauthorization of this legislative authority and to the appropriation of funds. Applicants are advised that this program announcement is a contingency action being taken to assure that should authority and funds become available for this purpose, they can be awarded in a timely fashion consistent with the needs of the program as well as to provide for even distribution of funds throughout the fiscal year. At this time, given a continuing resolution and the absence of FY 1996 appropriations for title VII programs, the amount of available funding for these specific grant programs cannot be estimated.

The purpose and eligibility for each of these programs are listed below.

Grants for Residency Training and Advanced Education in the General Practice of Dentistry

Purpose

Section 749 of the PHS Act authorizes the Secretary to make grants to any public or nonprofit private school of dentistry or accredited postgraduate dental training institution (e.g., hospitals and medical centers) to plan, develop, and operate an approved residency or an approved advanced educational program in the general practice of dentistry; to provide financial assistance to participants in such a program who are in need of financial assistance and who plan to specialize in the practice of general

dentistry; and to fund innovative, nontraditional models for the provision of postdoctoral General Dentistry training.

Eligible Applicants

To be eligible for a Grant for Residency Training and Advanced Education in the General Practice of Dentistry, the applicant shall:

(a) Be a public or nonprofit private school of dentistry or an accredited postgraduate dental training institution (hospital, medical center, or other entity) and be accredited by the appropriate accrediting body, and

(b) Be located in any one of the several States of the United States, the District of Columbia, the Commonwealth of Puerto Rico, the Commonwealth of the Northern Mariana Islands, the Virgin Islands, Guam, American Samoa, the Republic of Palau, the Republic of the Marshall Islands, and the Federated States of Micronesia.

To receive support, programs must meet the requirements of final regulations at 42 CFR Part 57, subpart L. The period of Federal support should not exceed 3 years.

Additional details concerning the administration of this program, including funding preferences and priorities, have been published in the Federal Register at 60 FR 6138, dated February 1, 1995 and at 59 FR 54614, dated November 1, 1994.

Public Health Traineeships to Schools of Public Health and Other Public and Nonprofit Private Institutions

Purpose

Section 761 of the Public Health Service Act authorizes the Secretary to award Public Health Traineeship grants to accredited schools of Public Health and to other public or nonprofit private institutions accredited to provide graduate or specialized training in public health, for the purpose of providing traineeships to individuals

who are pursuing a course of study in a health professions field in which there is a severe shortage of health professionals (epidemiology, environmental health, biostatistics, toxicology, public health nutrition, and maternal and child health). Funds may be used only for student support.

The period of Federal support is 1 year. Applicants may compete for funding for additional years.

This program is governed by regulations at 42 CFR part 58, subpart C to the extent to which these regulations are not inconsistent with the amended statute.

Eligible Applicants

Eligible applicants include (1) Schools of Public Health that have been accredited by the Council on Education for Public Health and (2) other public or nonprofit private institutions accredited by a body recognized for this purpose by the Secretary of the Department of Education when requesting support for grant-targeted programs (epidemiology, environmental health, biostatistics, toxicology, public health nutrition, and maternal and child health). The accredited school or program must be located in a State, the District of Columbia, the Commonwealth of Puerto Rico, the Commonwealth of the Northern Mariana Islands, the Virgin Islands, Guam, American Samoa, the Republic of Palau, the Republic of the Marshall Islands, or the Federated States of Micronesia.

Additional details concerning the administration of this program have been published in the Federal Register at 58 FR 19272, dated April 13, 1993 and at 58 FR 32711, dated June 11, 1993.

Grants for the Health Administration Traineeships and Special Projects Program

Purpose

Section 771 of the Public Health Service Act authorizes the Secretary to:

(1) Award grants which provide traineeships for students enrolled in an accredited program of health administration, hospital administration, or health policy analysis and planning programs; and

(2) Assist programs of health administration in the development or improvement of programs to prepare students for employment with public or nonprofit private entities.

The period of Federal support is 1 year. Applicants must compete annually for additional funding.

This program is governed by regulations at 42 CFR part 58, subpart D

to the extent to which these regulations are not inconsistent with the amended statute.

Eligible Applicants

Eligible applicants are public or nonprofit private educational entities (including graduate schools of social work but excluding accredited schools of public health) that offer a graduate program in health administration, hospital administration, or health policy analysis and planning which is accredited by the Accrediting Commission on Education in Health Services Administration. Applicants must assure that, in providing traineeships, priority will be given to students who demonstrate a commitment to employment with public or nonprofit private entities in the fields with respect to which the traineeships are awarded.

Additional details concerning the administration of this program, including any funding preferences and priorities, have been published in the Federal Register at 58 FR 19269, dated April 13, 1993 and at 58 FR 32711, dated June 11, 1993.

Grants for Interdisciplinary Training for Health Care for Rural Areas

Purpose

Section 778 of the Public Health Service Act, as amended, authorizes the Secretary to award grants for interdisciplinary training projects designed to provide or improve access to health care in rural areas. Specifically, projects funded under this authority shall be designed to:

(a) Use new and innovative methods to train health care practitioners to provide services in rural areas;

(b) Demonstrate and evaluate innovative interdisciplinary methods and models designed to provide access to cost-effective comprehensive health care;

(c) Deliver health care services to individuals residing in rural areas;

(d) Enhance the amount of relevant research conducted concerning health care issues in rural areas; and

(e) Increase the recruitment and retention of health care practitioners in rural areas and make rural practice a more attractive career choice for health care practitioners.

A recipient of funds may use various methods in carrying out the projects described above. The legislation cites the following methods as examples:

(a) The distribution of stipends to students of eligible applicants;

(b) The establishment of a postdoctoral fellowship program;

(c) The training of faculty in the economic and logistical problems confronting rural health care delivery systems; or

(d) The purchase or rental of transportation and telecommunication equipment where the need for such equipment due to unique characteristics of the rural area is demonstrated by the recipient.

