

The Joint Community Development Program provides special purpose grants to institutions of higher education or to States and units of general local government submitting applications with institutions of higher education to HUD to undertake Community Development Block Grant eligible activities. On April 7, 1995, HUD published a Notice of Funding Availability announcing the availability of \$12 million (\$6 million of which was appropriated for Fiscal Year 1994 and \$6 million of which was appropriated for Fiscal Year 1995) for the Joint Community Development Program (60 FR 17960). Through this funding round, HUD is providing five institutions of higher education with grants of \$2.4 million each, to support Centers for Community Revitalization at those institutions of higher education. For this funding round, HUD required institutions of higher education to apply on their own rather than submitting jointly with a State or unit of general local government. However, institutions of higher education were encouraged to form partnerships with units of general local government by making part of this funding available to these governments.

In accordance with section 102(a)(4)(C) of the Department of Housing and Urban Development Reform Act of 1989 (Pub. L. 101-235, approved December 15, 1989), the Department is publishing details concerning the recipients of funding awards, as follows:

List of Awardees for Grant Assistance Under the FY 1995 Joint Community Development Program, by Name and Address

New England

- Clark University, Mr. Jack Foley
Clark University, Office of the President,
950 Main Street, Worcester, MA 01610-
1477, (508) 793-7444
- Yale University, Professor Douglas Rae
Yale University, 71 Livingston, New
Haven, CT 06511, (203) 432-9899

Midwest

- University of Illinois-Chicago, Professor
Wim Wiewel
University of Illinois at Chicago, Great
Cities Office, 601 S. Morgan Street M/C
102, Chicago, IL, (312) 413-3375

Great Plains

- Washington University, Ms. Suzanne
Goodman
Redevelopment Corporation at Washington
University Medical Center, 11 South
Newstead Avenue, St. Louis, Missouri
63108, (314) 652-4411

Pacific/Hawaii

- University of California at Berkeley,
Professor Victor Rubin

University of California at Berkeley,
University-Oakland Metropolitan Forum,
316 Webster Hall, Berkeley, CA 94720-
1870, (510) 643-9103

Dated: November 3, 1995.

Michael A. Stegman,
Assistant Secretary for Policy Development
and Research.

BILLING CODE 4210-62-P

DEPARTMENT OF THE INTERIOR

Bureau of Land Management

[WO-420-6310-00]

Tramroads and Logging Roads Over O. and C. and Coos Bay Revested Lands

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of Proposed Information Collection.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, BLM is announcing its intention to request approval for the collection of information from applicants for permits that allow access across Federal roads, rights-of-way and lands in western Oregon for logging activities.

DATES: Comments on the proposed information collection must be received by January 16, 1996 to be assured of consideration.

ADDRESSES: Comments may be mailed to: Regulatory Management Team (420), Bureau of Land Management, 1849 C Street NW, Room 401LS, Washington, D.C. 20240.

Comments may be sent via Internet to: WO140@attmail.com. Please include "ATTN: O&C-Info" and your name and return address in your Internet message.

Comments may be hand-delivered to the Bureau of Land Management Administrative Record, Room 401, 1620 L Street, NW, Washington, DC.

Comments will be available for public review at the L Street address during regular business hours (7:45 A.M. to 4:15 p.m.), Monday through Friday.

FOR FURTHER INFORMATION CONTACT: Patrick W. Boyd (202) 452-5030.

SUPPLEMENTARY INFORMATION: In accordance with 5 CFR 1320.8(d), the Bureau of Land Management (BLM) is required to provide 60-day notice in the Federal Register concerning a proposed collection of information to solicit comments on—

(a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(b) The accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

(c) Ways to enhance the quality, utility, and clarity of the information to be collected; and

(d) Ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Accordingly, none of the information proposed to be collected as described below will be required until comments have been received and analyzed and approval has been obtained from OMB under 44 U.S.C. 3501 *et seq.* and a clearance number assigned.

In the advance notice of proposed rulemaking published elsewhere in this issue of the Federal Register, BLM is announcing its intention to revise its existing rules governing logging roads over revested Oregon and California Railroad grant lands and reconveyed Coos Bay Wagon Road grant lands (collectively known as the O&C lands). The changes will bring the existing cost-sharing road program under the regulatory framework of Section 502 of the Federal Land Policy and Management Act of 1976 (FLPMA) and incorporate environmental protection and other requirements for rights-of-way over public lands found in Title V of FLPMA. Another change will allow compensation for the use of roads and rights-of-way where the landowner has granted BLM rights of access for recreational purposes. In addition, the entire subpart will be revised, using a "plain English" approach, to remove obsolete terms and improve its clarity, organization, and readability.

The Oregon and California Revested Lands Sustained Yield Management Act of August 28, 1937 (43 U.S.C. 1181a and 1181b) granted to the Secretary of the Interior the general authority to provide for the use, occupancy and development of the O&C lands through permits and rights-of-way. The BLM has had a cost-share logging road right-of-way program in western Oregon under this authority since the early 1950's. The regulations for this program are contained in 43 CFR Subpart 2812. With the enactment of the Federal Land Policy and Management Act of 1976 (FLPMA), all right-of-way authorizations must be issued under the authority and requirements of Title V of FLPMA (43 U.S.C. 1761-1771). The Secretary was given specific authority to enter into

cost-share agreements under Section 502 of the Act.

