

production did not decline during the relevant period as required for certification.

TA-W-31,325; Shaw Industries, Inc., Toccoa, GA

The investigations revealed that criterion (2) and (3) have not been met. Sales or production did not decline during the relevant period as required for certification. Increases of imports of articles like or directly competitive with articles produced by the firm or appropriate subdivision have not contributed importantly to the separations or threat thereof, and the absolute decline in sales or production.

Affirmative Determinations for Worker Adjustment Assistance

The following certifications have been issued; the date following the company name & location for each determination references the impact date for all workers for such determination.

TA-W-31,486; *Taylorville Enterprises, Inc., Taylorville, MS: September 22, 1994.*

TA-W-31,317 & TA-W-31,318; *Barrow Manufacturing Corp., Dahlonega, GA & Maysville, GA: July 27, 1994.*

TA-W-31,468; *Kelsey Sportswear, Wisconisco, PA: September 12, 1994.*

TA-W-31,458; *Supreme Slipper Manufacturing Co., Inc., Bangor, ME: September 1, 1994.*

TA-W-31,399; *AT&T Global Information Solutions, Springfield Repair Center, Springfield, MA: August 3, 1994.*

TA-W-31,391; *Oshkosh B'Gosh, Marrowbone, KY: August 23, 1994.*

TA-W-31,466; *Sierra Western International Apparel, Inc., El Paso, TX: September 15, 1994.*

TA-W-31,453; *New England Accessories Co., Old Saybrook, CT: September 11, 1994.*

TA-W-31,451; *Lavon Evans, Jr., Operating Co., Inc., Laurel, MS: October 13, 1995.*

TA-W-31,303; *St. Thomas Leather Goods, Gloversville, NY: March 4, 1995.*

TA-W-31,529; *Great American Knitting Mills, Halifax Hosiery Div., Scotland Neck, NC: October 10, 1994.*

TA-W-31,339; *Taylor Woodcraft, Inc., Malta, OH: August 2, 1994.*

TA-W-31,341; *J. Hertling & Co., Inc., Brooklyn, NY: August 1, 1994.*

TA-W-31,445; *Donora Sportswear Co., Inc., Donora, PA: September 11, 1994.*

TA-W-31,427; *Tri Con Industries Limited, Cape Girardeau, MO: September 1, 1994.*

TA-W-31,454; *Oxford Industries, Inc., Oxford Shirting Div., Alamo, GA: September 7, 1994.*

TA-W-31,376; *Howard Industries, Milford, IL: August 7, 1994.*

TA-W-31,387; *Cotter & Co., General Power Equipment Co., Inc., Harvard, IL: August 23, 1994.*

TA-W-31,477 & A; *International Jensen, Inc., Punxsutawney Mfg Facility, Punxsutawney, PA and Lumberton Mfg Facility, Lumberton, NC: September 21, 1994.*

TA-W-31,327; *BJ Services Co., U.S.A., Headquartered in Houston, TX & Operating in The Following States: A; AL, B; AK, C; CA, D; CO, E; FL, F; IL, G; KS, H; LA, I, MA, J; MS, K; MO, L; NC, M; NM, N; OK, O; TX, P; WV, O; WY: August 3, 1994.*

Also, pursuant to Title V of the North American Free Trade Agreement Implementation Act (P.L. 103-182) concerning transitional adjustment assistance hereinafter called (NAFTA-TAA) and in accordance with Section 250(a) Subchapter D, Chapter 2, Title II, of the Trade Act as amended, the Department of Labor presents summaries of determinations regarding eligibility to apply for NAFTA-TAA issued during the month of October, 1995.

In order for an affirmative determination to be made and a certification of eligibility to apply for NAFTA-TAA the following group eligibility requirements of Section 250 of the Trade Act must be met:

(1) That a significant number or proportion of the workers in the workers' firm, or an appropriate subdivision thereof, (including workers in any agricultural firm or appropriate subdivision thereof) have become totally or partially separated from employment and either—

(2) That sales or production, or both, of such firm or subdivision have decreased absolutely,

(3) That imports from Mexico or Canada of articles like or directly competitive with articles produced by such firm or subdivision have increased, and that the increases in imports contributed importantly to such workers' separations or threat of separation and to the decline in sales or production of such firm or subdivision; or

(4) That there has been a shift in production by such workers' firm or subdivision to Mexico or Canada of articles like or directly competitive with articles which are produced by the firm or subdivision.

