6. KCS Power Marketing, Inc. (KCS); and
7. United Illuminating Company (UI).

The latter service agreements allow Buyers, through certificates of concurrence, to provide capacity from one of Buyers' units, which enables Montaup to make a system sale while maintaining its minimum monthly system capability required under the present NEPOOL Agreement.

The transactions under the service agreements are purely voluntary and will be entered into only if mutually beneficial and agreeable. Montaup requests a waiver of the sixty-day notice requirement so that the service agreements may become effective September 20, 1995 for the PECO, Phibro, ECI, CESC, and UI agreements and October 3, 1995 for the NAEC and KCS agreements.

Any person desiring to be heard or to protest said filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, in accordance with Rules 211 or 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211, 385.214). All such motions or protests should be filed on or before November 9, 1995. Protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection.

**Natural Gas Pipeline Company of America; Notice of Proposed Changes in FERC Gas Tariff**

October 27, 1995.

Take notice that on October 24, 1995, Natural Gas Pipeline Company of America (Natural) tendered for filing as part of its FERC Gas Tariff, Sixth Revised Volume No. 1, revised tariff sheets to be effective November 1, 1995.

Natural states that the purpose of the filing is to establish a mechanism for the recovery of costs assessed to Natural by Great Lakes Gas Transmission Limited Partnership (Great Lakes) as a result of the Commission's "Order on Remand"

issued July 26, 1995, in Docket No. RP91-143. That order allowed Great Lakes to implement rolled-in pricing for certain expansion facilities, reversing a prior Commission decision. The proposed mechanism would become new Section 47 of the General Terms and Conditions of Natural's FERC Gas Tariff, Sixth Revised Volume No. 1.

Natural has requested waiver of the thirty (30) day filing requirement, to allow the revised tariff sheets to become effective as of November 1, 1995, given the effective date (October 1) of increased charges by Great Lakes to Natural.

Natural states that a copy of the filing is being mailed to Natural's jurisdictional customers and interested state regulatory agencies.

Any person desiring to be heard or to protest said filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, DC 20426, in accordance with 18 CFR 385.214 and 385.211 of the Commission's Rules and Regulations. All such motions or protests must be filed on or before November 3, 1995. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room.