The BLM has continued the use of regulations in 43 CFR Subpart 2812 on an interim basis pending the preparation and publication of new cost-share regulations. Since the regulations contained in this subpart clearly represent a cost-share road agreement concept, it is proposed by the Secretary that these regulations be revised as necessary and adopted pursuant to the authority contained in Section 310 of FLPMA (43 U.S.C. 1740) for the purpose of implementing Section 502. Continuing the use of pre-existing regulations with only minor modifications and changes would provide for the orderly and continuous administration of all outstanding permits and agreements issued prior to the effective date of this rulemaking.

Applicants for permits to utilize logging roads on Federal land will be required to provide the following—

(a) Identifying information, including name; address; partnership agreement (for partnerships); and articles of incorporation, certificate of authority to do business in Oregon, and copy of bylaws (for corporations);

(b) Description of BLM lands or roads to be used and estimated period of use;

(c) Description of all lands or roads owned or controlled by the applicant that will be served by the right-of-way permit, including an estimate of timber or other materials that will be hauled on each portion;

(d) A map showing all roads to be used which are directly or indirectly controlled by the applicant;

(e) Description of any road construction that will be required on BLM lands;

(f) Description of any proposed improvements to BLM roads; and

(g) Whether any hazardous substances or solid waste will be transported within the right-of-way.

The information collected will allow BLM to determine the applicant's eligibility for a road use permit and whether it is in the Government's interest to enter into a reciprocal agreement with the applicant. A reciprocal agreement would require the applicant to grant BLM access across the applicant's roads, rights-of way or lands. The information is mandatory to obtain a benefit, use of BLM roads, rights-of-way and lands for access to timber.

The public reporting burden for this collection of information is estimated to average one hour per application. The respondents are individuals, partnerships, and corporations engaged in the logging business who desire access to timber across BLM lands. The

estimated number of respondents is 200 per year. The estimated number of responses per respondent is one per year. The estimated total annual burden on respondents is 200 hours.

All responses to this notice will be summarized and included in the request for Office of Management and Budget approval. All comments will also become a matter of public record.

Dated: November 13, 1995.

Annetta Cheek,

Regulatory Management Team.

BILLING CODE 4310-GG-M

Fish and Wildlife Service

Notice of Receipt of Applications for Permit

The following applicants have applied for a permit to conduct certain activities with endangered species. This notice is provided pursuant to Section 10(c) of the Endangered Species Act of 1973, as amended (16 U.S.C. 1531, *et seq.*):

PRT-808493

Applicant: Ms. Beatrix Schramm, Charles Darwin Research Station, Ecuador

The applicant requests a permit to import blood samples taken from captive-held Galapagos tortoise (*Geochelone nigra*) at the Charles Darwin Research Station and from wild tortoises as available on Santa Cruz

Island, Ecuador, for the purpose of scientific research on reproductive cycles for propagation and survival of the species.

PRT-808566

Applicant: Darrell Judkins, Lakeville, MN.

The applicant requests a permit to import a sport-hunted cheetah (*Acinonyx jubatus*) trophy from Zimbabwe to enhance the survival of the species.

PRT-802429

Applicant: Christian Jackson, Metairie, LA.

The applicant requests a permit to import a sport-hunted cheetah (*Acinonyx jubatus*) trophy from Namibia to enhance the survival of the species.

PRT-802428

Applicant: Tamara Scott, Newark, CA.

The applicant requests a permit to import a sport-hunted cheetah (*Acinonyx jubatus*) trophy from Namibia to enhance the survival of the species.

PRT-792071

Applicant: Frank O'Brien, Wilkes-Barre, PA.

The applicant requests a permit to import a sport-hunted cheetah (*Acinonyx jubatus*) trophy from Zimbabwe to enhance the survival of the species.

PRT-800757

Applicant: Richard Edwards, Edmond, OK.

The applicant requests a permit to import a sport-hunted cheetah (*Acinonyx jubatus*) trophy from Zimbabwe to enhance the survival of the species.

PRT-797904

Applicant: Charles Cook, Centerville, OH.

The applicant requests a permit to import a sport-hunted cheetah (*Acinonyx jubatus*) trophy from Zimbabwe to enhance the survival of the species.

PRT-802244

Applicant: David Greenberg, Tucson, AZ.

The applicant requests a permit to import a sport-hunted cheetah (*Acinonyx jubatus*) and slender-snout crocodile (*Crocodylus cataphractus*) trophy from Zimbabwe to enhance the survival of the species.

PRT-794568

Applicant: Eugene Bergholz, Dousman, WI.

The applicant requests a permit to import a sport-hunted cheetah (*Acinonyx jubatus*) trophy from Zimbabwe to enhance the survival of the species.
