

nationwide organization of urban Indians supporting the growth of the urban Indian health care delivery system, and providing education, training, and technical assistance to the urban Indian programs.

Use of Cooperative Agreement

A cooperative agreement has been awarded because of anticipated substantial programmatic involvement by IHS staff in the project. Substantial programmatic involvement is as follows:

1. IHS staff will attend at least one Board meeting or national meeting annually. The purpose will be to present the IHS perspective on current health care and legislative issues affecting the urban Indian people.

2. IHS staff will provide input and approve model management policies and procedures developed by AIHCA.

3. IHS staff will receive copies of articles submitted for publication in the National Indian Health Board newsletter.

4. IHS staff will participate in the redesign planning process.

5. IHS staff will be involved in the selection and approval process for hiring key personnel. Key personnel include the Executive Director and consultants. AIHCA must submit Executive Director selection criteria to IHS for approval.

BILLING CODE 4160-16-M

National Institutes of Health; Statement of Organization, Functions, and Delegations of Authority

Part H, Chapter HN (National Institutes of Health) of the Statement of Organization, Functions, and Delegations of Authority for the Department of Health and Human Services (40 FR 22859, May 27, 1975, as amended most recently at 60 FR 46621, September 7, 1995) is amended to

reflect the reorganization of the Office of the Director, National Institute of Child Health and Human Development (NICHD) (HNT). The reorganization consists of the following: (1) Retitle the Office of Science Policy and Analysis (HNT14) to the Office of Science Policy, Analysis and Communication (OSPAC) and revise its functional statement and (2) transfer the functions of the Office of Research Reporting (ORR) (HNT13) to OSPAC (HNT14) and abolish ORR. This reorganization improves the ability of the NICHD to fulfill its mission by restructuring the OD/NICHD and thereby improving the integration of related program areas and streamlining operations.

Section HN-B, Organization and Functions is amended as follows: (1) Under the heading *Office of Research Reporting (HNT13)*, delete the title and functional statement in their entirety.

(2) Under the heading *Office of Science Policy and Analysis (HNT14)*, delete the title and the functional statement and substitute the following:

Office of Science Policy, Analysis and Communication (HNT14). (1) Conducts or assimilates studies on emerging science or policy issues within the fields of population research; the health of mothers, children, and families; and medical rehabilitation; (2) collects, classifies, summarizes, analyzes, and interprets research and research training data, scientific literature, and technical reports; (3) develops and maintains a comprehensive communications program, disseminating information to the lay and professional publics, the media, voluntary organizations, and other constituencies; (4) develops and issues reports, briefing materials, and other compilations of the Institute's activities, programs, and policies for use in preparation for congressional hearings and program planning and implementation; (5) tracks, analyzes, and reports scientific, administrative, and fiscal data on Institute programs; (6) serves as Institute legislative liaison, maintaining an awareness of ongoing legislative activities, and coordinating the planning and preparation of legislative proposals for the Institute; (7) coordinates activities leading to the selection of program objectives and the development of plans reflecting Institute priorities; (8) serves as Institute referral office; (9) sponsors consensus conferences and conducts analyses for the Institute technology assessment and transfer activities; (10) prepares and maintains comprehensive multi-year program plans; (11) develops mechanisms to coordinate all office functions with other relevant agencies; and (12) advises staff on application of

the Freedom of Information Act to NICHD's programs.

Dated November 8, 1995.

Harold Varmus,

Director, NIH.
