FOR FURTHER INFORMATION CONTACT: Dr. Darrell Lewis, Natural Resources Management Branch, Office of the Chief of Engineers at (202) 761-1788.

SUPPLEMENTARY INFORMATION: This notice is published in accordance with the provisions of Section 327.23 of the regulation governing public use of U.S. Army Corps of Engineers Water Resource Development Projects which appears at Title 36 Code of Federal Regulations. The adjustment in minimum fees is part of a plan to charge fair and equitable fees at all Federal Government recreation areas in compliance with the requirements set by Congress in the Land and Water Conservation Fund Act of 1965, Public Law 88-578, as amended, that requires use fees to be comparable with other Federal and non-Federal public agencies and the private sector. The specific application of the increased minimum fees will be reflected in notices posted at each U.S. Army Corps of Engineers water resource development project impacted. The increasing of the minimum fees charged campers is not considered a significant regulatory action that would have economic impact of \$100 million or more.
