Dairyland Power Cooperative; Notice of Scoping Pursuant to the National Environmental Policy Act of 1969

October 23, 1995.

Pursuant to the Energy Policy Act of 1992, and as part of the license application, the Dairyland Power Cooperative (Dairyland) intends to prepare an Environmental Assessment (EA) to file with the Federal Energy Regulatory Commission for the Flambeau Hydroelectric Project. Two public Scoping meetings will be held, pursuant to the National Environmental Policy Act of 1969, to identify the scope of environmental issues that should be analyzed in the EA. At the scoping meetings, Dairyland will (1) summarize the environmental issues tentatively identified for analysis in the EA; (2) solicit from the meeting participants all available information, especially qualified data, on the resources at issue; and (3) encourage statements from experts and the public on issues that should be analyzed in the EA.

All interested individuals, organizations, and agencies are invited and encouraged to attend and assist in identifying and clarifying the scope of environmental issues that should be analyzed in the EA.

To help focus the discussions, a scoping document was sent out on September 29, 1995, as part of the Initial Stage Consultation Document (ISCD). Copies of the Scoping Document and ISCD will also be available at the meetings.

Dairyland will conduct a site visit and two scoping meetings on November 14, 1995:

◆ A scoping meeting for federal, state and local resource agencies will be held in the Board Room, County Court House, Ladysmith, Wisconsin at 2:00 p.m.