Negative Determinations NAFTA-TAA

In each of the following cases the investigation revealed that criteria (3) and (4) were not met. Imports from Canada or Mexico did not contribute importantly to workers' separations. There was no shift in production from the subject firm to Canada or Mexico during the relevant period.

NAFTA-TAA-00575; *AT&T, Global Information Solutions, Springfield Repair Center, Springfield, MA*
NAFTA-TAA-00606; *Pro Log, Inc., Lakeview, OR*
NAFTA-TAA-00584; *Great American Knitting Mills, Halifax Hosiery Div., Scotland Neck, NC*

In the following cases, the investigation revealed that the criteria for eligibility have not been met for the reasons specified.

None

Affirmative Determinations NAFTA-TAA

The following certifications have been issued; the date following the company name & location for each determination references the impact date for all workers for such determination.

NAFTA-TAA-00577; *Accuride Corp., Henderson, KY: August 23, 1994.*

NAFTA-TAA-00600; *Thomson Consumer Electronics, Inc., (Thomson Multi Media), Bloomington, IN: September 15, 1994.*

NAFTA-TAA-00589; *Howard Industries, Milford, IL: August 30, 1994.*

NAFTA-TAA-00596; *Oxford Industries, Inc., Oxford Shirtings Div., Alamo, GA: September 7, 1994.*

I hereby certify that the aforementioned determinations were issued during the month of October, 1995. Copies of these determinations are available for inspection in Room C-4318, U.S. Department of Labor, 200 Constitution Avenue, NW., Washington, DC 20210 during normal business hours or will be mailed to persons who write to the above address.

Dated: October 18, 1995.

Russell Kile,

Acting Program Manager, Policy & Reemployment Services, Office of Trade Adjustment Assistance.

BILLING CODE 4510-30-M

NATIONAL SCIENCE FOUNDATION

Conservation Act of 1978; Notice of Permit Modification

AGENCY: National Science Foundation.

SUMMARY: The Foundation modified two permits to conduct activities regulated under the Antarctic Conservation Act of 1978 (Pub. L. 95-541; Code of Federal Regulations Title 45, Part 670).

FOR FURTHER INFORMATION CONTACT:

Nadene G. Kennedy, Permit Office, Office of Polar Programs, Rm. 755, National Science Foundation, 4201 Wilson Boulevard, Arlington, VA 22230.

DESCRIPTION OF PERMIT AND MODIFICATION:

1. On November 2, 1993, the National Science Foundation issued a permit (ACA #93-00B) to Dr. Wesley M. Weathers after posting a notice in the September 27, 1993 Federal Register. Public comments were not received. A request to modify the permit was posted in the Federal Register on September 14, 1995. No public comments were received. The modification, issued by the Foundation on October 19, 1995, allows for the capture and release to two additional species of petrels, Antarctic petrels (*Thalassoica antarctica*) and Southern Fulmars (*Fulmarus glacialoides*). These species will be included in a project that focuses on the feeding ecology and energetics of common surface-nesting petrels. The research protocol for these two additional species will be identical to that used on the Cape Petrel and Snow Petrels, and the sample sizes will also be identical.

LOCATION: Prydz Bay, East Antarctica.

DATES: October 15, 1995–March 31, 1996.

2. On September 7, 1994, the National Science Foundation issued a permit (ACA #95-013) to Ron Naveen after posting a notice in the August 8, 1994 Federal Register. Public comments were not received. A request to modify the permit was posted in the Federal Register on September 14, 1995. No public comments were received. The modification, issued by the Foundation on October 19, 1995, allows for the collection of culmen measurements from penguin chicks on an opportunistic basis. These measurements will help to more precisely determine the age of chicks and assist in determining productivity at various sites. This activity is one aspect of the program to catalogue the physical and biological characteristics of more than 60 locations in the Antarctic Peninsula.

LOCATION: Various visitor sites in the Antarctic Peninsula Region, including a possible stop over at the research site at Admiralty Bay (SSSI #8).

