## Foreign-Trade Zones Board

[Docket 70-95]

### Foreign-Trade Zone 83—Huntsville, AL; Application for Subzone Status, MagneTek, Inc., Plant (Fluorescent Ballasts and Components), Madison, AL

An application has been submitted to the Foreign-Trade Zones Board (the Board) by the Huntsville-Madison County Airport Authority, grantee of FTZ 83, requesting special-purpose subzone status for the electronic fluorescent lighting ballasts and components manufacturing facility of MagneTek, Inc., located in Madison, Alabama. The application was submitted pursuant to the provisions of the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a-81u), and the regulations of the Board (15 CFR Part 400). It was formally filed on November 3, 1995.

The plant (80,000 sq.ft. on 36 acres) is located at 1430 Wall-Triana Highway in Madison (Madison County), Alabama, some 12 miles southwest of Huntsville. The facility (484 employees) is used to produce electronic fluorescent lighting ballasts (HTS# 8504.10.00) and related printed circuit assemblies (HTS# 8504.90.60). The electronic ballasts are used in the manufacture of commercial fluorescent lighting equipment. Components and materials sourced from abroad (about 20% of finished product value) include: wire, capacitors, resistors, diodes, semiconductors, printed and integrated circuits, switches, fuses, insulators, voltage limiters, surge suppressors, transformers, rectifiers, inductors, thermostats, flux, solder bars, and tape (duty rate range: free — 9.8%).

Zone procedures would exempt MagneTek from Customs duty payments on the foreign components used in export production. On its domestic sales, the company would be able to choose the lower duty rate that apply to finished electronic fluorescent lighting ballasts and printed circuit assemblies (3.0%) for the foreign inputs noted above. The application indicates that the savings from zone procedures would help improve the plant's international competitiveness.

In accordance with the Board's regulations, a member of the FTZ Staff has been designated examiner to investigate the application and report to the Board.

Public comment on the application is invited from interested parties. Submissions (original and three copies) shall be addressed to the Board's Executive Secretary at the address below. The closing period for their receipt is January 16, 1996. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period (to January 29, 1996).

A copy of the application and the accompanying exhibits will be available for public inspection at each of the following locations:

Office of the Port Director, U.S. Customs Service, Suite 204, 2850 Wall-Triana Highway, Huntsville, AL 35824
