Proposed CERCLA Section 122(h)(1) Administrative Cost Recovery Settlement for the Denune/Westfall Site

AGENCY: U.S. Environmental Protection Agency ("U.S. EPA").

ACTION: Proposal of CERCLA Section 122(h)(1) Administrative Cost Recovery Settlement for the Denune/Westfall Site.

SUMMARY: U.S. EPA proposes to address the potential liability of Mr. Harry C. Denune and Dixie Distributing Company (the "Settling Parties") under the Comprehensive Environmental Response, Compensation, and Liability Act of 1980 ("CERCLA"), 42 U.S.C. 9601 *et seq.*, as amended by the Superfund Amendments and Reauthorization Act of 1986 ("SARA"), Pub. L. 99-499, for past costs incurred in connection with a federal fund lead removal action conducted at the Denune/Westfall Site ("the Site") located in Columbus, Ohio. The U.S. EPA proposes to address the potential liability of the Settling Parties by execution of a CERCLA Section 122(h)(1) Administrative Cost Recovery Settlement ("AOC") prepared pursuant to 42 U.S.C. 9622(h)(1). The key terms and conditions of the AOC may be briefly summarized as follows: (1) the Settling Parties agree to pay U.S. EPA \$70,000.00 in satisfaction of claims for past costs incurred at the Site in connection with site sampling and analyses and the removal and disposal of 13 drums of PCB-contaminated oil, 1

drum of PCB-contaminated capacitors and 4 transformer carcasses; (2) the Settling Parties agree to waive all claims against the United States that arise out of response activities conducted at the Site; and (3) U.S. EPA affords the Settling Parties a covenant not to sue for past costs incurred during the removal action and contribution protection as provided by CERCLA Sections 113(f)(2) and 122(h)(4) upon satisfactory completion of obligations under the Settlement. However, U.S. EPA is free to pursue any other necessary and appropriate judicial and administrative relief against the Settling Parties. The Site is not on the NPL, and no further response activities at the Site are anticipated at this time. Because the total response costs that were incurred at the Site are less than \$500,000, approval of the settlement by the Attorney General is not required.

DATES: Comments on the proposed AOC must be received by U.S. EPA on or before December 8, 1995.

ADDRESSES: A copy of the proposed AOC is available for review at U.S. EPA, Region 5, 77 West Jackson Boulevard, Chicago, Illinois 60604. Please contact Mike Anastasio at (312) 886-7951, prior to visiting the Region 5 office.

Comments on the proposed AOC should be addressed to Mike Anastasio, Office of Regional Counsel, U.S. EPA, Region 5, 77 West Jackson Boulevard (Mail Code CS-29A), Chicago, Illinois 60604.

FOR FURTHER INFORMATION CONTACT: Mike Anastasio at (312) 886-7951, of the U.S. EPA Region 5 Office of Regional Counsel.

A 30-day period, commencing on the date of publication of this notice, is open pursuant to Section 122(i) of CERCLA, 42 U.S.C. 9622(i), for comments on the proposed AOC. Comments should be sent to the addressee identified in this notice.

Barry C. DeGraff,

Acting Regional Administrator, U.S. Environmental Protection Agency, Region 5.

FEDERAL COMMUNICATIONS COMMISSION

Notice of Public Information Collections Submitted to OMB for Review and Approval

November 1, 1995.

SUMMARY: The Federal Communications, as part of its continuing effort to reduce paperwork burden invites the general public and other Federal agencies to

take this opportunity to comment on the following proposed and/or continuing information collections, as required by the Paperwork Reduction Act of 1995, Public Law 104-13. Comments are requested concerning (a) whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission's burden estimates; (c) ways to enhance the quality, utility, and clarity of the information collected and (d) ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology.

DATES: Written comments should be submitted on or before December 8, 1995. If you anticipate that you will be submitting comments, but find it difficult to do so within the period of time allowed by this notice, you should advise the contact listed below as soon as possible.

ADDRESS: Direct all comments to Dorothy Conway, Federal Communications, Room 234, 1919 M St., NW., Washington, DC 20554 or via internet to dconway@fcc.gov and Timothy Fain, OMB Desk Officer, 10236 NEOB 725 17th Street, NW., Washington, DC 20503 or fain_t@a1.eop.gov.

FOR FURTHER INFORMATION CONTACT: For additional information or copies of the information collections contact Dorothy Conway at 202-418-0217 or via internet at dconway@fcc.gov.

SUPPLEMENTARY INFORMATION:

OMB Approval No.: 3060-0433.

Title: Basic Signal Leakage Performance Report Section 76.615.
Form No.: FCC 320.

Type of Review: Extension of an existing collection.

Respondents: Businesses or other for-profit.

Number of Respondents: 32,000.

Estimated Time Per Response: 20 hours.

Total Annual Burden: 640,000.

Needs and Uses: Cable television system operators who use frequencies in the bands 108-137 and 225-400 MHz (aeronautical frequencies) are required to file a cumulative signal leakage index (CLI) derived under Section 76.611(a)(1) or the results of airspace measurements derived under Section 76.611(a)(2). This filing must include a description of the method by which compliance with basic signal leakage criteria is achieved and the method of calibrating the measurement equipment. The yearly filing is done in accordance with