DATES: October 15, 1995–March 1, 1996.

Nadene G. Kennedy,

Permit Office.

BILLING CODE 7555-01-M

Notice of Permit Applications Received Under the Antarctic Conservation Act of 1978 (Pub. L. 95-541)

AGENCY: National Science Foundation.

ACTION: Notice of permit applications received under the Antarctic Conservation Act of 1978, Pub. L. 95-541.

SUMMARY: The National Science Foundation (NSF) is required to publish notice of permit applications received to conduct activities regulated under the Antarctic Conservation Act of 1978. NSF has published regulations under the Antarctic Conservation Act at Title 45 Part 670 of the Code of Federal Regulations. This is the required notice of permit applications received.

DATES: Interested parties are invited to submit written data, comments, or views with respect to these permit applications by October 6, 1995. Permit applications may be inspected by interested parties at the Permit Office, address below.

ADDRESSES: Comments should be addressed to Permit Office, Room 755, Office of Polar Programs, National Science Foundation, 4201 Wilson Boulevard, Arlington, Virginia 22230.

FOR FURTHER INFORMATION CONTACT: Nadene G. Kennedy at the above address or (703) 306-1031.

SUPPLEMENTARY INFORMATION: The National Science Foundation, as directed by the Antarctic Conservation Act of 1978 (Pub. L. 95-541), has developed regulations that implement the "Agreed Measures for the Conservation of Antarctic Fauna and Flora" for all United States citizens. The Agreed Measures, developed by the Antarctic Treaty Consultative Parties, recommended establishment of a permit system for various activities in Antarctica and designation of certain animals and certain geographic areas requiring special protection. The regulations establish such a permit system to designate Specially Protected Areas and Sites of Special Scientific Interest.

The applications received are as follows:

1. *Applicant*, Thomas A. Day, Department of Botany, Box 871601, Arizona State University, Tempe, Arizona 85287-1601, Permit Application No. 96-017

Activity for Which Permit is Requested

Take; Enter Specially Protected Area; Enter Site of Special Scientific Interest, and Import into the United States. The applicant requests permission to enter Litchfield Island (SPA #17) and Biscoe Point (SSSI #20) to collect up to 100 seeds and/or reproductive structures from the following vascular plants: Antarctic hairgrass (*Deschampsia antarctica*) and Antarctic pearlwort (*Colobanthus quitensis*). The Litchfield Island site is one of very few sites containing both plant species. Collection of samples from Biscoe Point is desirable since it is a relatively isolated site from others containing plant species and the researchers wish to determine whether the Biscoe populations are genetically similar to other antarctic plant populations. The seeds will be imported into the United States, propagated in growth chambers at Arizona State University, and used to determine how these species are influenced by environmental factors such as UV radiation and temperature.

Location

SPA #17—Litchfield Island, and SSSI #20—Biscoe Point, Anvers Island

Dates

December 1, 1995—April 30, 1997

2. *Applicant*, William D. Fraser, Biology Department, Montana State University, Bozeman, Montana 59717, Permit Application No. 96-024

Activity for Which Permit is Requested

Import into the United States. The applicant proposes to salvage, for educational purposes, no more than 3 specimens of each species annually, if encountered. The species which may be salvaged are listed below:

Penguins: King (*A. patagonicus*), Adelie (*Pygoscelis adeliae*), Chinstrap (*P. antarctica*), Gentoo (*P. papua*), Macaroni (*Eudyptes chrysolophus*), and Rockhopper (*E. chrysocome*).

Albatrosses: Wandering (*Diomedea exulans*), Black-browed (*D. melanophris*), Gray-headed (*D. chrysostoma*), Sooty (*Phoebastria fusca*), and Light-mantled Sooty (*P. palpebrata*).

Fulmars, Prions and Petrels: Southern Giant Petrel (*M. giganteus*), Antarctic Fulmar (*Fulmarus glacialoides*), Antarctic Petrel (*Thalassoica antarctica*), Cape Petrel (*Daption capense*), Snow Petrel (*Pagodroma nivea*), Blue Petrel (*Halobaena caerulea*), White-chinned Petrel (*Procellaria aequinoctialis*), and Antarctic Prion (*Pachyptila desolata*).
