III. Loss of Active Ingredients

Unless the requests for cancellation are withdrawn, 1 pesticide active ingredients will no longer appear in any

registered products. Those who are concerned about the potential loss of this active ingredient for pesticidal use are encouraged to work directly with the registrant to explore the possibility of

their withdrawing the request for cancellation. The active ingredient is listed in the following Table 3, with the EPA Company and CAS Number.

IV. Procedures for Withdrawal of Request

Registrants who choose to withdraw a request for cancellation must submit such withdrawal in writing to James A. Hollins, at the address given above, postmarked before February 6, 1996. This written withdrawal of the request for cancellation will apply only to the applicable 6(f)(1) request listed in this notice. If the product(s) have been subject to a previous cancellation action, the effective date of cancellation and all other provisions of any earlier cancellation action are controlling. The withdrawal request must also include a commitment to pay any reregistration fees due, and to fulfill any applicable unsatisfied data requirements.

V. Provisions for Disposition of Existing Stocks

The effective date of cancellation will be the date of the cancellation order. The orders effecting these requested cancellations will generally permit a registrant to sell or distribute existing stocks for 1 year after the date the cancellation request was received. This policy is in accordance with the Agency's statement of policy as prescribed in Federal Register No. 123, Vol. 56, dated June 26, 1991. Exceptions to this general rule will be made if a product poses a risk concern, or is in noncompliance with reregistration requirements, or is subject to a data call-in. In all cases, product-specific disposition dates will be given in the cancellation orders.

Existing stocks are those stocks of registered pesticide products which are currently in the United States and which have been packaged, labeled, and released for shipment prior to the

effective date of the cancellation action. Unless the provisions of an earlier order apply, existing stocks already in the hands of dealers or users can be distributed, sold or used legally until they are exhausted, provided that such further sale and use comply with the EPA-approved label and labeling of the affected product(s). Exceptions to these general rules will be made in specific cases when more stringent restrictions on sale, distribution, or use of the products or their ingredients have already been imposed, as in Special Review actions, or where the Agency has identified significant potential risk concerns associated with a particular chemical.

Proposed Settlement Pursuant to Section 122(h) of the Comprehensive Environmental Response, Compensation, and Liability Act

AGENCY: Environmental Protection Agency.

ACTION: Notice of Proposed administrative settlement and opportunity for public comment.

SUMMARY: In accordance with Section 122(i) of the Comprehensive Environmental Response, Compensation, and Liability Act of

1980, as amended ("CERCLA"), 42 U.S.C. 9622(i), the U.S. Environmental Protection Agency ("EPA"), Region II, announces a proposed administrative settlement pursuant to Section 122(h) of CERCLA, 42 U.S.C. 9622(h), relating to the Aluminum Company of America Superfund Site ("Site"). The Site is located in the Town of Massena, St. Lawrence County, New York. This notice is being published pursuant to Section 122(i) of CERCLA to inform the public of the proposed settlement and of the opportunity to comment. EPA will consider any comments received during the comment period and may withdraw or withhold consent to the proposed settlement if comments disclose facts or considerations which indicate that the proposed settlement is inappropriate, improper, or inadequate.

The proposed administrative settlement has been memorialized in an Administrative Order on Consent ("Order") between EPA and the Aluminum Company of America ("ALCOA"). This Order will become effective after the close of the public comment period, unless comments received disclose facts or considerations which indicate that the proposed settlement is inappropriate, improper or inadequate, and EPA, in accordance with Section 122(i)(3) of CERCLA, modifies or withdraws its consent to the proposed settlement. Under the Order, ALCOA will be obligated to pay an aggregate of \$300,957.49 to the Hazardous Substance Superfund in reimbursement of all of EPA's response costs relating to the Site through November 30, 1993, including accrued interest.

DATES: Comments must be provided on or before December 8, 1995.

ADDRESSES: Comments should be addressed to the U.S. Environmental Protection Agency, Office of Regional Counsel, New York/Caribbean Superfund Branch, 17th Floor, 290 Broadway, New York, New York 10007-1866 and should refer to: "Aluminum Company of America Superfund Site, U.S. EPA Index No. II CERCLA-95-0210". For a copy of the settlement document, contact the individual listed below.

Proposed CERCLA Section 122(h)(1) Administrative Cost Recovery Settlement for the Denune/Westfall Site

AGENCY: U.S. Environmental Protection Agency ("U.S. EPA").

ACTION: Proposal of CERCLA Section 122(h)(1) Administrative Cost Recovery Settlement for the Denune/Westfall Site.

SUMMARY: U.S. EPA proposes to address the potential liability of Mr. Harry C. Denune and Dixie Distributing Company (the "Settling Parties") under the Comprehensive Environmental Response, Compensation, and Liability Act of 1980 ("CERCLA"), 42 U.S.C. 9601 *et seq.*, as amended by the Superfund Amendments and Reauthorization Act of 1986 ("SARA"), Pub. L. 99-499, for past costs incurred in connection with a federal fund lead removal action conducted at the Denune/Westfall Site ("the Site") located in Columbus, Ohio. The U.S. EPA proposes to address the potential liability of the Settling Parties by execution of a CERCLA Section 122(h)(1) Administrative Cost Recovery Settlement ("AOC") prepared pursuant to 42 U.S.C. 9622(h)(1). The key terms and conditions of the AOC may be briefly summarized as follows: (1) the Settling Parties agree to pay U.S. EPA \$70,000.00 in satisfaction of claims for past costs incurred at the Site in connection with site sampling and analyses and the removal and disposal of 13 drums of PCB-contaminated oil, 1

drum of PCB-contaminated capacitors and 4 transformer carcasses; (2) the Settling Parties agree to waive all claims against the United States that arise out of response activities conducted at the Site; and (3) U.S. EPA affords the Settling Parties a covenant not to sue for past costs incurred during the removal action and contribution protection as provided by CERCLA Sections 113(f)(2) and 122(h)(4) upon satisfactory completion of obligations under the Settlement. However, U.S. EPA is free to pursue any other necessary and appropriate judicial and administrative relief against the Settling Parties. The Site is not on the NPL, and no further response activities at the Site are anticipated at this time. Because the total response costs that were incurred at the Site are less than \$500,000, approval of the settlement by the Attorney General is not required.

DATES: Comments on the proposed AOC must be received by U.S. EPA on or before December 8, 1995.

ADDRESSES: A copy of the proposed AOC is available for review at U.S. EPA, Region 5, 77 West Jackson Boulevard, Chicago, Illinois 60604. Please contact Mike Anastasio at (312) 886-7951, prior to visiting the Region 5 office.

Comments on the proposed AOC should be addressed to Mike Anastasio, Office of Regional Counsel, U.S. EPA, Region 5, 77 West Jackson Boulevard (Mail Code CS-29A), Chicago, Illinois 60604.

FOR FURTHER INFORMATION CONTACT: Mike Anastasio at (312) 886-7951, of the U.S. EPA Region 5 Office of Regional Counsel.

A 30-day period, commencing on the date of publication of this notice, is open pursuant to Section 122(i) of CERCLA, 42 U.S.C. 9622(i), for comments on the proposed AOC. Comments should be sent to the addressee identified in this notice.

Barry C. DeGraff,

Acting Regional Administrator, U.S. Environmental Protection Agency, Region 5.
