

◆ The evening scoping meeting will be held at 7:00 p.m. in the Board Room, County Court House, Ladysmith, Wisconsin.

The site visit and scoping meetings are open to all interested parties.

Meeting Procedures

The meetings will be conducted according to the procedures used at Commission scoping meetings. Because these meetings will be NEPA scoping meetings, the Commission will not conduct another NEPA scoping meeting when the application and EA are filed with the Commission prior to February 28, 1999. Instead, Commission staff will attend the meetings held on November 14, 1995.

The meetings will be recorded by a stenographer and, thereby, will become a part of the formal record of the proceedings on the Flambeau Project. Individuals presenting statements at the meetings will be asked to identify themselves for the record.

Concerned parties are encouraged to offer verbal guidance during public meetings. Speaking time allowed for individuals will be determined before each meeting, based on the number of persons wishing to speak and the approximate amount of time available for the session, but all speakers will be provided at least five minutes to present their views.

Persons choosing not to speak but wishing to express an opinion, as well as speakers unable to summarize their positions within the allotted time, may submit written statements for inclusion in the public record.

Written scoping comments may also be mailed to George L. Johnston, Dairyland Power Cooperative, P.O. Box 817, La Crosse, WI 54601. All correspondence should clearly show the following caption on the first page: Scoping Comments, Flambeau Project, FERC No. 1960, Wisconsin.

Gas Research Institute; Notice of Refund Report

October 23, 1995.

Take notice that on October 18, 1995, the Gas Research Institute (GRI) filed a report summarizing its 1994 Tier 1 refunds made to its pipeline members. GRI states that the refunds, totaling \$12,410,537 to thirty pipelines, were made in accordance with the Commission's October 13, 1995, directive contained in Opinion No. 402 (73 FERC ¶ 61,073).

Any person desiring to protest said filing should file a protest with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with Rule 211 of the Commission's Rules of Practice and Procedure (18 CFR 385.211). All such protests should be filed on or before October 30, 1995. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Copies of this filing are on file with the Commission and are available for public inspection.

Lois D. Cashell,

Secretary.

[Docket No. CP96-28-000]

Greeley Gas Company; Notice of Application

October 23, 1995.

Take notice that on October 18, 1995, Greeley Gas Company (Greeley), Three Lincoln Centre, 5430 LBJ Freeway, Dallas, Texas 75265, filed in Docket No. CP96-28-000 an application pursuant to Section 7(f) of the Natural Gas Act for a service area determination, all as more fully set forth in the application on file with the Commission and open to public inspection.

Greeley requests a service area determination for its Eastern Kansas Division System (System) in Missouri and Kansas. It is stated that the System consists of Linn and Bourbon Counties, Kansas (with the exception of the City of Fort Dodge), and Bates County, Missouri. It is stated that the System is essentially one integrated local distribution system, even though its facilities, consisting primarily of 4-inch pipe or less, cross state lines. It is explained that the System serves 2,050 residential and commercial customers and no industrial customers. Greeley states that it makes no sales for resale.

It is asserted that all of Greeley's sales are regulated by either the Missouri or Kansas Public Service Commissions.

Greeley also requests that the System be treated as a local distribution company for purposes of Section 311 of the Natural Gas Policy Act. Greeley requests a waiver of all reporting and accounting requirements and rules and regulations which are ordinarily applicable to natural gas companies. Finally, Greeley requests a waiver of the Commission's reporting and accounting requirements for its entire system, including the filing of a Form 2A in 1996.

Any person desiring to be heard or to make any protest with reference to said application should on or before November 13, 1995, file with the Federal Energy Regulatory Commission, Washington, DC 20426, a motion to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a motion to intervene in accordance with the Commission's Rules.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Energy Regulatory Commission by Sections 7 and 15 of the Natural Gas Act and the Commission's Rules of Practice and Procedure, a hearing will be held without further notice before the Commission or its designee on this application if no motion to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that a grant of the certificate is required by the public convenience and necessity. If a motion for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Greeley to appear or be represented at the hearing.

Lois D. Cashell,

Secretary.
