*Title:* Effectiveness of a Community's Implementation of the NFIP: Community Assistance Contact Report and Community Assistance Visit Report.

*Abstract:* FEMA's National Flood Insurance Program (NFIP) Community Assistance Program (CAP) is designed to assure that communities participating in the NFIP are achieving the flood loss reduction objectives of the program. The CAP also provides needed floodplain management assistance services to NFIP communities to identify, prevent, and resolve floodplain management issues before they develop into problems requiring enforcement actions.

Two methods are used to obtain information from local participating communities to determine community assistance needs: Community Assistance Contacts and Community Assistance Visits. The Community Assistance Contact (FEMA Form 81-69) is a telephone contact or brief visit with a NFIP community to determine if program-related problems exist and to offer assistance.

The Community Assistance Visit (FEMA Form 81-68) is a scheduled visit to a NFIP community for the purpose of conducting a comprehensive assessment of the community's floodplain management program and to assist the community in understanding the NFIP and its requirements and implementing effective flood loss reduction measures.

The forms are used to document contacts, visits, and discussions with community officials.

*Title:* Emergency Management Institute Field Evaluation System—Course Evaluation Forms.

*Abstract:* Students attending the Emergency Management Institute nonresident program courses conducted by State emergency management agencies are given course evaluation forms at the beginning of the course to evaluate course content and delivery as the material is presented. The data is used by States, FEMA Regions, and the Emergency Management Institute to determine the strengths and weaknesses of EMI courses delivered in the field and to improve course design, content, instruction methods, recruitment, and administration.

Course managers at the State level must also evaluate each nonresident program course and submit to the appropriate FEMA Regional Office end-of-course evaluation packages which include the Participant Course Evaluation Forms, a Course Manager Evaluation Form, and a Course Evaluation Transmittal Form.

*Type of Respondents:* Individuals and State and local governments.

*Estimate of Total Annual Reporting and Recordkeeping Burden:* 5,584 hours.

*Number of Respondents:* 20,000 students, 1,000 course managers.

*Estimated Average Burden Time per Response:* 16 minutes for students, 35 minutes for course managers.

*Frequency of Response:* At the completion of each course.
