ADDRESSES: Direct all written comments to Wayne Kenney, National Cemetery Area Office (787), Department of Veterans Affairs, P.O. Box 11720, 5000 Wissahickon Avenue, Philadelphia, PA 19101. All comments will become a matter of public record and will be summarized in the NCS request for Office of Management and Budget (OMB) approval. In this document NCS is soliciting comments concerning the following information collection:

OMB Control Number: 2900-0546.

Title and Form Number: Adjacent Gravesite Set-Aside Survey (1 Year), VA Form Letter 40-40.

Type of Review: Extension of a currently approved collection.

Need and Uses: The information requested by the form letter is needed to determine if individuals holding gravesite set-asides in national cemeteries wish to retain the set-aside and whether their eligibility for the set-aside has been affected.

Current Actions: In 1982, the Adjacent Gravesite Set-Aside Program was established which allows cemeteries to administer gravesites set-aside at cemeteries where 4'x8' single-depth interments are authorized. This program permits an adjacent gravesite being set aside at the time of the first interment of a veteran—s family for its future use. An automated Adjacent Gravesite Set-Aside Survey System (AGSSS) was developed and managed by the staff at Philadelphia National Cemetery Area Office. A database was formulated to record the names of the holders and contain information about the particular adjacent gravesite set-aside (AGS). Computer generated form letters are sent to AGS holders annually to ascertain their wish to retain their set-aside, or wish to relinquish it. If a holder cancels his/her set-aside or becomes ineligible, the gravesite set-aside is then relinquished, and will be used for another eligible veteran and/or dependent. Upon return of the form letter, action is taken by the national cemetery staff to update the database.

Affected Public: Individuals or households.

Estimated Annual Burden: 6,334 hours.

Estimated Average Burden Per Respondent: 10 minutes.

Frequency of Response: Annually.

Estimated Number of Respondents: 38,000.

FOR FURTHER INFORMATION CONTACT: Requests for additional information or copies of the form should be directed to Department of Veterans Affairs, Attn:

Ron Taylor, VA Clearance Officer (045A4), Department of Veterans Affairs, 810 Vermont Avenue, NW, Washington, DC 20420, telephone (202) 565-4412 or FAX (202) 565-8267.

Proposed Information Collection Activity; Public Comment Request; Request for Postponement of Offsite or Exterior Onsite Improvements—Home Loan, VA Form 26-1847

AGENCY: Veterans Benefits Administration, Department of Veterans Affairs.

ACTION: Notice.

SUMMARY: As part of its continuing effort to reduce paperwork and respondent burden, Veterans Benefits Administration (VBA) invites the general public and other Federal agencies to comment on this information collection. This request for comment is being made pursuant to the Paperwork Reduction Act of 1995 (Public Law 104-13; 44 U.S.C. 3506(c)(2)(A)). DATES: Written comments and recommendations on the proposal for the collection of information should be received on or before January 16, 1996.

public record and will be summarized in the VBA request for Office of Management and Budget (OMB) approval. In this document VBA is soliciting comments concerning the following information collection:

OMB Control Number: 2900-0040.

Title and Form Number: Request for Postponement of Offsite or Exterior Onsite Improvements—Home Loan, VA Form 26-1847.

Type of Review: Extension of a currently approved collection.

Need and Uses: The form serves as the lender's and veteran's request for guaranty of home loan for which offsite or exterior onsite improvements are incomplete to permit the veteran's occupancy of the property. Without this information, it would not be possible for loans to be guaranteed in such cases with adequate protection for the veteran and VA, and for veterans to occupy affected properties.

Current Actions: VA is directed by Title 38 U.S. Code with assuring that properties proposed for VA financing meet certain standards, are suitable as dwellings, and that proposed loans do not exceed the VA-established reasonable value of the property. The reasonable value, in case of new construction, is based on the anticipated value of the dwelling and all improvements after completion. New homes often cannot be completed in every respect because of weather conditions or other circumstances. However, VA policies permit the closing of loans in such cases when the house itself is basically complete, but certain offsite or exterior onsite improvements are incomplete. For such cases, funds amounting to one and one-half times the cost of completion must be deposited with a third party, or other incentives to completion must be present which are acceptable to VA. Escrow funds may only be used to complete the remaining improvements. These procedures make it possible for loans to be guaranteed in such cases with adequate protection for the veteran and VA, and for veterans to occupy affected properties.

Affected Public: Individuals or households and Business or other for-profit.

Estimated Annual Burden: 2,500 hours.

Estimated Average Burden Per Respondent: 30 minutes.

Frequency of Response: Generally one-time.

Estimated Number of Respondents: 5,000.