Eligibility. To be eligible for a Grant for Interdisciplinary Training for Health Care for Rural Areas, each applicant must be located in a State and be:

1. A local health department, or

2. A nonprofit organization, or

3. A public or nonprofit college, university or school of, or program that specializes in nursing, mental health practice, optometry, public health, dentistry, osteopathic medicine, physician assistants, pharmacy, podiatric medicine, allopathic medicine, chiropractic, or allied health professions.

Applicants eligible to obtain funds under this grant program shall not include for-profit entities, either directly or through a subcontract or subgrant.

Each application must be jointly submitted by at least two eligible applicants. One of the applicants must be an academic institution. Each application must demonstrate the need and demand for health care services, knowledge of available resources and the most significant service and educational gaps within its targeted geographic area. One applicant must be designated the principal organization responsible and accountable for the conduct of the proposed project.

Support may be requested for this grant program for a project period of not more than three years.

Additional details concerning the administration of this program, including any funding preferences and priorities, have been published in the Federal Register at 59 FR 771, dated January 6, 1994.

National Health Objectives for the Year 2000

The Public Health Service urges applicants to submit work plans that address specific objectives of Healthy People 2000. Potential applicants may obtain a copy of *Healthy People 2000* (Full Report; Stock No. 017-001-00474-0) or *Healthy People 2000* (Summary Report; Stock No. 017-001-00473-1) through the Superintendent of Documents, Government Printing Office, Washington, D.C. 20402-9325 (Telephone 202-783-3238).

Education and Service Linkage

As part of its long-range planning, HRSA will be targeting its efforts to strengthening linkages between U.S. Public Health Service education programs and programs which provide comprehensive primary care services to the underserved.

Smoke-Free Workplace

The Public Health Service strongly encourages all grant recipients to provide a smoke-free workplace and promote the non-use of all tobacco products and Public Law 103-227, the Pro-Children Act of 1994, prohibits smoking in certain facilities that receive Federal funds in which education, library, day care, health care, and early childhood development services are provided to children.

Funding Notice for General Internal Medicine and General Pediatrics Grant Programs for Fiscal Year 1996

The Health Resources and Services Administration (HRSA) announces that applications will be accepted for General Internal Medicine and General Pediatrics grant programs for fiscal year (FY) 1996 under the authority of section 748, title VII of the Public Health Service Act (the Act), as amended by the Health Professions Education Extension Amendments of 1992, Pub. L. 102-408, dated October 13, 1992. These grant programs include:

Grants for Faculty Development in General Internal Medicine and General Pediatrics (section 748, PHS Act)

Grants for Residency Training in General Internal Medicine and General Pediatrics (section 748, PHS Act)

This program announcement is subject to reauthorization of this legislative authority and to the appropriation of funds. Applicants are advised that this program announcement is a contingency action being taken to assure that should authority and funds become available for this purpose, they can be awarded in a timely fashion consistent with the needs of the program as well as to provide for even distribution of funds throughout the fiscal year. At this time, given a continuing resolution and the absence of FY 1996 appropriations for title VII programs, the amount of available funding for these specific grant programs cannot be estimated.

The purpose and eligibility for each of these programs are listed below.

Grants for Faculty Development in General Internal Medicine and General Pediatrics

Purpose

Section 748 of the Public Health Service Act authorizes Federal assistance to schools of medicine and osteopathic medicine, public or private nonprofit hospitals or other public or private nonprofit entities for planning, developing and operating programs for the training of physicians who plan to teach in general internal medicine or general pediatrics training programs. These grants are intended to promote the development of faculty skills in physicians who are currently teaching or who plan teaching careers in general internal medicine or general pediatrics training programs. These grants also provide financial assistance in meeting the cost of supporting physicians who are trainees in such programs.

In addition, section 748 authorizes the award of grants to support general internal medicine or general pediatrics residency training programs and a separate grant program exists for this purpose.

Eligibility

Eligible applicants are accredited schools of medicine and osteopathic

medicine, public and private nonprofit hospitals, or other public or private nonprofit entities.

To receive support, applicants must meet the requirements of final regulations as specified in 42 CFR part 57, subpart FF and section 791(b) of the PHS Act. The period of Federal support will not exceed 3 years.

Funding factors for this program remain unchanged. Additional details concerning the administration of this program have been published in the Federal Register at 58 FR 51090, dated September 30, 1993, 59 FR 18140, dated April 15, 1994 and 60 FR 2976, dated January 12, 1995.

Grants for Residency Training in General Internal Medicine and General Pediatrics

Purpose

Section 748 authorizes the award of grants for planning, developing, operating or participating in approved residency training programs which emphasize the training for the practice of general internal medicine or general pediatrics. In addition, section 748 authorizes assistance in meeting the cost of supporting residents who are in need thereof, who are participants in any such program, and who plan to specialize or work in the practice of general internal medicine or general pediatrics. A separate grant program is in effect for the faculty development component of this provision.

Eligibility

Eligible applicants are accredited schools of medicine and osteopathic medicine, public and private nonprofit hospitals, or other public or private nonprofit entities.

To receive support, programs must meet the requirements of regulations as set forth in 42 CFR part 57, subpart FF, and section 791(b) of the PHS Act. The period of Federal support will not exceed 3 years.

Funding factors for this program remain unchanged. Additional details concerning the administration of these programs have been published in the Federal Register at 58 FR 51838, dated October 5, 1993, 59 FR 19731, dated April 25, 1994, and 60 FR 2976, dated January 12, 1995.
