AGENCY: Federal Communications Commission.

ACTION: Public notice.

SUMMARY: This Public Notice, released November 7, 1995, announced the qualified bidders for the upcoming MDS auction scheduled to begin November 13, 1995, and provided additional bidding instructions. The Public Notice also included a list of the unqualified bidders. This Public Notice is directed toward the Commission's goal of efficiently distributing the unused MDS spectrum through competitive bidding, and is designed to assist prospective bidders in preparing for the upcoming MDS auction.

FOR FURTHER INFORMATION CONTACT: Stacey Reuben-Mesa at (202) 418-0654, John Spencer at (202) 418-0660 or Sharon Bertlesen at (202) 416-0892.

The complete text of the Public Notice dated November 7, 1995 follows. Copies of this item are available for public inspection in Room 207, 2033 M Street, N.W., Washington, D.C. and may also be obtained from the FCC copy contractor, ITS, Inc. at (202) 418-0620, and the FCC auction contractor, Tradewinds International, Inc. at (202) 637-FCC1 (637-3221).

Report No. AUC-95-06, Auction No. 6 November 7, 1995.

This Public Notice identifies applicants who have been found qualified to bid in the auction for 493 authorizations in the single channel and Multichannel Multipoint Distribution Service (collectively MDS), scheduled to begin November 13, 1995. This Notice also provides bidding instructions and other important information regarding the auction.

Qualified Bidders

Each entity listed on Attachment A has filed a timely short-form application to participate in the auction (FCC Form 175-M) that has been accepted for filing, and has timely submitted an amount sufficient to qualify it to bid on at least one authorization for which it has applied. (A small number of applicants did not submit their payments by cashier's check or wire transfer; for this auction only we are treating these as qualified bidders conditioned on the immediate

collection of funds.) Each entity listed on Attachment B has been found not qualified to bid in this auction.

In order to participate effectively in the auction, qualified bidders should refamiliarize themselves with the auction rules and other information contained in the MDS Bidder Information Package, particularly pages 35-47 and 60-62. The following information provides additional guidance.

Registration

Qualified bidders have been automatically registered for the auction. For security reason, the Commission will confirm registration by two separate mailings of registration materials, both sent to the contact person at the address identified in the applicant's FCC Form 175-M. The two mailings will include the bidder's identification number, login code, login password and the telephone number for telephonic bidding. By Thursday, November 9, 1995, each bidder should be in possession of the following information:

- FCC account number (self-assigned on the FCC Form 175-M, and listed on Attachment A).
- Bidder identification number (supplied by FCC mailing).
- Login code (supplied by FCC mailing).
- Login password (supplied by FCC mailing).
- Telephone numbers for bidding (supplied by FCC mailing).

Any applicant listed as a qualified bidder in Attachment A to this Public Notice, who has not received both registration mailings by Thursday, November 9, 1995, should contact the FCC's auction contractor, Tradewinds International, Inc., at (202) 637-3221. It is each applicant's responsibility to ensure that all registration information has been received.

Lost login codes, login passwords and bidder identification numbers can be replaced only at the FCC Auction Headquarters, located at 2 Massachusetts Avenue NE., Washington, D.C. 20002. If a replacement is necessary, either an authorized representative or the certifying official (as designated on the applicant's FCC Form 175-M) must appear in person with two forms of identification, one of which must be a photo identification.

Electronic Bidding

Each qualified bidder that wishes to bid electronically must purchase electronic bidding software. Bidders may duplicate the software for backup or for use by authorized representatives

at different locations (though not concurrently). However, the FCC Remote Bidding System will not accept electronic bids from qualified bidders who are not registered purchasers of the bidding software.

The FCC Remote Bidding System requires access to a 900 telephone line. Bidders should verify in advance that the telephone systems they will be using to submit electronic bids permit access to 900 telephone numbers, and should consult their telephone administrators if they need assistance.

One round of bidding will be conducted on each of the first two days of the auction. The schedule for Monday, November 13, and Tuesday, November 14, 1995 will be as follows:

Round Results

The FCC will set the pace of the auction based upon its monitoring of the bidding and its assessment of the auction's progress. Generally, at the end of each week of the auction, the FCC will announce the bidding schedule for the following week.

Auction Stages

The FCC will also give ample notice of stage transitions. Stage transitions increase the minimum required activity levels (from 50 to 80 percent, and from 80 to 95 percent of total eligibility). Bidders who are inattentive to these stage transitions may inadvertently lose either activity rule waivers or, if waivers are exhausted, bidding units (also known as "activity units").
