**Delhi Gas Pipeline Corporation; Notice of Petition for Rate Approval**

October 18, 1995.

Take notice that on September 15, 1995, Delhi Gas Pipeline Corporation (Delhi) filed pursuant to section 284.123(b)(2) of the Commission's Regulations, a petition for rate approval requesting that the Commission approve as fair and equitable a rate of \$0.335 per MMBtu for transportation services performed under Section 311(a)(2) of the Natural Gas Policy Act of 1978 (NGPA).

Delhi states that it owns and operates non-interconnected pipeline systems in the States of Oklahoma and Texas. Delhi proposes to continue to charge a rate of \$0.335 per MMBtu, which rate was previously approved by Commission letter order dated July 21, 1993, in Docket No. PR92-19.

Pursuant to Section 284.123(b)(2)(ii), if the Commission does not act within 150 days of the filing date, the rate will be deemed to be fair and equitable and not in excess of an amount which interstate pipelines would be permitted to charge for similar transportation service. The Commission may, prior to the expiration of the 150-day period, extend the time for action or institute a proceeding to afford parties an opportunity for written comments and for the oral presentation of views, data, and arguments.

Any person desiring to participate in this rate proceeding must file a motion to intervene in accordance with Sections 385.211 and 385.214 of the Commission's Rules of Practice and Procedures. All motions must be filed

with the Secretary of the Commission on or before November 3, 1995. The petition for rate approval is on file with the Commission and is available for public inspection.
