By the terms of the proposed AOC, these PRPs will together pay \$1,328,627.60 to the Hazardous Substance Superfund. This payment represents approximately 22% of the total anticipated costs for the Site upon which this settlement is based.

In exchange for payment, EPA will provide the settling parties with a limited covenant not to sue for liability under sections 106 and 107(a) of CERCLA, including liability for EPA's past costs, the cost of the remedy, and future EPA oversight costs, and under section 7003 of the Solid Waste Disposal Act, as amended (also known as the Resource Conservation and Recovery Act).

The amount that each individual PRP will pay, as shown above, reflects the number of drums that each PRP sent to the Site that had hazardous materials in them. The cost per drum is \$3.24. The total amount of settlement dollars owed by each party to the settlement was arrived at by multiplying the price per drum by the number of drums a party sent to the Site (Base Amount) plus a premium payment of 30% of the Base Amount.

For a period of thirty (30) days from the date of this publication, the public may submit comments to EPA relating to this proposed *de minimis* settlement.

A copy of the proposed AOC may be obtained from Maureen O'Reilly (8HWM-ER), U.S. Environmental Protection Agency, Region VIII, 999 18th Street, Suite 500, Denver, Colorado 80202-2405, (303) 294-7505. Additional background information relating to the *de minimis* settlement is available for review at the Superfund Records Center at the above address.
